Blowback System  
Diagram  
Blowback is a  
system of operation for  
self-loading firearms  
that obtains energy  
from the motion of the  
cartridge case as it  
is pushed to the rear by  
expanding gas created  
by the ignition of the  
propellant charge..  
Several blowback  
systems exist within  
this broad principle of  
operation, each  
distinguished by the  
methods used to  
control bolt movement.  
In most actions that  
use blowback  
operation ...Blowback
