This book demonstrates a strategy for managing your portfolio of clinical trials, provides tactics and real-world examples, and helps the reader adapt them to their own research site.

NVQ/SVQ Level 3 Business & Administration Candidate Handbook Nelson Thornes

Viewpoint is an innovative course that's based on extensive research into the Cambridge English Corpus, taking students to a higher level of proficiency to become effective communicators.

Viewpoint Level 1 Student's Book A is for young adult and adult students who have reached an upper-intermediate level of English proficiency (B2). Units 1-6 in this level teach the language, skills, and strategies that students need to progress beyond intermediate level and to speak and write in English naturally, effectively, and appropriately. From the same author team as the ground-breaking Touchstone series, Viewpoint 1A also draws on the Cambridge International Corpus which underpins a highly effective approach to teaching English language.

This book is written for students in higher education. Instructors teaching predictive analytics courses can assign this book to their students to expose them to predictive analytics techniques using SAS Enterprise Miner. The book is developed using SAS Enterprise Miner 14.3, but it should apply to other versions with little to no changes. This book does not require students to have any previous knowledge of SAS Enterprise Miner. It walks students through the predictive analytics

process using step-by-step by instructions. Even though the contents of this book can be completed by anyone who has access to SAS Enterprise Miner, knowledge of predictive analytics concepts is essential. Also, this book is not a substitute for any lecture or textbook. It is best if this book is used in parallel to lectures.

Sports Business Management Diploma in Business, Administration & Finance Student handbook. Level 2 Business Administration Student Handbook. NVQ Level 1

Why is it that most of the principles and ideas we are inspired with when we read leadership books rarely end up leaving the page? Because we've learned what successful leaders are doing, as well as why we should be implementing it ourselves, but we have no idea how we can specifically do all this in our unique circumstances. Leadership Step by Step walks readers through what to do and how to do it by taking them through an integrated and comprehensive progression of exercises designed to cultivate key abilities, behaviors, and beliefs through experience. Each chapter opens with a story demonstrating a vital leadership skill, but it doesn't stop there. Because next it guides you through the process of developing that skill for yourself! By the end of the 22 exercises in this hands-on book, readers will learn to: • Build self-awareness • Manage emotions • Speak in an authentic voice • Create meaningful connections • Inspire others • And much more! Don't be content with simply learning what makes a great leader. Take the time to put in the work building those character traits inside you. Be that leader you've read so much about!
