New 2019 edition based on the updated 2019 ICAEW Study Manual and including analysis of mark allocation in all recent past papers through to September 2018 (December 2018 markscheme not available at the time of writing). A large number of new questions on IFRS 9 and IFRS 15 have been added and questions

on IAS 39 and IAS 18 have been deleted to allow for significant changes to the 2019 FAR syllabus. Provides over 1,100 short form questions to help you learn all aspects of the complex and detailed FAR syllabus. Designed to complement past paper practice by splitting topics and concepts into smaller and more manageable chunks which you can revise many times before the exam, helping the knowledge to sink in. Helps to build your confidence and avoid becoming overwhelmed by the large number of learning points in full exam standard questions. Instead, our Q&A tests one

thing at once and therefore allows you to learn an issue properly before moving on. All questions are designed to split topics into smaller parts, allowing you to study one thing at once and gradually build up knowledge. Analysis of distribution of marks in past papers covering the 2009 to September 2018 period to help you focus your revision on key areas (December 2018 markscheme not available at the time of writing). Contains all relevant Financial Accounting and Financial Reporting questions from our previous FA and FR Q&A books for the old syllabus, updated where necessary. We have also

added many new questions for FAR. This means that our Q&A continues to cover the traditional, staple areas and provides much more practice than the Study Manual in key areas such as cashflow statements, earnings per share, related parties and other areas. We also include a detailed introduction explaining some key revision and answering techniques for the 2 different types of FAR question (narrative or "financial reporting" style and numerical or "financial accounting" style). Provides a firm basis for Advanced Level questions involving financial reporting in the Corporate Reporting paper: Q&A can be reused at later stages of the ACA to revise the key areas which the examiner will assume as brought forward knowledge. See [www.acasimplified.com](http://www.acasimplified.com) for more information on our Q&A technique.

New 2014 edition fully updated for new Study Manual and including analysis of first two papers set by the ICAEW for the new FAR examination (September 2013 and December 2013). Provides over 1,000 short form Simplified Q&As to help you learn all aspects of this complex and

detailed syllabus, a combination of the old Financial Accounting and Financial Reporting syllabuses. All questions are designed to split topics into smaller parts, allowing you to study one thing at once and gradually build up knowledge. Contains all relevant Financial Accounting and Financial Reporting questions from our previous FA and FR Q&A books, updated where necessary. This means that our Q&A will continue to cover the traditional, staple areas and will provide much more practice than the Study Manual in key areas such as cashflow statements, earnings per share, related parties, groups, financial instruments and other topics. We also include a detailed introduction explaining some key revision and answering techniques for FA and FR questions. ### **Financial Management Q&a 2018**

Taylor & Francis

[Previously known as Advanced Level Audit Q&A.] New 2019 edition based on the updated 2019 ICAEW Study Manual and including analysis of the audit and assurance elements of the 2014 to 2018

Advanced Level ICAEW past papers in both Corporate Reporting and Strategic Business Management. Fully updated for IFRS 9 and IFRS 15 Study Manual content. This Q&A uses a self-test methodology to reduce the very dense Advanced Level Audit & Assurance syllabus into over 800 active questions, making the topic more interesting and interactive to study. Helps to build your confidence and avoid becoming overwhelmed by the large number of learning points in full exam standard questions and in the vast and dense Study Manual. Instead, our Q&A tests one thing at once and therefore allows you to learn an issue properly before moving on. In this way, you can build your knowledge effectively without trying to cover too much at the same time. Questions are split into 13 different topic areas and also include relevant past paper questions from the old "Technical Integration" papers for further practice. The introduction to the book analyses the papers set for the first 10 sittings of the Corporate Reporting and Strategic Business Management papers, which were introduced with effect from July 2014. We also include relevant questions and

detailed analysis of the mark allocation from Technical Integration past papers over the 2009-2013 period, showing you which areas to prioritise - the Evolved ACA Audit syllabus is relatively unchanged from the previous Technical Integration syllabus so we believe that this analysis will remain valid for the Advanced Level. We also include extensive testing of the new "Audit Focus" sections which can be found hidden away at the end of the financial reporting chapters of the Corporate Reporting Study Manual - easily missed when preparing for Audit! Combined with our companion Advanced Level Audit & Assurance Exam Room Notes book, this Q&A should provide all that you need to pass Advanced Level questions involving Audit and Assurance - this means potentially all 3 questions in Corporate Reporting and vital marks also in at least one of your Strategic Business Management questions. Analysis of distribution of past paper marks in CR and SBM papers set from 2014 to 2018 to help you focus your revision on key areas. Contains questions on areas such as auditing standards, audit tests, specialist assurance areas such as internal auditing,

