Portugal is an established member of the European Union, one of the founders of the euro currency and a founder member of NATO. Yet it is an inconspicuous and largely overlooked country on the continent's south-west rim. In the fifteenth- and sixteenth-century Age of Discovery the Portuguese led Europe out of the Mediterranean into the Atlantic and they brought Asia and Europe together. Evidence of their one-time four-continent empire can still be felt, not least in the Portuguese language which is spoken by more than 220 million people from Brazil, across parts of Africa to Asia. Analyzing present-day society and culture, The Portuguese also considers the nation's often tumultuous past. The 1755 Lisbon earthquake was one of Europe's greatest natural disasters, strongly influencing continental thought and heralding Portugal's extended decline. The Portuguese also weathered Europe's longest dictatorship under twentieth-century ruler Ant nio Salazar. A 1974 military coup, called the Carnation Revolution, placed the Portuguese at the centre of Cold War attentions. Portugal's quirky relationship with Spain, and with its oldest ally England, is also scrutinized. Portugal, which claims Europe's oldest fixed borders, measures just 561 by 218 kilometres . Within that space, however, it offers a patchwork of widely differing and beautiful landscapes. With an easygoing and seductive lifestyle expressed most fully in their love of food, the Portuguese also have an anarchical streak evident in many facets of contemporary life. A veteran journalist and commentator on Portugal, the author paints an intimate portrait of a fascinating and at times contradictory country and its people.

Mapping Foreign Correspondence in Europe LOS LIBROS DE LA CATARATA

"An Introduction to Visual Research Methods in Tourism", is the first book to present, discuss and promote the use of a range of visual methods, including still images (such as photographs, postcards, drawings) and moving images (such as video) within the context of tourism research. The book focuses on key issues

important for students, researchers and academics actively doing visual tourism research or those who are contemplating using these methods. These range from the questions surrounding philosophical approaches, (inter)disciplinary location, range and choice of methods, implementation and data analysis techniques to provide an essential guide to using visual methods in tourism research. While recognising that visual methods are predominantly employed within qualitative research, this text will discuss various philosophical approaches and academic disciplines indicating how these influence a particular choice of visual method, mode of implementation and type of analysis. In this regard this book will incorporate perspectives from a range of disciplines including anthropology, geography and sociology, demonstrating how these might be applied within the context of studies in tourism. The discussions surrounding these key issues are supplemented with international case studies from existing research to show how these methods are used in practice. In addition to this practical tip boxes are included to help avoid some of the pitfalls associated with visual research. This book is an essential guide for tourism students, academics and researchers embarking on research using visual methodology in this field.

The Ascent of Money Elsevier

Professor Saraiva's multi-volume History of Portugal is a celebrated scholarly standard work. Yet, when he published a one-volume Historia Concisa, it proved a run-away best seller in Portugal, and the television series that went with it became a chart-topper. His latest book, produced especially for Carcanet's Aspects of Portugal series, is a history of his country, brief, acute and illuminating, written with scholarly insight and with non-specialist foreign readers specifically in mind. To this main text Ian Robertson, author of the well-known Blue Guide to Portugal, has added a historical gazeteer, brief biographies, chronological tables, maps and other elements which make this an essential Companion, the sort of book that a reader in need of accurate, brief and lucid reference will find useful, and every visitor to Portugal will find rewarding. The book is generously illustrated. Carcanet Press

This volume presents the book of abstracts and programme for

the Migration Conference 2018 hosted by ISEG and IGOT at Universidade de Lisboa, Portugal from 26 to 28 June 2018. It covers about 140 sessions and over 600 contributors from about 60 countries joining from around the world.

A Revealing Portrait of an Inconspicuous and Fascinating Country Leya

Struggling with painful truths about the husband she lost two years earlier, landscape architect Lamour Harrington returns to her coastal childhood home, where she discovers dangerous secrets, two mysterious men, and a renewed sense of courage. By the author of The Hotel Riviera. Reprint.

Comprender Portugal Simon and Schuster

Lisbon's charm is legendary, but its vibrant 2,000-year history is not widely known, from its Roman legacy to its centuries under Moorish rule. Its journey from port town to Portugal's capital was not always smooth sailing--in 1755 the city was devastated by the largest earthquake ever to strike modern Europe, followed by a catastrophic tsunami and a six-day inferno that turned sand to glass. Barry Hatton unearths these forgotten memories in a vivid account of Lisbon's colourful past and present, bringing to life the 1147 siege during the Iberian reconquista, the assassination of the king, the founding of a republic and the darkness of a modern dictatorship. He reveals the rich, international heritage of Portugal's metropolis--the gateway to the Atlantic and the unrivalled Queen of the Sea.

