## **BALLARD CABRERA**

**Grammar Smart** The Princeton Review Correct English usage as it's never been taught before: lucidly, memorably, and humorously -- for all ages.

*A Guide to Perfect Usage* Independently Published

Provides information on manuscript preparation, punctuation, spelling, quotations, captions, tables, abbreviations, references, bibliographies, notes, and indexes, with sections on journals and electronic media.

*The Infographic Guide to Grammar*  
 Princeton Review

Presents grammar concepts, such as the parts of speech, sentence structure, and punctuation, by telling a story about a group of children watching television.

*Grammar Girl's Quick and Dirty Tips for Better Writing* Adams Media

A guide to English language grammar covers the parts of speech, sentences, and punctuation along with information on writing style and a collection of quizzes.

*A Student's Guide* 20 Minutes a Day

Good grammar is essential for effective communication. Yet many of us are plagued by the same nagging question: If I'm so smart why does grammar make me feel so dumb? Grammar For Smart People can help. Here at last, is a lively, user-friendly guide that zeroes in on the areas

that give everyone the most trouble, and it does it with an advantage most grammar books lack - a light touch. You won't feel as though you're back in the fifth grade, diagramming sentences and struggling with a grammar textbook filled with dull, unbreakable rules.

*A Guide to Writing Sentences and Paragraphs* Princeton Review

SUMMARY THE ENGLISH GRAMMAR WORKBOOK A SELF-STUDY GUIDE TO IMPROVE FUNCTIONAL WRITING Grammar is the base of the language, without the knowledge of words, spellings, and their pronunciations. Besides gaining expertise in English, grammar can help in many other ways...

## Paperbacks

My guide to Japanese grammar has been helping people learn Japanese as it's really spoken in Japan for many years. If you find yourself frustrated that you can't understand Japanese movies or books despite having taken Japanese classes, then this book is for you. It will help you finally understand those pesky particles and break down grammatical concepts that will allow you to comprehend anything from simple to very complex sentences. You will also learn Japanese that's spoken by real people including casual speech patterns and slang, stuff that's often left out in most textbooks. Don't take my word for it, just check out my website and order this book to have it handy wherever you go.

**Grammar for Smart People** Grammar SmartThe Savvy Student's Guide to Perfect Usage

A complete planning tool, *The Grammar Plan Book* has two complementary parts. Part one describes an overarching framework for high-quality grammar instruction in conjunction with the process of writing. Then in part two, Weaver presents an exceptional tool for preparing to teach grammar related to improving writing: a minimal grammar handbook for teachers that doubles as a lesson planner. Everything you need to know to teach major grammatical options, stylistic features, and conventions is included. Then in part two, Weaver presents an exceptional tool for preparing to teach grammar related to improving writing: a minimal grammar handbook for teachers that doubles as a lesson planner. Everything you need to know to teach major grammatical options, stylistic features, and conventions is included. *A Visual Reference for Everything You Need to Know* Independently Published

**The Anarchist's Guide to Grammar:** "Banish the "rules" of grammar in the U.S.!" is the revolution called for by author Val Dumond. "Scary? Of course, but drastic measures must be taken. Just look at the state of language today! The time is now! Stand up and reclaim it!" "We've been taking U.S. language for granted," claims this long-time writer. We make several assumptions: 1) that we have a language called "Proper English"; 2) that a set of "rules" lies in some mysterious place, written by some mysterious authority; 3) that one must follow those "rules" to speak and write correctly. Not so! The time has arrived to banish what we call "rules" and expose the assumptions." Dumond asks: What would happen if we all spoke the language of our heritage? We would quickly learn the

sound of the Tower of Babel - since US-language has come about by combining languages from (at least) 150 countries around the world. As immigrants enter the country, they bring with them new ideas, cultures, foods, music, and language. As they become settled, they combine their culture with US-ers, thus enriching all of us in the United States, including our language. In an amusing Introduction, Val explains how we have assumed there exists an incontrovertible set of grammar "rules" to be followed in order to speak proper, correct, good English. "We're not in England anymore!" she points out. Oh yes, we started out with British "rules," but as we declared our independence, language changed, and continues to change. Do you really understand ordinary British English? Numerous pundits over time have drawn up what they consider the "rules" of grammar and forced them on their students. Yet, when those students run up against someone who studied a different set of "rules," confusion and doubt rear their heads. Must we in the U.S. speak "proper English" or do we have a language all our own? After clarifying the conundrum of US-language, Dumond offers guidelines to aid writers in determining what constitutes understandable language. Those guidelines don't depend on memorizing all the crazy names for the parts of language, but rather the guidelines focus on how those parts function. Nouns and pronouns become Things; adjectives and adverbs become Modifiers; punctuation becomes Rules of the Road - all presented in easily understood language, with examples to boot. Included in the guidelines are ways to decide which nouns to capitalize how to discern the difference between plural and possessive nouns how pronouns perform ways to vary word modifiers how to add modifying phrases and clauses use of the little words that serve as the glue to connect words into sentences how to use the dots, dashes, and curly cues we call punctuation. But she doesn't stop there. Writers will especially enjoy the freedom offered to create new words and put together sentences and paragraphs. She offers suggestions to use numbers and inclusive language, as well as offering four ways to improve spelling. The solution to the confusion of US-language seems so simple. Look at the "rules" that come close to your interpretation, then modify them to make them work for you. Set up Your Style Manual, rather than depend on style manuals put together according to some other group's interpretations. And she shows you how. All this is included in *The Anarchist's Guide to Grammar*: toss out

