God** Hachette UK

INSTANT NATIONAL BESTSELLER A
critically acclaimed, intimate and no-
holds-barred memoir by Canada's top
defence lawyer, *Nothing But the Truth*
weaves Marie Henein's personal story
with her strongly held views on society's
most pressing issues. Marie Henein,
arguably the most prominent lawyer in

the country, has written a memoir that is
at once raw, beautiful, and altogether
unforgettable. Her story, as an
immigrant from a tight-knit Egyptian-
Lebanese family, demonstrates the
value of strong role models—from her
mother and grandmother, to her brilliant
uncle Sami who died of AIDS. She
learned the value of hard work, being
true to herself and others, and
unapologetically owning it all. Marie
Henein shares here her unvarnished
view on the ethical and practical
implications of being a criminal lawyer,
and how the job is misunderstood and
even demonized. Ironically, her most

successful cases made her a “lightning rod” in some circles, confirming her belief that much of the public’s understanding of democracy and the justice system is based on popular culture and social media, and decidedly not the rule of law. As she turns fifty and struggles with the corrosive effect becoming invisible has on women, Marie doubles down on being even more highly visible and opinionated as she deconstructs, among other things, the otherness of the immigrant experience (Where are you really from?), the pros and cons of being a household name in this country, opening her own boutique law firm, and the commoditization of women’s previously unpaid labour popularized by the likes of Martha Stewart. *Nothing But the Truth* is

refreshingly unconstrained and surprising—an account by a woman at the top of her game in a male-dominated world.

When our Catholic faith is challenged, we all struggle with finding the answers to these questions. In *Nothing But the Truth*, Karl Keating leavens history, theology, and apologetics with his characteristic wit and candor, as he

shares accounts of our faith on trial and how he and others respond to each challenge. Readers are treated to a roller coaster ride that carries them from John Henry Cardinal Newman to Ayn Rand, and from Japan to Keating's backyard in San Diego.

Just how do you become a barrister? And why do only 1 per cent of those who study law succeed in joining this mysteriously opaque profession? If it's such a great occupation, how come you work 100-hour weeks for less than minimum wage? And why might a practising barrister come to feel the need to reveal the lies, secrets, failures and crises at the heart of this world of wigs and gowns? *Nothing But The Truth* charts an outsider's progress down the winding path towards practising at the Bar, taking in the sometimes absurd traditions of the Inns of Court, where every meal mandates a glass of port and a toast to the Queen, to the Hunger Games-type contest for pupillage,

through the endlessly frustrating experience of being a junior barrister – as a creaking, ailing justice system begins to convince them that something has to change . . . Full of hilarious, shocking, and surprising stories from their working life, *Nothing But The Truth* tracks the Secret Barrister's transformation from hang 'em and flog 'em, austerity-supporting twenty-something to campaigning, bestselling, reforming author whose writing in defence of the law is celebrated around the globe. It asks questions about what we understand by justice, and what it takes to change our minds. It also reveals the darker side of working in criminal law, and how the things our justice system gets wrong are not the things most people expect. Praise for the

Secret Barrister . . . 'Dishes the dirt — or serves up a slice of reality — on what barristers do' - The Times 'An illuminating and timely insight into the legal system . . . fascinating' - Sunday Express 'Excellent . . . at once a vicious polemic, a helpful primer and a cringe-inducing account of one barrister's travails' - Daily Telegraph

Imagine a world where babies are born and their names are instantly turned into corporations. Where birth certificates are worth millions. Where colonists took the law of the seas and imposed it onto the land. Corporations were classified as 'Persons' and had the ability to control, imprison and extract money from people. Where for certain groups of people, it was illegal to learn how to read and write or even own property. This isn't an imaginary world...this is the 20th century in the UNITED STATES OF AMERICA...allow me to explain.

Mitchell Spence served with one of the largest police forces in the United Kingdom for over 27 years as a police cadet and a regular police officer, becoming a qualified inspector before retiring. As a direct result of his experiences, Mitchell was diagnosed with depression, anxiety and stress, and towards his latter years because of how they targeted him for not "singing the organisational song" and closed ranks against him, he was further diagnosed with Post Traumatic Stress Disorder. Mitchell took it upon himself to write all of his professional life and some of his earlier personal life down as a way to 'tame the beast' we all know as PTSD and conquer it. Throughout those years he witnessed many changes in the role of police officer, some good and some

not so good through the 'thatcher years' and successive governments. During this time, Mitchell always believed in truth and justice, and the fact that police officers were there to uphold the law and not make or break the law. In his book, you, the reader, will be taken through his career as though you were right by his side, witnessing first hand everything he witnessed. There are many books out there to be read but this is probably the only one which will give you the good, the bad and the ugly insights into what policing has been like from the early 80's into the millennium and beyond. Some would refer to his book as a 'warts and all' account but however it is referred to, it is a must read, illustrating its effects on police officers, their families and most importantly you, the reader. That was his

career, his life work. This is his story...*Reader Advisory*Certain sections of this book have adult orientated language but this is the way conversations went for certain scenarios, and the reader must be prepared for these.

"Sanctify Christ as Lord in your hearts, always being ready to make a defense to everyone who asks you to give an account for the hope that is in you, yet with gentleness and reverence." -1 Peter 3:15 Scripture is clear about the fact that

we must be prepared to communicate the truth of the Gospel when given the opportunity—and do it with the right attitude. But even when your tone is gentle and respectful, what, specifically, should you say when asked or confronted about your faith? And what is your overall responsibility to unbelievers as a disciple of Christ? Pastor John MacArthur responds to these very questions and more—with solid, biblical answers focused in four particular areas: * your attitude * your preparedness * the content of your answers * your priority in witnessing Combining a biblical study of evangelism, a rational defense of Christian beliefs, and a practical approach to evangelism, this book offers a well-rounded perspective that can help you gently and confidently give an

answer for the hope you have in Christ.

From the co-author of *Black Mass* comes a gripping YA novel based on the true story of a teenage girl's murder — and a young father's false imprisonment for the crime. On a hot summer night in the late 1980s, in the Boston neighborhood of Roxbury, a fourteen-year-old African-American girl was sitting on a mailbox talking with her friends when she became the innocent victim of gang-related gunfire. Amid public outcry, an immediate manhunt was on to catch the murderer, and a young African-American man was quickly apprehended, charged, and — wrongly — convicted of the crime. Dick Lehr, a former reporter for the *Boston Globe's* famous Spotlight Team

who worked on this story three decades ago, brings the case to light once more with *Trell*, a page-turning novel about the daughter of the imprisoned man, who persuades a reporter and a lawyer to help her prove her father's innocence. What pieces of evidence might have been overlooked? Can they manage to get to the truth before a dangerous character from the neighborhood gets to them?
