An authoritative guide to understanding and navigating gender identity from an acclaimed expert on the mental health of transgender and gender diverse youth. Kids today are more gender fluent and expansive than ever before. In America, around two percent of teenagers (over 700,000) openly identify as transgender. As it becomes increasingly common for us to encounter and know

transgender kids, as well as kids with more expansive notions of gender than past generations, it is vital that we have the tools we need in order to truly see and support them. Free to Be is an authoritative deep dive by internationally renowned child and adolescent psychiatrist Dr. Jack Turban into the science, medicine, and politics of gender identity. You will be immersed in the lives of three trans and gender diverse youth—Meredith, Kyle, and Sam—as they navigate their gender identities, make decisions around gender-affirming medical and psychological care, and confront an overwhelming political and social terrain. By combining the latest scientific research, stories of transgender children, and the intricacies of today's political gender wars, Free to Be gives you the tools to help the kids in your life navigate the complexity of gender identity, while also coming to better understand what the nuances of gender mean to yourself and society at large.

A sweet rhyming picture book that reminds young readers that to make their dreams come true, "a spoonful of faith is all it takes!" from debut author-illustrator Jena Holliday. Layla wakes up nervous to go to her new school, so she looks to Mama to help her feel better. The mother and daughter duo head to the kitchen and combine all the necessary ingredients--kindness, hope, warm hugs, and prayers--to create a new tradition of confidence and happiness. Written and illustrated by Jena

Holiday, this tender picture book serves as a boosting reminder to trust in God, to have faith, but most importantly, to believe in your ability to turn a bad day around. A fun metaphor for transforming your mood, *A Spoonful of Faith* is Jena's playful rendition of turning comfort food into soul food. An encouraging and hopeful picture book, perfect for anyone nervous about activities such as going back to school.

Revisit thoughts and memories with a 5-year journal and memory book This classic memory keeper is the perfect way to track the ups and downs of life, day by day. More than a daily diary or journal: For those daunted by the idea of keeping a journal or diary, the simple commitment of just One Line a Day is manageable for everyone. Each page of the journal includes an entry for five successive years, allowing users to revisit previous thoughts on a specific day of the year over the span of five years, and reflect on change and progress. Felicity Garland wants to be left alone. She has her video games, her own apartment in a new city away from her controlling mother, and a PhD to complete sometime in the future. When she is invited to a Renaissance Faire with another student, she finds herself getting a tarot card reading - but only as a joke. But the cards seem to reveal a secret dream landscape in which she suddenly finds herself trapped at night, and now Felicity isn't sure what to do next. Enter Dakota, a fellow PhD student slash bartender and trivia maven, who seems to know just about everything there is to know about tarot, myth, and the unruly reality of our inner dream lives. With Dakota's help, Felicity starts to crack the riddles at the heart of her unconscious dream landscape known as The Twilight Kingdom. As she gets closer and closer to the dark castle at its center, Felicity also begins to unravel the secrets she's kept from her youth spent institutionalized and her crumbling family life. When dreams turn to nightmares, and the darker prophecy of the tarot cards starts to become a reality, Dakota disappears and Felicity is left picking up the very-real pieces of her waking life all by herself. Will Felicity be able to confront the shadows of her past in order to find a better future, one in which she and Dakota can remain partners in more than just a passing dream world? Or will she slink back to her virtual reality video game and refuse the call to adventure over and over again?