environmental and social auditing, agreed upon procedures and groups. See [www.acasimplified.com](http://www.acasimplified.com) for more information on our Q&A technique. Advanced Level Financial Reporting Exam Room Notes 2016 John Wiley & Sons Wiley Interpretation and Application of IFRS® Standards The 2021 reference for the interpretation and application of the latest international standards Wiley IFRS® Standards 2021 is a revised and comprehensive resource that includes the information needed to interpret and apply the most recent International Financial Reporting Standards (IFRS®) as outlined by the International Accounting Standards Board (IASB). This accessible resource contains a wide range of practical examples as well as invaluable guidance on the expanding framework for unified financial reporting. The authors provide IFRIC interpretations and directions designed to ensure a clear understanding of the most recent standards. The IFRS® standards are ever evolving, therefore it is essential that professionals and students have the information needed to apply the standards correctly in real-world cases. Wiley IFRS® Standards 2021 offers a

complete, up-to-date reference that aids in the application of the latest international standards in a manner that is transparent, accountable and efficient. This edition includes IFRS 9 Financial Instruments; IFRS 15 Revenue from Contracts with Customers; IFRS 16 Leases and amendments issued and effective for annual periods beginning on or after 01 January 2020 as issued by the IASB by 30 June 2020. This edition also includes some introductory guidance for IFRS 17 Insurance Contracts and incorporates the revised Conceptual Framework for Financial Reporting 2018. This guide is written by the people passionate about IFRS® at PKF International. Smashing SBM is based around the same approach as our successful and best-selling Cracking Case book: practical, student-focused and simple advice on what to do to pass an unusual examination in which time management and examination technique are the key to success. This new 2019 edition has been fully updated for the new syllabus as well as for the key learning points raised by the 2018 ICAEW past papers. Given the relatively low number of questions in each SBM examination (just 2) and the very open nature of the requirements, it is vital that you have a way of determining which areas are important and which issues are going to attract fewer marks. Smashing SBM sets out an effective planning methodology (which we call MAPs) that helps you predict the mark allocation of sub-parts of a question and allocate your time effectively. Our MAPs give direction to your answer by providing reminders on

how to assess the likely mark allocation whilst also reminding you of key things to do in Q1 and Q2, based on our review of examiner comments. Smashing SBM also contains very detailed reviews of the 10 ICAEW past papers set to date with a view to understanding patterns in the question format and content, as well as the mark allocation. Smashing SBM includes detailed revision of key financial management and business strategy topics, as assessed in the real examination papers and ICAEW SBM Mock exams. We have also included selected questions from our Business Strategy and Financial Management Q&A books to help you revise these areas very quickly. The book also contains detailed notes on the Specialist Audit & Assurance topics which are examinable at the Advanced Level. Our revision notes focus on areas other than statutory audit as we know that around 10% of the marks will be for these specialised areas such as Internal Audit, Agreed Upon Procedures, review of prospective information and so on. Smashing SBM contains detailed revision of ethics, including various ethical frameworks, to help you achieve the

5-10% of marks available for ethics in SBM. Smashing SBM is designed to pair up with its sister publication, SBM Exam Room Notes 2019, which offers clear, alphabetically-referenced sets of notes on all key SBM topics to provide exam room reminders of mark-scoring points - perfect for avoiding exam room panic! Full chapter listing of Smashing SBM: PART ONE - How to Plan 1. Introduction: This Book and Why We Wrote It 2. Overview of Smashing SBM: Chapter by Chapter 3.  BPP Learning Media provides comprehensive materials that highlight the areas to focus on for your exams and complement the syllabus to increase your understanding.

*CIMA P2 Advanced Management Accounting* Kogan Page Publishers  
 Praise for Foreign Exchange "Tim Weithers starts by telling the reader that foreign exchange is not difficult, just confusing, but Foreign Exchange: A Practical Guide to the FX Markets proves that money is much more exciting than anything it buys. This useful book is a whirlwind tour of the world's largest market, and the tour guide is an expert storyteller, inserting numerous fascinating insights and quirky facts throughout the book." -John R.

