The Second Edition of *Hegel and Marx After the Fall of Communism* surveys Hegel's close connection with world-famed economist Friedrich List, the declared enemy of Karl Marx. Illuminating the mysterious nature of Hegel's relationship with Marx and Friedrich List may help us to comprehend the extraordinary geopolitical transformations that have occurred in the last 15 years since the original publication in 1998. The Afterword to this Edition looks at Russia's revival as a world power under Vladimir Putin, and China's ambitious economic development efforts that bring to mind Sun

Yat-sen's vision of The International Development of China.

Bardism was the idiosyncratic vision of the Romantic forger Iolo Morganwg—a radical Druid revival that asserted Welsh identity and downplayed the influence of Christianity. It furnished the Welsh nation with a pantheon of heroes; asserted liberty, equality, freedom of speech, and opposition to war; and repudiated the tired contemporary stereotype of the barbarous Celt. *Bardic Circles* discusses the national, religious, and personal identities made explicit in Bardism and its relation to Iolo's self-definition, Romantic forgeries, and contemporary Welsh self-image.

You Can Do It! Priddy

The young Jon Bull is sent by Westminster to Wales's last remaining Welsh-speaking town to see why all attempts to bring it into the twenty-first century have failed. Waiting for him is the beautiful but embittered Gwalia... *Not Quite White* explores the complex tensions that spit and seethe when English colonialism and Welsh nationalism go head to head. It is a passionate defence of cultural and political identity, and a considered plea for tolerance. It is also a sustained attack on the forces of small-town bigotry and corruption. But, above all, it is an acknowledgement of the subtleties and ambiguities that exist in even the most entrenched attitudes.

Cyw Haul Y Lolfa

This book introduces the contribution of modern Welsh literature to our understanding of peace and pacifism – an important and much overlooked subject in Welsh studies. Taking a literary-historical approach to the subject, it reveals how modern Welsh writing opens up history in ways in which historical discourse alone sometimes fails to do. It argues that the concepts of peace, peacefulness and pacifism have played a broader and more complex role in Welsh life than has been recognised, primarily through an influential Welsh-language pacifist intelligentsia. The author reminds us that Welsh pacifism is distinguished from English pacifism by the Welsh language itself, its links with Welsh nationalism and by the fact that it faced challenges and pressures never encountered by English pacifism. Authors discussed in this study include Tony Curtis, George M. Ll. Davies, Pennar Davies, John Eilian, Emyr Humphreys, Glyn Jones, D. Gwenallt Jones, T. Gwynn Jones, T. E. Nicholas, Iorwerth C. Peate, Angharad Price, Ned Thomas, Lily Tobas and Waldo Williams.

Who was Saint Valentine, the saint who gave his name to the festival of lovers in Wales? Where do red hearts and roses fit in? Or do they? This volume addresses these questions, but focuses more specifically on the previously unpublished Welsh poetry written over the centuries on the feast day of Saint Valentine in mid-February, the one saint's day in the Christian calendar of saints that does not depend on the Church for a celebration of the feast day – far from resembling anything else on offer in any other part of Britain, these Welsh songs are lyrical, expressive, and often in cyghanedd (the concept of sound-arrangement within a line). This volume analyses the first extant Welsh Saint Valentine's Day poems, and advances a new understanding of societal propriety in settings where citizens paid great attention to tradition. In so doing, it offers new insights into the tradition of observing Saint Valentine's Day in Wales and, indeed, argues that although it is the fifth-century Dwynwen who is today considered to be the patron saint of Welsh lovers, Saint Valentine also
