GATES AYDIN

The Icarus Deception Random House Australia

An exploration of the world of magic that teaches the reader many tricks—including how better to understand the real world. When Alex Stone was five years old, his father bought him a magic kit—a gift that would spark a lifelong love. Years later, he discovered a vibrant New York underground magic scene exploding with creativity and innovation and populated by a fascinating cast of characters. Captivated, he plunged headlong into this mysterious world. From the back rooms of New York City's century-old magic societies to cutting-edge psychology labs, Fooling Houdini recounts Stone's quest to join the ranks of master magicians. As he navigates this quirky and occasionally hilarious subculture, Stone pulls back the curtain on a community shrouded in secrecy, fueled by obsession and brilliance, and organized around a single overriding need: to prove one's worth by deceiving others. But his journey is more than a tale of tricks, gigs, and geeks. In trying to understand how expert magicians manipulate our minds to create their astonishing illusions, Stone uncovers a wealth of insight into human nature and the nature of perception. By investigating some of the lesser-known corners of psychology, neuroscience, physics, history, and even crime, all through the lens of trickery and illusion, Fooling Houdini

arrives at a host of startling revelations about how the mind works—and why, sometimes, it doesn't.

The Rebel Mama's Handbook for (Cool) Moms FriesenPress

Geared toward the unique challenges faced by self-employed businesswomen—and updated for the social media-driven, post-financial crisis world—The Girl's Guide to Starting Your Own Business offers solutions and advice for handling a range of issues, including how to write a business plan, how to secure funding, and how to hire (and fire) employees. Caitlin Friedman and Kimberly Yorio share practical information drawn from their own extensive experience in the public relations, marketing, and consulting fields. Their concise and engaging advice is explained through entertaining tips, lists, and quizzes that speak directly to women who are dreaming of starting, or have already started, their own businesses.

Tired of the 9-to-5 grind and want a way to earn or to supplement your income? Easy. The media has named the growing trend toward micro-entrepreneurship "the Rise of the Creative Class," "the Gig Life," or "the freelance economy." All of those refer to the nearly 4 million workers who were self-employed this past year, and millions of others who currently supplement their income with freelance work. While the trend has been spotted before, there's one stark difference between micro-entrepreneurs today and the "Free Agent Nation" citizens of the late '90s: technology. *Micro-Entrepreneurship For Dummies* shows you how to navigate this confusing technological landscape in order to make a contributable profit. *Micro-Entrepreneurship For Dummies* aids you in making the best use of micro-entrepreneurial platforms, with helpful advice that includes information on

signing up for and selling products on websites such as Airbnb, Craigslist, Taskrabbit, Uber, and Etsy. Micro-enterprise, using online platforms to sell products or services, is a proven way to earn extra money and supplement household income. In today's struggling economy, the importance of self-run businesses and small enterprise is growing as more people take lower-paying jobs and need a little extra spending money. Shows you how to sign up for and sell products online. *Micro-Entrepreneurship For Dummies* appeals to anyone looking to earn or supplement their income from home.

A communication strategist shares her eight-stage process for connecting with any number of people with two-way interactions. Did you know: • Goldfish, yes, goldfish, have longer attention spans than we humans do? • One in four people abandons a website if it takes longer than four seconds to load? Imagine if there were ways, in a world of impatience and INFObesity, to quickly intrigue busy, distracted people and earn their interest, trust and buy-in. Imagine if there was a process for pleasantly surprising decision-makers and convincing them you're the right person for the job, position, project or contract. You don't have to imagine it, Sam Horn has created it. Sam's innovative techniques have helped her clients close deals and raise millions of dollars, and will be your "secret sauce" to getting funded, hired, elected, promoted or referred. "These accessible techniques transcend generations and read like a modern-day version of *How to Win Friends and Influence People*." —Miki Agrawal, one of Forbes's "Top 20 Millennials on a Mission" and founder of THINX "Sam Horn's smart and snappy book will teach you how to get people's attention—and keep it." —Daniel H. Pink, #1 New York Times bestselling author of *To Sell Is Human* "If you can't get people's attention, you'll never get their business. Sam Horn's new book shows how to quickly earn respect so people are motivated to listen." —Terry Jones, founder of Travelocity and WayBlazer and chair of Kayak "A must-read for those in the workplace who want to contribute at their highest level and create more strategic networks." —Betsy Myers, former executive director, Center for Public Leadership, Harvard Kennedy School "Horn offers innovative ways to initiate genuine conversations and meaningful connections that turn strangers into friends." —Keith Ferrazzi, author of the #1 bestseller *Never Eat Alone*

This inclusive, unapologetic, and humorous guide to menstruation quashes stigmas and provides us with the latest research and information on periods. Filled with information and free from cultural hang-ups, this gender-neutral book is directed at anybody that's ever dealt with having a period. Writer and influencer Tara Costello has been writing about menstruation for more than a decade and, here, she pulls together her research and experience into a book that's wide-ranging, inclusive, and fun. Boldly illustrated by Mary Purdie, *Red Moon Gang* tackles every aspect of the menstrual cycle—from the biology and science behind why you bleed every month, to the latest findings on hormonal fluctuations (aka, why you're PMSing so bad). It takes a deep dive into the different types of menstrual products available, including their pros and cons, and covers various period conditions such as endometriosis and polycystic ovary syndrome. Drawing from her own experience, Costello explores how having a period shaped her relationship to her body and her place in the world. And she discusses topics that aren't generally covered in health class too—such as how periods are a particular challenge to those experiencing body dysmorphia, individuals living in poverty, and disabled people. Finally, she offers up a Period Toolkit, listing products and retailers she loves, tips on how to make menstruating easier, and resources for further education.