Taylor, Chairman, CEO and CIO, FX Concepts "The book reflects the author's doctorate from the University of Chicago, several years' experience as an economics professor, and, most recently, a very successful decade as an executive at a huge international bank. These fundamental ingredients are seasoned with bits of wisdom and experience. What results is a very tasty intellectual stew." - Professor Jack Clark Francis, PhD, Professor of Economics and Finance, Bernard Baruch College "In this book, Tim Weithers clearly explains a very complicated subject. Foreign Exchange is full of jargon and conventions that make it very hard for non-professionals to gain a good understanding. Weither's book is a must for any student or professional who wants to learn the secrets of FX." -Niels O. Nygaard, Director of Financial Mathematics, The University of Chicago "An excellent text for students and practitioners who want to become acquainted with the arcane world of the foreign exchange market." -David DeRosa, PhD, founder, DeRosa Research and Trading, Inc., and Adjunct Professor of Finance, Yale School of Management "Tim

Weithers provides a superb introduction to the arcana of foreign exchange markets. While primarily intended for practitioners, the book would be a valuable introduction for students with some knowledge of economics. The text is exceptionally clear with numeric examples and exercises that reinforce concepts. Frequent references are made to the economic theory behind the trading practices." -John F. O'Connell, Professor of Economics, College of the Holy Cross

 Financial Accounting and Reporting (IFRS) Q&a 2019  
 New 2019 edition based on the updated 2019 ICAEW Study Manual and including analysis of mark allocation in all recent past papers through to September 2018 (December 2018 markscheme not available at the time of writing). A large number of new questions on IFRS 9 and IFRS 15 have been added and questions on IAS 39 and IAS 18 have been deleted to allow for significant changes to the 2019 FAR syllabus. Provides over 1,100 short form questions to help you learn all aspects of the complex and detailed FAR syllabus. Designed to complement past paper practice by splitting topics and

concepts into smaller and more manageable chunks which you can revise many times before the exam, helping the knowledge to sink in. Helps to build your confidence and avoid becoming overwhelmed by the large number of learning points in full exam standard questions. Instead, our Q&A tests one thing at once and therefore allows you to learn an issue properly before moving on. All questions are designed to split topics into smaller parts, allowing you to study one thing at once and gradually build up knowledge. Analysis of distribution of marks in past papers covering the 2009 to September 2018 period to help you focus your revision on key areas (December 2018 markscheme not available at the time of writing). Contains all relevant Financial Accounting and Financial Reporting questions from our previous FA and FR Q&A books for the old syllabus, updated where necessary. We have also added many new questions for FAR. This means that our Q&A continues to cover the traditional, staple areas and provides much more practice than the Study Manual in key areas such as cashflow statements, earnings per share, related

parties and other areas. We also include a detailed introduction explaining some key revision and answering techniques for the 2 different types of FAR question (narrative or "financial reporting" style and numerical or "financial accounting" style). Provides a firm basis for Advanced Level questions involving financial reporting in the Corporate Reporting paper: Q&A can be reused at later stages of the ACA to revise the key areas which the examiner will assume as brought forward knowledge. See [www.acasimplified.com](http://www.acasimplified.com) for more information on our Q&A technique. Advanced Level Financial Reporting Exam Room Notes 2019 Our Advanced Level Financial Reporting Exam Room Notes 2019 provide an alphabetically-organised set of quick reference notes of relevance to both the Corporate Reporting and Strategic Business Management Advanced Level examinations. The 2019 edition of the book has been extensively revised to allow for IFRS 9 and IFRS 15 becoming the main examinable standards on financial instruments and revenue (respectively) in the 2019 Advanced Level syllabus. We have worked backwards from the model

answers to all Advanced Level past papers, Mock exams and Question Bank questions to summarise approximately 75 highly examinable financial reporting areas into sets of key mark-scoring points - ideal to prevent you dropping easy marks by forgetting basic points and also helpful when attacking harder parts of the questions. In addition, it is vital to revise brought-forward knowledge from the Professional Level paper in Financial Accounting and Reporting (FAR) as part of your preparations for the Advanced Level examinations (in many Corporate Reporting examinations, brought-forward FAR knowledge is worth at least as many marks as the new Advanced Level FR topics). Therefore, the book also includes key model answer points from our review of all FAR past papers, Mock exams and Question Bank questions to provide useful reminders - examiner feedback is often that the brought-forward knowledge of candidates is weak, losing many potentially easy marks. All content is organised in a sensible alphabetical format so that you can very quickly find the content that you need. This organisation is more efficient than organisation by Study