The Murmuring Coast PublicAffairs

Lisbon had a pivotal role in the history of World War II, though not a gun was fired there. The only European city in which both the Allies and the Axis power operated openly, it was temporary home to much of Europe's exiled royalty, over one million refugees seeking passage to the U.S., and a host of spies, secret police, captains of industry, bankers, prominent Jews, writers and artists, escaped POWs, and black marketeers. An operations officer writing in 1944 described the daily scene at Lisbon's airport as being like the movie "Casablanca," times twenty. In this riveting narrative, renowned historian Neill Lochery draws on his relationships with high-level Portuguese contacts, access to records recently uncovered from Portuguese secret police and banking archives, and other unpublished documents to offer a

revelatory portrait of the War's back stage. And he tells the story of how Portugal, a relatively poor European country trying frantically to remain neutral amidst extraordinary pressures, survived the war not only physically intact but significantly wealthier. The country's emergence as a prosperous European Union nation would be financed in part, it turns out, by a cache of Nazi gold.

When Jonah was swallowed by the big fish, he was trying to escape to what is now Portugal. Here, Hannibal discovered the warriors, weapons and gold, to march on Rome; and Julius Caesar found the fortune that paid the way to his conquests of Gaul and England. During the Dark Ages further north, Portugal's Arab rulers made it part of the world's most advanced civilization. After the Norman conquest of Lisbon, the new Portugal bankrupted Venice and became the wealthiest nation in Europe. Before he became Pope John XXI, Joao Hispano of Lisbon wrote one of the first modern medical textbooks, consulted through much of Europe more than a century later. Portuguese Jews introduced tulips, chocolate and diamonds to Holland. The Portuguese gave the English afternoon tea, and Bombay, the key to empire. They brought to Africa protection from malaria, and slave-shipments to America; to India, higher education, curry and samosas; to Japan, tempura and firearms. Portugal entered the 21st century as the first European nation to have freed itself from communism, returned to democracy and set about rebuilding itself as a vital part of the new Europe. - Cover flap.

An Introduction to Visual Research Methods in Tourism
Oxford University Press

This captivating tale is told in two parts. The first presents Lidia Jorge's version of a traditional story about a series of supposed incidents set in Beira, Mozambique. The events take place in the final years of Portugal's colonial African wars as an undisclosed narrator describes the military wedding of a young Portuguese ensign and an equally young bride. The wedding is followed by the mass poisoning of hundreds of native Africans and the arrival of a rain of locusts. The story ends grimly with the groom's suicide. Evita Lopo, the unnamed bride from the first part, narrates the remainder of the story. Twenty years have gone by and she reviews the past and questions the unidentified narrator's rendering of events in the first section. Evita's reminiscences

destroy the credibility of the earlier story, and she supplies the reader with a great deal of information that the author of the previous account had suppressed or to which he or she merely alluded. It becomes apparent that betrayal and guilt have motivated all of the characters' actions.

History of Portugal INTERNATIONAL MONETARY FUND

In 1521, Suleiman the Magnificent, Muslim ruler of the Ottoman Empire, dispatched an invasion fleet to the Christian island of Rhodes. This would prove to be the opening shot in an epic clash between rival empires and faiths for control of the Mediterranean and the center of the world. In *Empires of the Sea*, acclaimed historian Roger Crowley has written a thrilling account of this brutal decades-long battle between Christendom and Islam for the soul of Europe, a fast-paced tale of spiraling intensity that ranges from Istanbul to the Gates of Gibraltar. Crowley conjures up a wild cast of pirates, crusaders, and religious warriors struggling for supremacy and survival in a tale of slavery and galley warfare, desperate bravery and utter brutality. *Empires of the Sea* is a story of extraordinary color and incident, and provides a crucial context for our own clash of civilizations.

The Siege of Malta, the Battle of Lepanto, and the Contest for the Center of the World Macmillan

Portugal is an established member of the European Union, one of the founders of the euro currency and a founding member of NATO. Yet it is an inconspicuous and largely overlooked country on the continent's southwest rim. Barry Hatton shines a light on this enigmatic corner of Europe by blending historical analysis with entertaining personal anecdotes. He describes the idiosyncrasies that make the Portuguese unique and surveys the eventful path that brought them to where they are today. Portugal, which claims Europe's oldest fixed borders, measures just 561 by 218 kilometers. Within that space, however, it offers a patchwork of widely differing and beautiful landscapes. With an easygoing and seductive lifestyle expressed most fully in their love of food, the Portuguese also have an anarchical streak evident in many facets of contemporary life. A veteran journalist and commentator on Portugal, the author gives a thorough overview of his adopted country.

