Shinto - the Way of Gods Mar 24 2021 The Shinto faith fascinates and mystifies the entire world. Shinto is Japanese for 'The way of the Gods.' Shinto represents Japanese religion and cult that has its origins in

prehistoric times. Referred to as the 'indigenous faith of the Japan' - the belief occupies a significant position even in the technologically advanced modern Japanese society. Shinto has held sway over the religious, social, and political way of life in Japan for over two millennia and continues its reign over the minds of the Japanese even today. The Kami Way in Shintoism is a personal faith in the objects of worship and a belief in noble and sacred spirits. Shinto followers believe that their emperor is a divine descendant who governs the land with the help of rituals done for the deities, or Kami. Shinto ritualism takes place in hundreds of shrines all across the country. These local rites performed at each of the community shrines mirror the emperor's ceremonies. Shinto followers believe that these divine rituals help in aligning the supernatural, human, and the natural worlds harmoniously together to achieve prosperity. This book is intended to give a basic, yet detailed view of the Shinto world for a beginner. This book traces the path of Shinto starting from its ancient origins to its present day. Get a copy now and begin your Shinto adventure today!

The Essence of Shinto May 14 2020 In The Essence of Shinto, revered Shinto master Motohisa Yamakage

explains the core values of Shinto and explores both basic tenets and its more esoteric points in terms readily accessible to the modern Western reader. He shows how the long history of Shintoism is deeply woven into the fabric of Japanese spirituality and mythology--indeed, it is regarded as Japan's very spiritual roots--and discusses its role in modern Japan and the world. He also carefully analyzes the relationship of the spirit and the soul, which will provide informed and invaluable insight into how spirituality affects our daily existence. Through the author's emphasis on the universality of Shinto and its prevalence in the natural world, the book will appeal to all readers with an appreciation of humanity's place in nature and the individual's role in the larger society.

Rereading Travellers to the East Sep 10 2022 Rereading Travellers to the East aim to offer a new perspective on travel literature, the question of nation-building and the history of orientalism. Rereading Travellers focuses on the rereadings to which early modern travel literature about Asia has been subjected by different actors involved in the political, economic, cultural and intellectual life of post-unification Italy. The authors highlight how this literature has been reinterpreted and reused for political and ideological purposes in the context of the formation and reformation of collective identities, from the

Risorgimento to the Fascist regime and the early republic. By showing the potential of the notion of rereading, the volume outlines a history of the political and cultural legacy of travel literature which goes well beyond Italy.

Lo shinto. Una nuova storia Aug 21 2023

The Yengishiki/The Englishiki Aug 09 2022 Shinto ("the way of the gods") is the indigenous faith of the Japanese people and as old as Japan herself. It remains Japan's major religion besides Buddhism. "Shinto gods" are called kami. They are sacred spirits which take the form of things and concepts important to life, such as wind, rain, mountains, trees, rivers and fertility. Humans become kami after they die and are revered by their families as ancestral kami. The kami of extraordinary people are even enshrined at some shrines. The Sun Goddess Amaterasu is considered Shinto's most important kami.

HOLY KOJIKI -- INCLUDING THE Y Sep 17 2020 Also known as the ""Records of Ancient Matters,"" this is the ""official"" story of the Japanese peoples, first written down in the 8th century and documenting the creation of the world, the gods, and Japan. The oldest known document in the Japanese language, this is a vital text of the Shinto religion, a beautiful evocation of the mythology and traditions of ancient Japan. This edition also includes the Yengishiki, a compilation of Shinto rituals, including ""The Harvest Ritual,"" ""The Ritual for the Wind-Gods,"" ""The Ritual for EvilSpirits,"" and others.

The Meaning of Shinto Jun 07 2022

The Conqueror Comes to Tea Jul 08 2022 The story of Japan is no longer—if it was ever—the delicate words and prints of the travel literature of the nineteenth and early twentieth centuries. A scheme for ruling the world has been followed by a costly war; the war by unconditional surrender; the surrender by occupation. From these tumbling events is emerging the new story, with characters and plots aplenty in the stark, sometimes terrifying and always swiftly moving drama of Japan today. It has all the makings of a novel...

Shinto Jun 19 2023 Discusses the history of the Shinto religion in Japan, describing its origins, basic beliefs, rituals, and festivals, and its place in Japanese society.

U.S.A. Apr 17 2023

Shinto; Jan 14 2023 This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original

book (without typos) from the publisher. Not indexed. Not illustrated. 1905 edition. Excerpt: ... 268 CHAPTER XII. CEREMONIAL. Ceremonies are combinations for some specific purpose of the elements of worship described in the two preceding chapters.* The Yengishiki is the chief authority for the following account of some of the more important ceremonies of Shinto. I have also availed myself freely of the results of Sir E. Satow's researches contained in vols. vii. and ix. of the T. A. S.f. '1 Ohonihe or Daijowe.--The Yengishiki places theOhonihe in a class by itself, as much the most solemn and important festival of the Shinto religion. Oho means great, and nihe food offering. It was substantially a more elaborate and sumptuous Nihi-name (new-tasting), or festival of first fruits, performed soon after the accession of a Mikado to the throne, and, like our coronation ceremony, constituting the formal religious sanction of his sovereignty. A modern Japanese writer explains its object as follows: "Anciently the Mikado received the auspicious grain from the Gods of Heaven, and therewithal nourished the people. In the Daijowe (or Ohonihe) the Mikado, when the grain became ripe, joined unto him the people in sincere veneration, and, as in duty bound, made return to the Gods of Heaven. He thereafter partook of it along with the nation. Thus the people learnt that the grain which they eat is no other than the seed bestowed on them by the Gods of Heaven" * "Un rite est un assemblage de symboles groupes autour d'une idee religieuse ou d'un acte

religieux, destine i en rehausser le caractere solenne! ou bien a en developper le sens."--Reville, 'Prolegomenes.' In so far as the motive of the Japanese worshipper is concerned, this is, I think, nearer the mark than Mr.Frazer's: "Primitive peoples are, as a rule, reluctant to taste the annual...

An Introduction to Shinto May 26 2021 Shinto is the native religious tradition of Japan. This introduction focuses on its ceremonies, called matsuri, and sacred spaces, known as jinja, and also discusses three individual jinja in some detail: Jingū at Ise, arguably the most sacred site in Shinto, Yasukuni Jinja in Tokyo, clearly the most controversial, and Shirahata Hachiman Daijin, a "typical" jinja in Kawasaki. Other chapters cover Shinto theology, Shinto's history and place in contemporary Japanese society, and a discussion of the famous myth of Amaterasu Ōmikami and the cave of heaven.David Chart is a naturalised citizen of Japan, and has lived there, studying Shinto, for over fifteen years. He currently works for the largest Shinto organisation in Japan (Jinja Honchō), as a consultant on their outreach to non-Japanese. (Note that this book is an independent project, however, and its contents are not endorsed by Jinja Honchō or any of the other Shinto organisations mentioned in the text.) The paperback edition is printed in black and white, including the images.

Shinto Jun 14 2020 An exploration of the history and

beliefs of the Japanese religion of Shinto, including its mythology, practices, and festivals. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public.
