The Island of Truth Vivekananda Kendra Shortlisted for the 2021 Booker Prize Longlisted for the 2021 National Book Award for Fiction A heartrending new

novel from the Pulitzer Prize-winning and #1 New York Times best-selling author of *The Overstory*. Named one of the Most Anticipated Books of 2021 by Newsweek, Los Angeles Times, New York Magazine, Chicago Tribune, BuzzFeed, BookPage, Goodreads, Literary Hub, The Millions, New Statesman, and Times of London The astrobiologist Theo Byrne searches for life throughout the cosmos while single-handedly raising his unusual nine-year-old, Robin, following the death of his wife. Robin is a warm, kind boy who spends hours painting elaborate pictures of endangered animals. He's also about to be

expelled from third grade for smashing his friend in the face. As his son grows more troubled, Theo hopes to keep him off psychoactive drugs. He learns of an experimental neurofeedback treatment to bolster Robin's emotional control, one that involves training the boy on the recorded patterns of his mother's brain... With its soaring descriptions of the natural world, its tantalizing vision of life beyond, and its account of a father and son's ferocious love, *Bewilderment* marks Richard Powers's most intimate and moving novel. At its heart lies the question: How can we tell our children the truth about this

beautiful, imperiled planet?

The advent of Islam in medieval Kashmir gave birth to a narrative that describes forcible mass conversion of Hindus, eviction of local people and wanton demolition of religious symbols. A minority of Kashmiri Brahmans and their progeny who did not convert to Islam built and successfully perpetuated this narrative over the centuries. Following the eruption of armed insurgency in Kashmir and mass migration of Kashmiri Pandits in 1990, this community narrative has turned into the Indian mainstream view on Kashmiri Pandits. Kashmir: Exposing the Myth behind the Narrative challenges the existing narrative. It exposes many fallacies used to uphold this narrative and dissects the work of historians that has sustained ahistorical perceptions over a long period of time. By linking history to the present, the book facilitates an understanding of the situation today.

"Why has the valley of Kashmir, famed for its beauty and tranquillity, become a

major flashpoint, threatening the stability of a region of great strategic importance and challenging the integrity of the Indian state? This book examines the Kashmir conflict in its historical context, from the period when the valley was an independent kingdom right up to the struggles of the present day. Located on the borders of China, Central Asia and the Sub-Continent, the insurgency in the valley has also created serious tensions between India and Pakistan. Drawing upon research in India and Pakistan, as well as historical sources, this book traces the origins of the state in the 19th century and the controversial "sale" by the British of the predominantly Muslim valley to a Hindu Maharaja in 1846. Through an exploration of the implications for Kashmir of independence in 1947, it gives a critical account of why, for Kashmir, self-determination may seem a more attractive option than affiliation to a larger multi-racial whole."--

Mohammed Akhlaq and Rakbar lynched in the name of cow protection. Chimma, a Dalit, lynched by the mob for entering a

Hindu temple. In the recent years, the cases of mob lynching of Muslims and Dalits have increased to an alarming extent. These cases are discarded and forgotten without any justice served to the victims. The emergence of mobocracy from the roots of Hindutva and gau rakshaks has put India's secularity and democratic constitution to test. Lynch Files pieces together the tragic stories of the people at the receiving end of mob violence and looks inside the mind of the lynchers who flout laws with impunity. Further, the book discusses the Supreme Court judgement against lynching and tries to restore faith in the court's capacity to curb this violence.

'A beautifully tender and often heart-stopping memoir of growing up in a world that is spinning out of control.' Mahesh Rao, author of *Polite Society*
Rumours of Spring is the unforgettable account of Farah Bashir's adolescence spent in Srinagar in the 1990s. As Indian troops and militants battle across the cityscape and violence becomes the new normal, a young schoolgirl finds that ordinary tasks - studying for exams, walking to the bus stop, combing her hair, falling asleep - are riddled with anxiety and fear. With haunting simplicity, Farah Bashir captures moments of vitality and resilience from her girlhood amidst the increasing trauma and turmoil of passing years - secretly dancing to pop songs on banned radio stations; writing her first love letter; going to the cinema for the first time - with haunting simplicity. This deeply affecting coming-of-age memoir portrays how territorial conflict surreptitiously affects everyday lives in Kashmir.

In this book, the author, in the backdrop of his vast and varied experience, looks at

the major challenges confronting the country after about six decades of her 'tryst with destiny'. The analysis done indicates how these challenges have arisen, how deep-rooted infirmities of the Indian state and society have remained untackled, how a leadership with a great vision and will has not emerged at various levels of public life and how the current culture of superficiality has prevented the nation from perceiving the dangers that lie ahead. But the book is not restricted to analysis alone. Nor does it limit itself to viewing the fall-out of India's failed 'tryst with destiny'. It offers a new architecture for reshaping this 'destiny' and looking forward to another tryst. Shri Jagmohan, with his characteristic candour, observes: "The light of freedom about which Jawaharlal Nehru spoke so eloquently on the night of August 14-15, 1947, was too weak to pierce through the darkness created by the heaps of garbage which India had collected in her courtyards during the long period of her social and cultural degeneration."