World Economic Outlook, April 2020 Carcanet

Comprender Portugal es una introducción a la historia y a la cultura de un país tan cercano como ignorado. Sus páginas —ahora revisadas, a propósito de esta segunda edición— acogen una reflexión sobre por qué Portugal existe como instancia independiente, una consideración general de la historia del país, una aproximación a la literatura portuguesa, una reflexión sobre la relación de Portugal y Galicia a través de la lengua y una miscelánea en la que se sopesan elementos varios, como las relaciones de Portugal con Brasil, la cocina portuguesa, el fado, el fútbol y, en fin, la arquitectura manuelina.

How Their Ideas Can Help Us Today Routledge

A Financial Times Sports Books of the Year. Cristiano and Leo is the fascinating account of the lives and rivalry between two of the best footballers to ever play the game, Ronaldo and Messi, by Jimmy Burns the bestselling author of Maradona: The Hand of

God. The rivalry between Ronaldo and Messi has defined football to a generation of fans – everyone has an opinion on who is the greatest. Do you prefer Ronaldo whose work ethic and physique have been honed for one purpose – scoring goals. Or Messi, whose superhuman natural talent means he can do the seemingly impossible with a football. Between them they have scored over 1300 goals, won the Ballon d’Or ten times, and taken the beautiful game to even greater heights. But statistics alone cannot do justice to their skill, athleticism and dedication to stay at the top for so long of one of the most competitive sports in the world. Cristiano and Leo tells their definitive story, from children kicking a ball halfway around the world from each other to facing each other in the epic clash El Clásico, between Real Madrid and Barcelona. This is the essential book to understand one the most compelling rivalries in sporting history.

Portugal: A Companion History CIMMYT

From William Dalrymple—award-winning historian, journalist and travel writer—a masterly retelling of what was perhaps the West’s greatest imperial disaster in the East, and an important parable of neocolonial ambition, folly and hubris that has striking relevance to our own time. With access to newly discovered primary sources from archives in Afghanistan, Pakistan, Russia and India—including a series of previously untranslated Afghan epic poems and biographies—the author gives us the most immediate and comprehensive account yet of the spectacular first battle for Afghanistan: the British invasion of the remote kingdom in 1839. Led by lancers in scarlet cloaks and plumed helmets, and facing little resistance, nearly 20,000 British and East India Company troops poured through the mountain passes from India into Afghanistan in order to reestablish Shah Shuja ul-Mulk on the throne, and as their puppet. But after little more than two years, the Afghans rose in answer to the call for jihad and the country exploded into rebellion. This First Anglo-Afghan War ended with an entire army of what was then the most powerful military nation in the world ambushed and destroyed in snowbound mountain passes by simply equipped Afghan tribesmen. Only one British man made it through. But Dalrymple takes us beyond the bare outline of this infamous battle, and with penetrating, balanced insight illuminates the uncanny similarities between the West’s first disastrous entanglement with Afghanistan and the situation today. He delineates the straightforward facts: Shah Shuja and President Hamid Karzai share the same tribal heritage; the Shah’s principal opponents were the Ghilzai tribe, who today make up the bulk of the Taliban’s foot soldiers; the same cities garrisoned

by the British are today garrisoned by foreign troops, attacked from the same rings of hills and high passes from which the British faced attack. Dalrymple also makes clear the byzantine complexity of Afghanistan’s age-old tribal rivalries, the stranglehold they have on the politics of the nation and the ways in which they ensnared both the British in the nineteenth century and NATO forces in the twenty-first. Informed by the author’s decades-long firsthand knowledge of Afghanistan, and superbly shaped by his hallmark gifts as a narrative historian and his singular eye for the evocation of place and culture, *The Return of a King* is both the definitive analysis of the First Anglo-Afghan War and a work of stunning topicality.

[The Great Economists](#) Oxford University Press

The book studies the current trends of foreign correspondence in Europe. The EU’s expansion has had abundant effects on news coverage and some of the European capitals have become home to the biggest international press corps in world. So, who are these "professional strangers" stationed in Europe and how do they try to make their stories, that are clearly important in today’s interconnected world, interesting for viewers and readers? This book represents the first Pan-European study of foreign correspondents and their reporting. It includes chapters from 27 countries, and it aims to study them and the direction, flow and pattern of their coverage, as well as answer questions regarding the impact of new technologies on the quantity, frequency and speed of their coverage. Do more sophisticated communications tools yield better international news coverage of Europe? Or does the audience’s increasing apathy and the downsizing of the foreign bureaus offset these advances? And how do the seemingly unstoppable media trends of convergence, commercialization, concentration, and globalization affect the way Europe and individual European countries are reported?