Manual chapter and should save you time in finding the information you require - just head to the "D" section for Deferred Tax, rather than having to remember to look in chapter 22 of the Study Manual. The book has been developed by the same authors behind our very successful BPT Exam Room Notes and SBM Exam Room Notes books and is based on our trademark style of simple, clear and succinct explanations of syllabus content with a focus on what you really need to do to get the marks as quickly as possible. Important notice: this set of Exam Room Notes has been designed as a quick reference resource to remind you of content that you should already have studied in detail based on the ICAEW Study Manual and your tuition provider's notes. You must already have studied the Advanced Level syllabus in detail before using this book - the book is in no way designed to replace the Study Manual as a learning resource. If you have invested insufficient time in learning the syllabus content then our Exam Room Notes will not be comprehensible or useful as the book only provides reminders regarding material you must already have studied. Look out for our other Advanced

Level Exam Room Notes publications: Strategic Business Management Exam Room Notes 2019 and Advanced Level Audit & Assurance Exam Room Notes 2019! Financial Accounting and Reporting (IFRS) Q&a 2018 New 2018 edition based on the updated 2018 ICAEW Study Manual and including analysis of mark allocation in all recent past papers through to September 2017 (December 2017 markscheme not available at the time of writing). Provides over 1,000 short form questions to help you learn all aspects of the complex and detailed FAR syllabus. Designed to complement past paper practice by splitting topics and concepts into smaller and more manageable chunks which you can revise many times before the exam, helping the knowledge to sink in. Helps to build your confidence and avoid becoming overwhelmed by the large number of learning points in full exam standard questions. Instead, our Q&a tests one thing at once and therefore allows you to learn an issue properly before moving on. All questions are designed to split topics

into smaller parts, allowing you to study one thing at once and gradually build up knowledge. Analysis of distribution of marks in past papers covering the 2009 to September 2017 period to help you focus your revision on key areas (December 2017 markscheme not available at the time of writing). Contains all relevant Financial Accounting and Financial Reporting questions from our previous FA and FR Q&a books for the old syllabus, updated where necessary. We have also added many new questions for FAR. This means that our Q&a will continue to cover the traditional, staple areas and will provide much more practice than the Study Manual in key areas such as cashflow statements, earnings per share, related parties and other areas. We also include a detailed introduction explaining some key revision and answering techniques for the 2 different types of FAR question (narrative or "financial reporting" style and numerical or "financial accounting" style). areas which the examiner will assume as brought forward knowledge. See [www.acasimplified.com](http://www.acasimplified.com) for more information on our Q&A technique. Advanced Level Financial Reporting Q&a 2018 New 2018 edition based on the updated 2018 ICAEW Study Manual and including analysis of the financial reporting elements of the 2014, 2015, 2016 and 2017 Advanced Level exam papers in both Corporate Reporting and Strategic Business Management. Short form question bank providing over 700 practice questions for the financial reporting aspects of the Advanced Level. This book is applicable to both the Corporate Reporting and Strategic Business Management papers as the same core financial reporting concepts are tested in both papers. Designed to complement past paper practice by splitting topics and concepts into smaller and more manageable chunks which you can revise many times before the exam, helping the knowledge to sink in. Helps to build your confidence and avoid becoming overwhelmed by the large number of learning points in full exam standard questions and in the vast and dense Study

Manual. Instead, our Q&A tests one thing at once and therefore allows you to learn an issue properly before moving on. In this way, you can build your knowledge effectively without trying to cover too much at once. Questions are organised into 15 chapters, covering all aspects of the financial reporting element of the Advanced Level syllabus. Analysis of distribution of past paper marks in CR and SBM papers set in 2014, 2015, 2016 and 2017 to help you focus your revision on key areas. Detailed questions on relevant IFRSs and new Advanced Level material such as pensions, share-based payments, deferred tax, forex and forex consolidation and hedge accounting. Also includes revision of brought forward FAR topics such as groups, leases, government grants and revenue. All questions are designed to split topics into smaller parts, allowing you to study one thing at once and gradually build up knowledge. Our short form Q&A method strips the syllabus down into the core components and gives you a 100% active way of learning the models and theories, making it more interesting to revise this very dense syllabus. Please also see our Advanced Level Audit and