Jihad and the Conflict Between Islam and Christianity Routledge

Kashmir lies at the edge of India's borders

and at the heart of India's consciousness. It is not geography that is the issue; Kashmir also guards the frontiers of ideology. If there was a glow of hope in the deepening shadows of a bitter Partition, then it was Kashmir, whose people consciously rejected the false patriotism of fundamentalism and made common cause with secular India instead of theocratic Pakistan. Kashmir was, as Sheikh Abdullah said and Jawaharlal Nehru believed, a stabilising force for India. Why has that harmony disintegrated? Why has the promise been stained by the blood of rebellion? M.J. Akbar, the celebrated author of *India: The Siege Within*, *Nehru: The Making of India*, *Riot After Riot* and *The Shade of Swords: Jihad and the Conflict between Islam and Christianity* delves deep into the past for the roots of Kashmiriyat, the identity and culture that has blossomed within the ring of mountains for thousands of years. He records Kashmir's struggle in the century to first free itself from feudal oppression and then enter the world of modern India in 1947. Placing the mistakes and triumphs of those early, formative years in the perspective of history, the author goes

on to explain how the 1980s have opened the way for Kashmir's hitherto marginalized secessionists. Both victory and defeat have their lessons; to forget either is to destabilize the future. Kashmir and the mother country are inextricably linked. India cannot afford to be defeated in her Kashmir.

The accession of Kashmir to the Indian Union in 1947 had raised objections both in Kashmir and India, echoes of which continue to be heard even today. At the time, Sheikh Abdullah was the uncrowned king of Kashmir; today, his grave is under security lest it be vandalized. What accounts for this change in attitude? *A Desolation Called Peace* provides important insights to understand the political aspirations of the people of Kashmir and the change in their perceptions since Independence. Written and edited by Kashmiri authors, this collection of ethnographic essays explores the desire for 'azadi' as a historical and indigenous demand. While the accounts traverse the period from before 1947 to the momentous time of 1989 when

militancy began, the essays illustrate how postcolonial politics has impinged on Kashmiri lives and aspirations, thus paving the way for the intractable dispute of today. This anthology of deeply felt essays will enable an understanding of Kashmir beyond the hackneyed tropes that portray the issue reductively as a proxy war, terrorism or a simple law and order situation.

Exodus of Kashmiri Pandits from Kashmir in 1989 was their seventh such exodus since the arrival of Islam in Kashmir in the fourteenth century. This was precipitated by the outbreak of Pakistan-sponsored insurgency across Kashmir Valley in 1989. The radical Islamists targeted Pandits - a minuscule community in Muslim dominated society creating enormous fear, panic and grave sense of insecurity. In the face of ruthless atrocities inflicted on them, the Pandits' sole concern was ensuring their own physical safety and their resolve not to convert to Islam. Over 350,000 Kashmiri Pandits were forced to flee en masse leaving their home and hearth. This was the single largest forced

displacement of people of a particular ethnicity after partition of India. Pandits' travails did not end with the exodus. The obstructive and intimidating attitude of the State administration towards the Pandit refugees made their post-exodus existence even more miserable. The Government at the Centre too remained indifferent to their plight. This book traces the Pandits' economic and political marginalization in the State over the past six decades and covers in detail the events that led to their eventual exodus. In the light of ethnic cleansing of Pandits from the Valley, the book also examines some critical issues so crucial to India's survival as a multi-cultural, liberal and secular democracy.

"Sadhana of Service" reflects Eknathji's thoughts on the personality of an ideal worker. Swami Vivekananda said in one of his speeches that our country had always to wait for the birth of a great man. He leads us for some time and there is no continuity. A grand idea should be sufficient to thousands of people to take it up and follow it. But if that grand idea is

not propagated by a great man, it has no chance of flourishing in our country. His dream was to reverse this trend.

Bewilderment: A Novel Harper Collins
My Frozen Turbulence in Kashmir, the Twelfth Edition of which is now being released, is a land-mark publication. It

narrates and analyses not only the tumultuous events of the author's two terms of Governorship but also of subsequent developments which underline how a tragic blunder of truly historic proportion was committed by the power that be at the Union Government level by not seeing the warning signals hoisted by him. The updated Edition shows how the combined onslaught of subversive, separatists and pro-Pakistan elements was faced, particularly in the wake of Burhan Wani's death. It also shows how the outrageous perfidies of the genre of Uri terror attack were dealt with by Prime Minister Narendra Modi and how a New Resolve was formulated by him with seven ingredients, viz: (I) Exposure of Pakistan at UN Assembly; (II) Boycott of 19th SAARC Summit; (III) Revisiting Indus Water Treaty and Most Favoured Nation Status; (IV) Surgical Strike; (V) Baring the Ugly Face of Pakistani Bred Terrorism At the Multilateral Forum of BRICS; (VI) Deeper Exposure of Pakistan at HEART of Asia-Afghanistan Conference; (VII) Highlighting the Continued Violations of Human Rights in Balochistan and PoK, and Countering Pakistan's Diabolical Disinformation

Campaign with Regard to Kashmir. Finally, the Edition assesses the promise, performance and potential of the new helmsman. It ends with the hope of emergence of a new pattern which is appeasement-free, terror-free, and in which the noblest strands and sinews of India's cultural heritage of treating service to man as service to God are regenerated, from Kashmir to Kanyakumari, providing an illuminating avenue for reaching the goal of a mighty, enlightened and forward-looking India.