"Inspired me to ask myself why and to stop postponing the forgotten dreams." —Geneen Roth, #1 New York Times bestselling author of *Women Food and God* and *This Messy Magnificent Life* Full of inspirational insights and advice, lifehacks, and real-world examples, *Someday is Not a Day in the Week* is CEO Sam Horn's motivational guide to help readers get what they want in life today rather than "someday." Are you: • Working, working, working? • Busy taking care of everyone but yourself? • Wondering what to do with the rest of your life? • Planning to do what makes you happy someday when you have more time, money, or freedom? What if someday never happens? As the Buddha said, "The thing is, we think we have time."

Sam Horn is a woman on a mission about not waiting for SOMEDAY ... and this is her manifesto. Her dad's dream was to visit all the National Parks when he retired. He worked six to seven days a week for decades. A week into his long-delayed dream, he had a stroke. Sam doesn't want that to happen to you. She took her business on the road for a Year by the Water. During her travels, she asked people, "Do you like your life? Your job? If so, why? If not, why not?" The surprising insights about what makes people happy or unhappy, what they're doing about it (or not), and why...will inspire you to carve out time for what truly matters now, not later. Life is much too precious to postpone. It's time to put yourself in your own story. The good news is, there are "hacks" you can do right now to make your life more of what you want it to be. And you don't have to be selfish, quit your job, or win the lottery to do them. Sam Horn offers actionable, practical advice in short, snappy chapters to show you how to get started on your best life — now.

Turn your great idea into millions—without lifting a finger! Yes, a good idea is enough to build a fortune! Too many people think production, marketing, and distribution are essential to the entrepreneurial process. As *One Simple Idea* shows, you can hand these tasks off to others—and make big money in doing so. Stephen Key, a highly successful entrepreneur whose creations have generated billions of revenue, offers the simple, effortless secret to success: license your simple idea and let others do the work. Breaking down the process of generating and licensing a product idea to a large company, he explains why you don't need to reinvent the wheel: Simple improvements to existing products can be very successful endeavors—and the most lucrative. The old method of bringing products to market through prototyping and patents doesn't work anymore. It's cheaper and more profitable to do it Key's way. *One Simple Idea* gives you everything you need to tap into the marketing and sales power of partners and licensors for maximum profit.

Discover the forty-four laws of life that are the missing link between the desire to meditate and the motivation needed to maintain a regular meditation practice, process the emotional fallout of meditative experiences, and find spiritual fulfillment. Biet Simkin knows from personal experience that finding your way to transformation and mindfulness isn't always easy. Drawing on hard-won wisdom from her journey through addiction, personal tragedy, and the New York rock-n-roll scene, Biet shares the guidance you'll need to move from meltdowns to miracles. *Don't Just Sit There!* is a guidebook that will empower you to dive into meditation by helping you work through the not-so-peaceful side of achieving peace. With

insights on forty-four laws of human experience, it provides week-by-week instructions to process each one. From the Law of Focus to the Law of Desire, these aspects of spiritual life can become obstacles without the tools to properly face them. Experienced and novice meditators alike can benefit from Biet's frank, freeing advice on how to establish a lifelong practice in an often chaotic modern world. By confronting the disruptive quality of spiritual life, you can motivate yourself to realize the meditative practice of your dreams.

Fearless gonzo journalism—an insider's look at the enigmatic and successful CEO of Zappos, Tony Hsieh, and his quest to create his own version of utopia in the center of Las Vegas. In 2010 Tony Hsieh was introduced to many as a visionary modern business leader. Under Hsieh's leadership, Zappos became the world's largest online shoe company by championing satisfied customers and a valued workforce. After his company was purchased by Amazon, even as he continued as its CEO, Hsieh engaged his energies and considerable fortune toward a much larger goal: building a new and more socially conscious Silicon Valley in the heart of downtown Las Vegas, all within his five-year plan. Hsieh challenged business and technology journalist Aimee Groth to uproot her life and participate in his social engineering experiment. Beginning with couch surfing, moving to a Downtown Project crash pad, and then living in Zappos corporate housing above the Gold Spike bar, Groth had a front-row view of Hsieh's efforts to build his ideal society. With interviews from insiders on all ends of the Zappos spectrum—like the "broken dolls" who gravitate toward Hsieh's almost cultlike personality and make up some of his inner circle, to the Zapponians who live and work on campus, to players in the top echelon of Silicon Valley—Groth offers a unique view of a world few people know much about, and sheds a new light on this complex, eccentric man. *The Kingdom of Happiness* is the story of one man's quest to create his own nirvana in the desert based on his exacting design and experimentation with lessons he's gleaned not only from the incredible success of Zappos, but also from rave culture and Burning Man. Is it the business model of the future or a cautionary tale of hubris?