Assurance Q&A 2018 to complete your revision of the auditing elements of the Corporate Reporting Study Manual. Please note that we \*strongly recommend\* that you thoroughly revise your brought forward financial reporting knowledge from the Professional Level/Stage - our FAR Q&A 2018 provides the ideal way to do so. See [www.acasimplified.com](http://www.acasimplified.com) for more information on our Q&A technique. Business planning Financial Accounting, Reporting, and Analysis (Previously known as "Advanced Level Audit Risks & Tests") New revised 2018 edition of our very popular Exam Room Notes book. RETAINED FEATURE FROM MAJOR 2017 UPDATE - following numerous requests from students, for the 2017 edition of the book we added exam room notes on all Advanced Level Assurance areas such as internal audit, corporate governance, due diligence, examination of prospective information (ISAE 3400) and other areas - we have retained this feature for the 2018 edition of the book so our Exam Room Notes therefore provide reminders not only for statutory audit risks & tests questions but also on specialist assurance areas. Provides an alphabetical

quick reference list of approximately 70 key audit test and risk areas and 14 assurance topics, based on our careful review of the ICAEW Study Manual for Corporate Reporting, the ICAEW Question Bank for Corporate Reporting and the previous "old" TI paper in Business Reporting, together with past papers and ICAEW mocks for both the evolved Advanced Level and "old" TI level. Useful as a quick reference guide to generate reminders in the exam, reducing the time that you will need to invest in revising Audit & Assurance, which is a fundamental element of the Corporate Reporting paper - 2 of the 3 questions in CR will have a heavy or even exclusive emphasis on Audit & Assurance so the importance of this book's information and quick reference approach has been further enhanced under the evolved ACA. This book removes the need for you to prepare your own folder notes on Audit & Assurance, leaving more time to invest in other aspects of the Advanced Level syllabus. In addition to reviewing past papers and mocks, we have carefully summarised the audit tests in the "Audit Focus" sections now included in the 2015

and later editions of the Corporate Reporting Study Manual to ensure that you have a quick reference source of tests which have been emphasised in the new Advanced Level materials (i.e. tests which the examiners appear keen for students to learn and mention but which are somewhat hidden away at the end of the financial reporting chapters of the Corporate Reporting Study Manual). All such tests are now indicated in bold in the relevant sections of our book. All 70 Audit areas and 14 Assurance topics are arranged in alphabetical order, allowing quick reference without having to remember which chapter to consult. Risks & tests are contained in the first part of the book and Assurance is split out separately in the second part of the book for ease of reference. Where relevant, cross references between Audit areas are also included, giving you reminders and hints. Important notice: this set of Exam Room Notes has been designed as a quick reference resource to remind you of content that you should already have studied in detail based on the ICAEW Study Manual and your tuition provider's notes. You must already have studied the

Advanced Level syllabus in detail before using this book - the book is in no way designed to replace the Study Manual as a learning resource. If you have invested insufficient time in learning the syllabus content then our Exam Room Notes will not be comprehensible or useful as the book only provides reminders regarding material you must already have studied. Look out for our other Advanced Level Exam Room Notes publications (SBM Exam Room Notes and FR Exam Room Notes)! See [www.acasimplified.com](http://www.acasimplified.com) for more information on our popular Exam Room Notes series.

New 2018 edition based on the updated 2018 ICAEW Study Manual and including analysis of mark allocation in all recent past papers through to September 2017 (December 2017 markscheme not available at the time of writing). Short form question bank providing over 350 practice questions for the Professional

Level Financial Management exam. Designed to complement past paper practice by splitting topics and concepts into smaller and more manageable chunks which you can revise many times before the exam, helping the knowledge to sink in. Helps to build your confidence and avoid becoming overwhelmed by the large number of learning points in full exam standard questions. Instead, our Q&A tests one thing at once and therefore allows you to learn an issue properly before moving on. Questions are organised into 10 chapters, covering all aspects of the syllabus. Analysis of distribution of marks in past papers covering the 2009 to September 2017 period to help you focus your revision on key areas (December 2017 markscheme not available at the time of writing). Questions are split into Narrative and Numerical chapters, allowing you to drill the easy narrative areas on their own - narrative questions account for 30-35% of a typical Financial Management paper. The Q&A will therefore help you to avoid any overemphasis on studying numerical topics which is typical of many failing candidates. Detailed questions on

investment appraisal, capital markets and WACC, hedging and other areas. Full explanation of hedging approaches and calculations. All questions are designed to split topics into smaller parts, allowing you to study one thing at once and gradually build up knowledge. New 2018 edition based on the updated 2018 ICAEW Study Manual and including analysis of mark allocation in all recent past papers through to September 2017 (December 2017 markscheme not available at the time of writing). Provides over 1,000 short form questions to help you learn all aspects of the complex and detailed FAR syllabus. Designed to complement past paper practice by splitting topics and concepts into smaller and more manageable chunks which you can revise many times before the exam, helping the knowledge to sink in. Helps to build your confidence and avoid becoming overwhelmed by the large number of learning points in full exam standard questions. Instead, our Q&A tests one thing at once and therefore allows you to learn an issue properly before moving on. All questions are designed to split topics into smaller parts, allowing you to study one thing at once and gradually build up

