TVET First Nated Series

Trust Practical

Cookery: the classic recipe and reference book used to train professional chefs for over 50 years. This 14th edition of Practical Cookery is the must-have resource for every aspiring chef. It will help develop the culinary knowledge, understanding, skills and behaviours in the new Commis Chef (Level 2) apprenticeship standards and prepare apprentices and work-based learners for end-point assessment. It

also supports those on NVQ programmes in Professional Cookery or Food Production and Cooking. · Covers the latest preparation, cooking and finishing techniques, as well as the classics every chef should master with over 500 reliable recipes and 1,000 photographs. · Provides clear illustration of how dishes should look with close-up finished shots for every recipe, and clear step-by-step sequences to master techniques. · Ensures learners are fully up to date, with new content on the latest technology within the hospitality sector, up-to-date safe and hygienic working requirements, and new

content on costing and yield control. · Helps assess knowledge and understanding with a new 'Know it' feature that will support preparation for professional discussions or knowledge tests. · Allows students to showcase the practical skills required for assessment with new 'Show it' activities. · Encourages apprentices to think about how they have demonstrated professional behaviours with new reflective 'Live it' activities.

Prepare students for assessment and further professional development with a wealth of contemporary case

studies from around the world, referencing key trends. · Discover how to integrate sustainability and environmental improvements into kitchens and eating spaces, helping to increase energy conservation and boost your green credentials. · Harness the power of social media and e-marketing to proactively grow your business, online visibility and engagement. · Ensure best practice is followed where food allergies and intolerances are concerned, so you can be confident you are providing a safe experience for all customers. · Develop your understanding of nutrition and culinary medicine with a unique contribution from

Elaine Macaninch, a director of Culinary Medicine UK and the co-founder of the Education and Research in Medical Nutrition Network (ERimNN) · Plan for commercial success with clear coverage of financial aspects of food and beverage management, personal development and people management skills.

Engineering Science

N1 Pearson South Africa

Drawing from the best of the widely dispersed literature in the field and the author's vast professional knowledge and experience, here is today's most exhaustive, one-stop coverage of the fundamentals, design, installation, and operation of industrial refrigeration systems.

Detailing the industry changes caused by the conversion from CFCs to non-ozone-depleting refrigerants and by the development of microprocessors and new secondary coolants, Industrial Refrigeration Handbook also examines multistage systems; compressors, evaporators, and condensers; piping, vessels, valves and refrigerant controls; liquid recirculation; refrigeration load calculations; refrigeration and freezing of food; and safety procedures. Offering a rare compilation of thermodynamic data on the most-used industrial refrigerants, the Handbook is a mother lode of vital information and guidance for every

practitioner in the field. Longman Dictionary of Contemporary English Pearson South Africa

 MasteringEngineering SI, the most technologically advanced online tutorial and homework system available, can be packaged with this edition. Were you looking for the book with access to MasteringEngineering? This product is the book alone, and does NOT come with access to MasteringEngineering. Buy *Mechanics for Engineers: Dynamics*, SI edition with MasteringEngineering access card 13e (ISBN 9781447951421) if you

need access to Mastering as well, and save money on this brilliant resource. In his revision of *Mechanics for Engineers*, 13e, SI Edition, R.C. Hibbeler empowers students to succeed in the whole learning experience. Hibbeler achieves this by calling on his everyday classroom experience and his knowledge of how students learn inside and outside of lectures. Need extra support? This product is the book alone, and does NOT come with access to MasteringEngineering. This title can be supported by MasteringEngineering, an online homework and tutorial system which can be used by students for self-directed study or fully integrated into an

instructor's course. You can benefit from MasteringEngineering at a reduced price by purchasing a pack containing a copy of the book and an access card for MasteringEngineering: Mechanics for Engineers: Dynamics, SI edition with MasteringEngineering access card 13e (ISBN 9781447951421). Alternatively, buy access to MasteringEngineering and the eText - an online version of the book - online at www.masteringengineering.com. For educator access, contact your Pearson Account Manager.  Exploring the journey children take in developing their creativity, the author demonstrates the framework that can promote creativity in babies and toddlers, proving the link between theory and practice.
Professional Patisserie
 Pearson Prentice Hall
 UPDATED EDITION 'A holistic take on AI from an African perspective, Closing the Gap joins the dots on deploying AI efficiently into everyday business and life.' - RENUKA METHIL, editor of Forbes Africa
 'This book simplifies complex concepts through relatable stories and awakens fellow Africans to the opportunities ushered in by the 4IR. Closing the Gap must occupy our waking times.' -

MTETO NYATI, chief executive of Altron Closing the Gap is an accessible overview of the fourth industrial revolution (4IR) and the impact it is set to have on various sectors in South Africa and Africa. It explores the previous industrial revolutions that have led up to this point and outlines what South Africa's position has been through each one. With a focus on artificial intelligence as a core concept in understanding the 4IR, this book uses familiar concepts to explain artificial intelligence, how it works and how it can be used in banking, mining, medicine and many other fields. Written from an African perspective, Closing the Gap addresses the challenges and fears

around the 4IR by pointing to the opportunities presented by new technologies and outlining some of the challenges and successes to date.