How effective is the communication you experience every day? How often have you been bored during a presentation? Failed to win a piece of business that, deep down, you know you should have won? Had a tedious, pointless networking conversation? Countless times, no doubt. Too much information and not enough relevance is a problem that pervades almost all business communication. You see, the way many people communicate is like filling a bucket with jelly, flinging it at their audience, and hoping some of it sticks. It's ineffective, it's irritating and, above all, it's very messy. So what's the answer? More relevance and a lot less jelly. The *Jelly Effect* teaches you simple, memorable and costless ways to win more attention and more business. Imagine how effective you'd be if you communicated only what was relevant 100 percent of the time. You would be better at talking to others, presenting, networking and selling. You would excel in interviews, meetings and pay-rise discussions. The benefits would be endless. The *Jelly Effect* shows you how to raise your game to a different level. You'll never fling another bucket of jelly again... PRAISE FOR THE JELLY EFFECT 'The most effective, original and insightful book on business communication that I have ever read.' --Dr. Ivan R. Misner, NY Times bestselling author of

Truth or Delusion? and founder of Business Network International 'Andy Bounds has a totally unique and inspiring way of communicating. He also has this tremendous ability to help others achieve more when they communicate. Every single person he's worked with at npower has found his guidance to be immensely valuable, and to have made a real difference. My advice: read this book – it will help you communicate with, and relate to, people better than ever before.' --Heidi Walton, npower, People Development Manager 'They say the definition of genius is the ability to make the complex simple. If that's the case then Andy Bounds is a genius. This book is packed with insight and ideas that make the whole art of communication and connecting with people both easy to understand and apply. Yes, you'll have the occasional B.F.O. (Blinding Flash of the Obvious) moment and wonder why on earth you've never thought of some of the ideas before...truth is we need some one like Andy with his incredibly easy style of writing to wake us up to the obvious. I defy anyone who reads this book and applies the insights to their own business not to see a increase in both their profit and their profile.' --Paul McGee, International speaker and best selling author of S.U.M.O. In *The Icarus Deception*, Seth Godin's most inspiring book, he challenges readers to find the courage to treat their work as a form of art Everyone knows that Icarus's father made him wings and told him not to fly too close to the sun; he ignored the warning and plunged to his doom. The lesson: Play it safe. Listen to the experts. It was the perfect propaganda for the industrial economy. What boss wouldn't want employees to believe that obedience and conformity are the keys to success? But we tend to forget that Icarus was also warned not to fly too low, because seawater would ruin the lift in his wings. Flying too low is even more dangerous than flying too high, because it feels deceptively safe. The safety zone has moved. Conformity no longer leads to comfort. But the good news is that creativity is scarce and more valuable than ever. So is choosing to do something unpredictable and brave: Make art. Being an artist isn't a genetic disposition or a specific talent. It's an attitude we can all adopt. It's a hunger to seize new ground, make connections, and work without a map. If you do those things you're an artist, no matter what it says on your business card. Godin shows us how it's possible and convinces us why it's essential. 'If Seth Godin didn't exist, we'd need to invent him' Fast Company 'Seth Godin is a demigod on the web, a bestselling author, highly sought-after lecturer, successful entrepreneur, respected pundit and high-profile blogger' Forbes Seth Godin is the author of thirteen international bestsellers that have changed the way people think about marketing, the ways ideas spread, leadership and change including *Permission Marketing*, *Purple Cow*, *All Marketers are Liars*, *The Dip* and *Tribes*. FORBES #1 CAREER BOOK TO READ IN 2018 The larger-than-life journey of an 18-year-old college freshman who set out from his dorm room to track down Bill Gates, Lady Gaga, and dozens more of the world's most successful people to uncover how they broke through and launched their careers. *The Third Door* takes readers on an unprecedented adventure—from hacking Warren Buffett's shareholders meeting to chasing Larry King through a grocery store to celebrating in a nightclub with Lady Gaga—as Alex Banayan travels from icon to icon, decoding their success. After remarkable one-on-one interviews with Bill Gates, Maya Angelou, Steve Wozniak, Jane Goodall, Larry King, Jessica Alba, Pitbull, Tim Ferriss, Quincy Jones, and many more, Alex discovered the one key they have in common: they all took the Third Door. Life, business, success... it's just like a nightclub. There are always three ways in. There's the First Door: the main entrance, where ninety-nine percent of people wait in line, hoping to get in. The Second Door: the VIP entrance, where the billionaires and celebrities slip through. But what no one tells you is that there is always, always... the Third Door. It's the entrance where you have to jump out of line, run down the alley, bang on the door a hundred times, climb over the dumpster, crack open the window, sneak through the kitchen—there's always a way in. Whether it's how Bill Gates sold his first piece of software or how Steven Spielberg became the youngest studio director in Hollywood history, they all took the Third Door.
