It isn't that Abby Carson can't do her schoolwork. She just doesn't like doing it. And in February a warning letter arrives at her home. Abby will have to repeat sixth grade—unless she meets some specific conditions, including taking on an extra-credit project to find a pen pal in a distant country. Seems simple enough. But when Abby's first letter arrives at a small school in Afghanistan, the village elders agree that any letters going back to America must be written well. In English. And the only qualified student is a boy, Sadeed Bayat. Except in this village, it is not proper for a boy to correspond with a girl. So Sadeed's younger sister will write the letters. Except she knows hardly any English. So Sadeed must write the letters. For his sister to sign. But what about the villagers who believe that girls should not be anywhere near a school? And what about those who believe that any contact with Americans is . . . unhealthy? Not so simple. But as letters flow back and forth—between the prairies of Illinois and the mountains of central Asia, across cultural and religious divides, through the minefields of different lifestyles and traditions—a small group of children begin to speak and listen to one another. And in just a few short weeks, they make important discoveries about their communities, about their world, and most of all, about themselves.

He's been on this killer's trail for a while, and he knows he's getting closer. The only question is if he'll be able to handle getting as close as he's about to be, or if his blood will join the stream that regularly flows into the gutters of the sprawls.

Winner of the National Book Award for Fiction Introduction by Jhumpa Lahiri Bernard Malamud's first book of short stories, The Magic Barrel, has been recognized as a classic from the time it

was published in 1959. The stories are set in New York and in Italy (where Malamud's alter ego, the struggling New York Jewish Painter Arthur Fidelman, roams amid the ruins of old Europe in search of his artistic patrimony); they tell of egg candlers and shoemakers, matchmakers, and rabbis, in a voice that blends vigorous urban realism, Yiddish idiom, and a dash of artistic magic. The Magic Barrel is a book about New York and about the immigrant experience, and it is high point in the modern American short story. Few books of any kind have managed to depict struggle and frustration and heartbreak with such delight, or such artistry.

This "vividly imagined and well-written novel" (Booklist, starred review) tells a gripping story about a boy from Scotland and a girl from West Africa who join together to save a migrating Osprey—and end up saving each other. When Callum spots crazy Iona McNair on his family's sprawling property, she's catching a fish with her bare hands. She won't share the fish, but does share something else: a secret. She's discovered a rare endangered bird, an Osprey, and it's clear to both her and Callum that if anyone finds out about the bird, it, and its species, is likely doomed. Poachers, egg thieves, and wild weather are just some of the threats, so Iona and Callum vow to keep track of the bird and check her migratory progress using the code a preservationist tagged on her ankle, no matter what. But when one of them can no longer keep the promise, it's up to the other to do it for them both. No matter what. "The Masque of the Red Death", originally published as "The Mask of the Red Death: A Fantasy", is an 1842 short story by American writer Edgar Allan Poe. The story follows Prince Prospero's attempts to avoid a dangerous plague, known as the Red Death, by hiding in his abbey. He, along with many other wealthy nobles, hosts a masquerade ball within seven rooms of the abbey, each decorated with a different color. In the midst of their revelry, a mysterious figure disguised as a Red Death victim enters and makes his way through each of the rooms. Prospero dies after confronting this stranger, whose "costume" proves to contain nothing tangible inside it; the guests also die in turn. Poe's story follows many traditions of Gothic fiction and is often analyzed as an allegory about the inevitability of death, though some critics advise against an allegorical reading. Many different interpretations have been presented, as well as attempts to identify the true nature of the titular disease. The story was first published in May 1842 in *Graham's Magazine* and has since been adapted in many different forms, including a 1964 film starring Vincent Price.
