Diary of a Minecraft Blacksmith - The Blacksmith and The Apprentice

Simon and Schuster

Harriet, Jack, and Toby are treasure hunters, searching the Minecraft world for its most valuable hidden secrets. In an abandoned mineshaft, they discover what they hope is an enchanted book. But what they've found turns out to be much more valuable. William is one of Minecraft's most renowned explorers. He's a legend in the world of Minecraft, but, under suspicious circumstances, he's gone missing. The book they've discovered is a journal—a lost journal that once belonged to William the

Explorer. Ignoring the ominous DO NOT OPEN THIS BOOK! warning scribbled across the journal, the treasure hunters delve into the book's pages. Filled with the knowledge William has gathered during his adventures, the journal offers invaluable information for the treasure hunters. The promise of hidden strongholds filled with treasure is too good to resist, and the trio begins an epic journey in search of rare goods and possibly even the long-lost explorer himself. This is the first book in the new Lost Minecraft Journals series. The chapters of each book alternate between the journal entries (William's story) and the story of the treasure hunters. Fans of Minecraft won't want to miss this wild new adventure. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

 Ever wonder what life is like in Minecraft? Read *Legends and Heroes* to find out! (Although this book is free, Google requires a credit card on your account before you can download. If you prefer, you can download the ebook in PDF format from StoneMarshall.com/LH0001-pdf-google without a Google account) Created by Stone Marshall, the author of the popular Flynn's Log series. The Stone Marshall Studio is developing a new series: *Legends & Heroes* A hybrid of comic-book style illustrations and short stories. Each issue is fun, challenging, and engaging. These interrelated stories follow a series of characters on a journey through life in Minecraft. Relatable characters, thrilling action, and colorful illustrations will suck in readers and leave them excited to read the next adventure! Secrets await! Solve the puzzle, uncover secrets! *The Blacksmith and The Apprentice: Issue 1* The ancient art of blacksmithing is a thing of beauty. A lot of hard work goes into the process. It's very complicated, really. Stoking the flames to many small, contained fires—making lumps of metal into differently shaped items of metal—hitting said lumps of metal with hammers to turn them into different weapons. You can shape metals into whatever item you want. Okay, it might

not be a very interesting job, but apprenticing with the best blacksmith in the kingdom is a huge opportunity. Blacksmiths make the tools everyone needs to get about in their day-to-day lives. It's a very prestigious and impressive position, although this honor is lost when the position is held by Dane, a youthful boy who dreams of greater adventure! Luckily, Dane has a skilled master to reign in his daydreaming. Viegar has quite an interesting past. From his years on the Royal Guard to his close relationship with the previous king, he's quite a friend to have on your side. There is one other apprentice, Snip, who is much more passionate about his duties than Dane. Between the three of them, they churn out powerful weapons and protective armor, usually with no thanks to Dane. Of course, no cast of characters would be complete without the big man in charge—in this case, a king. By almost anyone's account, he's a good and fair ruler, but there is no one in power without enemies. Though Viegar and his workers only want to help their wonderful king, there are still plenty who wish to do him harm. But Dane can only imagine such things. It's not as if he'd ever be in the position to really make any sort of difference or be in any place of power. Right? And though his apprenticeship is mundane and boring, the young man gets a few moments of excitement. Every once in a while, his master Viegar lets him venture out past the village to visit the caravan, where he can trade and buy supplies. It's the most excitement Dane ever gets in his line of work. Sometimes, he gets to meet interesting people. Sometimes, he hears interesting things. And maybe, just maybe, he sometimes hears of a new opportunity for himself. But who would want to give up such a life as an

esteemed apprentice? But of course, destiny and desire are not always what you expect . . .

In "Minecraft Diary of The Traveler" there is a land of Creativity, Freedom, Adventures, and BLOCKS...A lone traveler journeys on an epic quest to save the multiverse of Minecraft... Once, he had a name, but it feels like a lifetime since someone has called him by it. Now, everyone just calls him The Traveler because he's never in one place long enough to call it home or make new friends. He is always a stranger visiting strange worlds, alone and forever on the move, just another building block being in the hands of Destiny... He's seen countless perils, defeated fearsome foes, and changed the course of Minecraft history... And now, for the first time, you can read his own account of his epic adventures. In his Minecraft Diary, he writes about The Dead World and his encounter with The Ender Dragon, who seeks to destroy the world of Minecraftia. In Minecraftia the Traveler is petitioned for help by The Wizard Ziras. He meets Shyeth the Dragon Goddess, Druid Tailgo, and is forced to use all of his Minecraft ingenuity to cross into the land of the druids. Follow The Minecraft Traveler as he is propelled through different times and lands, in his quest to save Minecraftia... "I landed here where I'm sitting and writing this diary entry right now," writes the Traveler in his Minecraft Diary. "On other days, I would consider this a boring place-just a mountain range cradled against a typical valley with no villages in sight. But on other days, I haven't just barely escaped a living nightmare either, so of course, the first thing I did was kiss the ground and breathe in the lovely scent of the

soil smushed against my face. Then I must have spent an hour or so running my fingers through the grass blades and up and down the bark of trees. I listened to the distant calls of animals nearby and was comforted by them. I probably looked like a crazy person, but honestly, if I hadn't taken the time to do all of that, I probably really would have gone insane from the horrible images still flashing in my mind and the scary voice still ringing in my ears... It's time to get back to work. I will stop you, Ender. I have no idea how, but I will stop you or I will die trying. That's a promise." Dive even deeper into the world of Minecraft you know and love! Meet the next big thing in the world of official Minecraft novels: zombies! Looking after a little sibling can be a real headache . . . especially when they're trying to eat your brains! Life is good for Bobbie in the sleepy village of Plaintown. Sure, her villager parents only ever say "Hrm," but you pick up the local language quickly. And maybe her little brother, Johnny, is always getting into trouble, but the village's iron golem is there to look out for him. And, yeah, things are too busy for exploring when you're the only one in town who ever takes their hands out of their sleeves. But maybe that's for the best. After all, there are things out there beyond the torchlight that are better handled by adventurers. But one night, a stranger comes to Plaintown—and he's followed by a horde of ravenous zombies. Bobbie's village is overrun, and her world is turned upside down. Life is not so good for Ben, an adventurer with nothing left to his name but the armor on his back. When dawn's light shows him an abandoned village, he sees it as a chance to pick through the wreckage and get himself back on track. What he wasn't expecting to run into was a desperate girl with a baby zombie villager on a leash. Bobbie and Johnny are the only ones left . . . and her brother's a lot greener and a lot bitier than he was last night. There's still some

of Johnny rattling around the little monster's mind; Bobbie just knows it. And Ben might know a way to bring him back. As the two journey across the Overworld, dragging Johnny along (literally), they brave dangerous depths, terrifying mobs, and an expanding mystery. Was the attack on Bobbie's village really just bad luck? Where did the rest of the zombie villagers go? And how exactly do you take care of a little brother who can't stop trying to eat you?