knowledge. Analysis of distribution of marks in past papers covering the 2009 to September 2017 period to help you focus your revision on key areas (December 2017 markscheme not available at the time of writing). Contains all relevant Financial Accounting and Financial Reporting questions from our previous FA and FR Q&A books for the old syllabus, updated where necessary. We have also added many new questions for FAR. This means that our Q&A will continue to cover the traditional, staple areas and will provide much more practice than the Study Manual in key areas such as cashflow statements, earnings per share, related parties and other areas. We also include a detailed introduction explaining some key revision and answering techniques for the 2 different types of FAR question (narrative or "financial reporting" style and numerical or "financial accounting" style). Provides a firm basis for Advanced Level questions involving financial reporting in the Corporate Reporting paper: Q&A can be reused at later stages of the ACA to revise the key areas which the examiner will assume as brought forward knowledge. See

[www.acasimplified.com](http://www.acasimplified.com) for more information on our Q&A technique.

Accounting for Financial Instruments is about the accounting and regulatory framework associated with the acquisition and disposal of financial instruments; how to determine their value; how to manage the risk connected with them; and ultimately compile a business valuation report. Specifically, the book covers the following topics, amongst others: Accounting for Investments; Bills of exchange; Management of Financial Risks; Financial Analysis (including the Financial Analysis Report); Valuation of a business (including the Business Valuation Report) and Money laundering. Accounting for Financial Instruments fills a gap in the current literature for a comprehensive text that brings together relevant accounting concepts and valid regulatory framework, and related procedures regarding the management of financial instruments (investments), which are applicable in the modern business world. Understanding financial risk management allows the reader to comprehend the importance of analysing a business concern. This is

achieved by presenting an analytical framework to illustrate that an entity's performance is greatly influenced by its external and internal environments. The analysis of the external environment examines factors that impact an entity's operational activities, strategic choices, and influence its opportunities and risks. The analysis of the internal environment applies accounting ratio analysis to an entity's financial statements to examine various elements, including liquidity, profitability, asset utilisation, investment, working capital management and capital structure. The objective of the book is to provide a fundamental knowledge base for those who are interested in managing financial instruments (investments) or studying banking and finance or those who wish to make financial services, particularly banking and finance, their chosen career. Accounting for Financial Instruments is highly applicable to both professional accountants and auditors and students alike.

Our Advanced Level Financial Reporting Exam Room Notes 2017 provide an alphabetically-organised set of quick reference notes of relevance to both the Corporate Reporting and Strategic Business Management Advanced Level examinations. We have worked backwards from the model answers to all Advanced Level past papers, mock exams and Question Bank questions to summarise 79 highly examinable financial reporting areas into sets of key mark-scoring points - ideal to prevent you dropping easy marks by forgetting basic points and also helpful when attacking harder parts of the questions. In addition, as it is vital to revise brought forward knowledge from FAR as part of your preparations for the Advanced Level examinations (in many Corporate Reporting examinations,

brought forward FAR knowledge is worth at least as many marks as the new Advanced Level FR topics) the book also includes key model answer points from our review of all FAR past papers, mock exams and Question Bank questions to provide useful reminders - examiner feedback is often that the brought forward knowledge of candidates is weak, losing many potentially easy marks. All content is organised in a sensible alphabetical format so that you can very quickly find the content that you need. This organisation is more efficient than organisation by Study Manual chapter and should save you time in finding the information you require - just head to the "D" section for Deferred Tax, rather than having to remember to look in chapter 22 of the Study Manual. The book has been developed by the same authors behind our very successful BPT Exam Room Notes and SBM Exam Room Notes and is based on our trademark style of simple, clear and succinct explanations of syllabus content. Like all our publications, our Advanced Level Financial Reporting Exam Room Notes 2017 is available with free UK delivery and is fully covered by Amazon's returns policy. Important notice:

this set of Exam Room Notes has been designed as a quick reference resource to remind you of content that you should already have studied in detail based on the ICAEW Study Manual and your tuition provider's notes. You must already have studied the Advanced Level syllabus in detail before using this book - the book is in no way designed to replace the Study Manual as a learning resource and if you have invested insufficient time in learning the syllabus content then our Exam Room Notes will not be comprehensible or useful

as the book only provides reminders regarding material you must already have studied.
