Everyone knows that Lord Sugar has strong opinions and is not afraid to share them - no matter how controversial they may be. The Way I See It takes us into the world of Alan Sugar: entrepreneur, Twitter addict, television star, keen cyclist, peer of the realm and bemused grandfather. In The Way I See It he shares his trenchant views on subjects as varied as over-priced poncy restaurants, the problems with British society, why French drivers wind him up, the secrets of his own success, and the reason he respects Katie Price more than most celebrities. Crammed full of brilliant stories, amusing rants and sound advice, this is the last word on life, the universe and everything from the nation's favourite straight-talking businessman.

This landmark volume is the first to bring together leading scholarship on children's and young adult literature from three intersecting disciplines: Education, English, and Library and Information Science. Distinguished by its multidisciplinary approach, it describes and analyzes the different aspects of literary reading, texts, and contexts to illuminate how the book is transformed within and across different academic figurations of reading and interpreting children's literature. Part one considers perspectives on readers and reading literature in home, school, library, and community settings. Part two introduces analytic frames for studying young adult novels, picturebooks, indigenous literature, graphic novels, and other genres. Chapters include commentary on literary experiences and creative production from renowned authors and illustrators. Part three focuses on the social contexts of literary study, with chapters on censorship, awards, marketing, and literary museums. The singular contribution of this Handbook is to lay the groundwork for colleagues across disciplines to redraw the map of their separately figured worlds, thus to enlarge the scope of scholarship and dialogue as well as push ahead into uncharted territory.

If dresses could talk, what stories might they tell? This compelling collection of short stories, essays, and poems features dress as the structural grounding for autobiographical accounts from women's lives in Western society. Often personal in nature, these «dress stories» point unflinchingly to matters of social and cultural import. Some of the dresses described inhabit the popular imagination: the little girl dress, the communion dress, the school uniform, the prom dress, the wedding dress, the little black dress, and the burial dress. Beyond the semiotic, tactile, and visual aspects of the dresses themselves, the narratives delve into what dresses reveal about fundamental aspects of human experience: identity, embodiment, relationship, and mortality. Bought or made, then worn, forgotten, remembered, re-constructed, and re-interpreted, each dress offers a new glimpse into how we construct meaning in our daily lives, and how dresses serve to reinforce or resist social structures and cultural expectations.

Borrowing a white tiger just to take the best pictures of a topless dancer posing with a German World War II Mauser might seem to be a little extreme for getting the reader's attention until you consider that author photographer Jack Corbett and his friends turned the White Tiger loose in a topless club afterwards. But "Extreme Guns and Babes for an Adult World" is not your average run of

the mill book about guns. It is a collection of 26 articles the writer-photographer produced while writing for "Xtreme Magazine". This second edition of the book is printed in full color whereas the 3rd edition is in black and white and the first edition was published in Kindle. Each edition contains over 100 photos. There's over 26 models posing with the 26 weapons (or the Tiger), and all of them are feature entertainers and strippers. Jack Corbett's mission was one nearly every red blooded American male would envy which was he got to select his own models for his articles while getting to write about any gun he chose. And since Xtreme Magazine is a small East Coast adult magazine there was no bureaucracy to put up with. There's a lot of good stuff about guns here for all of you gun lovers out there. For instance, did you know why the Colt Python was the best .357 magnum revolver on the market or why Vietnam era M-16's are better man stoppers than the "improved models" being used today? Or why the underpowered, inaccurate (according to its detractors) M-1 carbine was the favorite weapon of Audie Murphy, America's most decorated World War II hero or how the German M42 machine gun outclassed the 30 caliber Browning used by American World War II soldiers? The book is labeled "adult" but this might be a misnomer. If you are looking for porn you will not find it here. If you are looking for complete nudity, there's been a coverup, as even though a large number of the pictures appearing in this book were shot in the nude, bare nipples and the most private portions of the models have disappeared into the dark recesses of Photoshop.