In this insightful book, Jagmohan recounts the moments of triumphs and tragedies which he came across during his long and eventful date with Delhi's development, from Jawaharlal Nehru's time till date. His narration and analysis of these moments, in the context of larger forces that have

remained embedded in the post-1947 India, bring under sharp focus a number of fundamental questions that need in-depth consideration of national leadership of all hue and colour: • Why did Nehru, despite his grand vision of a beautiful and balanced growth of Delhi, extend only a weak implementational hand, when it came to actualizing that vision on the ground? • How was it that, while most of her senior party leaders of Delhi lambasted the author and his colleagues for launching a drive to implement some of the clearance-redevelopment projects, Ms. Indira Gandhi experienced a sense of 'thrill and pride', when the results of that drive surfaced on the ground and enhanced the image of the Republic and its Capital, especially in early 1980s, the years of hosting ASIAD, NAM, CHOGAM? • Why were the few remnants of Gandhian Truth, which were seen in Prime Minister Morarji Desai's stand regarding Master Plan schemes, butchered by his Home Ministry bureaucratic caucus and the Shah Commission? • How was it that when, in accordance with pre-Emergency decision of the Central Government and unanimous resolution of the Delhi Municipal

Corporation, the government owned slums of Turkman Gate were cleared, it was given a communal colour and subjected to the most diabolical campaign of calumny known to contemporary Indian history? • What led Prime-Minister A.B. Vajpayee, a nobility-oriented statesman, to act against his own beliefs and change author's portfolio of Urban Development? • Why did Mrs. Sonia Gandhi-Shiela Dikshit regime think that its principal plank for winning Delhi State Assembly Elections and Lok Sabha Elections should be a large reward to those who had ravaged, with impunity, the landscape of Delhi in form of thousands of unauthorized colonies? And why could not rival political parties think of any plan other than competitive negativity? • How is it that "We - the People" hardly ask ourselves: In what type of Delhi do we want to live, and what type of legacy do we wish to bequeath to posterity and to our children and grand children? Do we want our city to become junk-yard of unauthorized constructions, mirroring civic and moral chaos? • Was inaction on the part of the Election Commission to check the existence of an unhealthy clientistic relationship between

the land-grabber/illegal builder/voters and those seeking their votes justifiable? The author has many other posers which extend to the infected ethos of Indian State, Society and Civilization. Nor does the author limit himself to questions and posers. He points to the way out, outlining a broad strategy of action.

Arguably, the greatest achievement of Swami Vivekananda, one of the most celebrated icons of modern India, was the reconstruction of Hinduism. This he accomplished by reforming the religion in India and changing its image in the West. Indeed, the Hinduism that Vivekananda expounded at the Parliament of World's Religions in Chicago was a new, progressive version of an ancient tradition, devoid of the superstitions and distortions

with which it had come to be associated. He revolutionized Hindu faith traditions by turning them into a repository of rational, universal philosophy. This book tries to get to the heart of Swami Vivekananda's legacy and his relevance in the contemporary world. It examines hitherto lesser-known aspects of Swamiji's life and work including his contributions to practical Vedanta, universal religion, science-spirituality and inter-religious dialogue, dharmic secularism, educational philosophy, poetry, and, above all, to the problem of Indian modernity. Despite the abundance of literature available on him, Swami Vivekananda is still not understood adequately, remaining somewhat of an enigma. A fresh reading of the life and times of the Swami by someone who has studied him closely, Makarand R. Paranjape's detailed, thought-provoking account shows that in Vivekananda's visionary thoughts lay the seeds of the creation of a modern India. This book reclaims Swami Vivekananda's stature as a pioneer of contemporary Hindu thought and nationalism.

Basharat Peer was a teenager when the separatist movement exploded in Kashmir in 1989. Over the following years countless young men, seduced by the romance of the militant, fuelled by feelings of injustice, crossed over the Line of Control to train in Pakistani army camps. Peer was sent off to boarding school in Aligarh to keep out of trouble. He finished college and became a journalist in Delhi. But Kashmir—angrier, more violent, more hopeless—was never far away. In 2003, the young journalist left his job and returned to his homeland to search out the stories and the people which had haunted him. In Curfewed Night he draws a harrowing portrait of Kashmir and its people. Here are stories of a young man's initiation into a Pakistani training camp; a mother who watches her son forced to hold an exploding bomb; a poet who finds religion when his entire family is killed. Of politicians living in refurbished torture chambers and former militants dreaming of discotheques; of idyllic villages rigged with landmines, temples which have become army bunkers, and ancient sufi shrines decapitated in bomb blasts. And here is finally the old story of the return

home—and the discovery that there may not be any redemption in it. Lyrical, spare, gutwrenching and intimate, Curfewed

Night is a stunning book and an unforgettable portrait of Kashmir in war.