the assumptions, clarify them, pick up some basic, helpful guidelines, and write with power and assurance. No longer will you need to ask, "What are the rules for writing Proper English?" At last, you'll understand why there aren't any. At last you can write your own guidelines.

**A Guide to Japanese Grammar** Macmillan

This newly updated and revised *Grammar Success in 20 Minutes a Day* helps students write and speak without mistakes, and master English and grammar on standardized tests--and all it takes is 20 minutes a day!

**More Word Smart** Penguin

Guide and workbook for students on English grammar, usage, and punctuation. *The Grammar Plan Book* Ten Speed Press Online sensation Grammar Girl makes grammar fun and easy in this New York Times bestseller Are you stumped by split infinitives? Terrified of using "who" when a "whom" is called for? Do you avoid the words "affect" and "effect" altogether? Grammar Girl is here to help! Mignon Fogarty, a.k.a. Grammar Girl, is determined to wipe out bad grammar—but she's also determined to make the process as painless as possible. A couple of years ago, she created a weekly podcast to tackle some of the most common mistakes people make while communicating. The podcasts have now been downloaded more than twenty million times, and Mignon has dispensed grammar tips on Oprah and appeared on the pages of *The New York Times*, *The Wall Street Journal*, and *USA Today*. Written with the wit, warmth, and accessibility that the podcasts are known for, *Grammar Girl's Quick and Dirty Tips for Better Writing* covers the grammar rules and word-choice guidelines that can confound even the best writers. From "between vs. among" and "although vs. while" to comma splices and misplaced modifiers, Mignon offers memory tricks and clear explanations that will help readers recall and apply those troublesome grammar rules. Chock-full of tips on style, business writing, and effective e-mailing, *Grammar Girl's* print debut deserves a spot on every communicator's desk.

**A One-Stop Source for Every Writing Assignment** Princeton Review

NEW YORK TIMES BESTSELLER • A sharp, funny grammar guide they'll actually want to read, from Random House's longtime copy chief and one of Twitter's leading language gurus NAMED ONE OF THE BEST BOOKS OF THE YEAR BY *O: The Oprah Magazine* • Paste • Shelf Awareness "Essential (and delightful!)"—*People We all write, all the time: books, blogs, emails.*

Lots and lots of emails. And we all want to write better. Benjamin Dreyer is here to help. As Random House's copy chief, Dreyer has upheld the standards of the legendary publisher for more than two decades. He is beloved by authors and editors alike—not to mention his followers on social media—for deconstructing the English language with playful erudition. Now he distills everything he has learned from the myriad books he has copyedited and overseen into a useful guide not just for writers but for everyone who wants to put their best prose foot forward. As authoritative as it is amusing, Dreyer's English offers lessons on punctuation, from the underloved semicolon to the enigmatic en dash; the rules and nonrules of grammar, including why it's OK to begin a sentence with "And" or "But" and to confidently split an infinitive; and why it's best to avoid the doldrums of the Wan Intensifiers and Throat Clearers, including "very," "rather," "of course," and the dreaded "actually." Dreyer will let you know whether "alright" is all right (sometimes) and even help you brush up on your spelling—though, as he notes, "The problem with mnemonic devices is that I can never remember them." And yes: "Only godless savages eschew the series comma." Chockful of advice, insider wisdom, and fun facts, this book will prove to be invaluable to everyone who wants to shore up their writing skills, mandatory for people who spend their time editing and shaping other people's prose, and—perhaps best of all—an utter treat for anyone who simply revels in language. Praise for Dreyer's English "Playful, smart, self-conscious, and personal . . . One encounters wisdom and good sense on nearly every page of Dreyer's English."—The Wall Street Journal "Destined to become a classic."—The Millions "Dreyer can help you . . . with tips

on punctuation and spelling. . . . Even better: He'll entertain you while he's at it."—Newsday

**A Grammar Book for You and I-- Oops, Me!** Princeton Review

A revised guide to building a better vocabulary features more than eight hundred words one needs in order to communicate effectively, be more persuasive, get more from reading, and impress people. Original. 65,000 first printing.
