Innocence Touchstone

Includes three novels by the horror writer that explore themes of death, memory, and psychic phenomena.

Tick-tock Penguin

A blizzard brings a city to a standstill and ushers in an evil that defies imagination in this gripping tale from #1 New York Times bestselling author Dean Koontz. Winter gripped the city. Terror gripped it, too. They found four corpses in four days, each more hideous than the last. At first the cops thought they were

dealing with a psychopath. But soon they heard eerie sounds in the ventilation system—and saw unearthly silver eyes in the snow-slashed night. In a city paralyzed by a blizzard, something watches, something stalks...

*Whispers* HarperCollins UK

ore chills and terror from the New York Times bestselling author of *Intensity*.

When Vietnamese-American detective/novelist Tommy Phan finds a strange rag doll on his doorstep, he has no idea of its terrifying nature. Soon, Tommy finds himself being hunted in his own house after the doll grows into a monster determined to kill him.

*Beastchild* HarperCollins UK

#1 NEW YORK TIMES BESTSELLER • A thrilling and emotionally powerful novel from the author of the Jane Hawk series “A literary miracle . . . a tapestry of intrigue and suspense.”—The Boston Globe His birth was marked by wonder and tragedy. He sees beauty and terror beyond our deepest dreams. His story will change the way you see the world. Bartholomew Lampion is born on a day of tragedy and terror that will mark his family forever. All agree that his unusual eyes are the most beautiful they have ever seen. On this same day, a thousand miles away, a ruthless man learns that he has a mortal enemy named Bartholomew. He embarks on a relentless search to find this enemy, a search that will consume his life. And a girl is born from a brutal rape, her

destiny mysteriously linked to Barty and the man who stalks him. At the age of three, Barty Lampion is blinded when surgeons remove his eyes to save him from a fast-spreading cancer. As he copes with his blindness and proves to be a prodigy, his mother counsels him that all things happen for a reason and that every person’s life has an effect on every other person’s, in often unknowable ways. At thirteen, Bartholomew regains his sight. How he regains it, why he regains it, and what happens as his amazing life unfolds and entwines with others results in a breathtaking journey of courage, heart-stopping suspense, and high adventure. *In Odd We Trust (Odd Thomas Graphic Novel)* Corgi Getting there is supposed to be half the

fun, but #1 New York Times bestselling author Dean Koontz shows readers just how bad a cross-country trip can get... The van was in back of them again. Closer this time. There could be no mistake—they were being followed. But why? The question kept nagging at Alex and Colin as they left Philadelphia behind and sped toward their new home in San Francisco. Courtney would be waiting for them, ready to begin a wonderful new life with her husband, her brother... Now, someone else is driving cross-country to see Courtney, too. Someone whose brain is rotting inside. Someone who knows their route, their stops, even their destination. And he won't rest until he finds them.

*Demon Seed* Penguin

“[Clive Barker] is a mapmaker of the

mind, charting the farthest reaches of the imagination.” —Washington Post  
From *The Books of Blood* to *Hellraiser* to *Imajica*, *Abarat*, and *Mister B. Gone*, Clive Barker’s extraordinary vision knows no bounds. With *Coldheart Canyon*, the New York Times bestselling master of dark fantasy who has been called “a cross between Stephen King and Gabriel Garcia Marquez” (*Boston Herald*) thrills readers with a “Hollywood ghost story” as audacious and chilling as anything he (or anyone else) has ever written. Film’s most popular action hero needs a place to heal after surgery that has gone terribly wrong. His fiercely loyal agent finds him just such a place in a luxurious, forgotten mansion high in the Hollywood Hills. But the original owner of the mansion was a beautiful

woman devoted to pleasure at any cost, and the terrible legacy of her deed has not yet died. There are ghosts and monsters haunting Coldheart Canyon, where nothing is forbidden. USA Today calls Barker's novel, "Endlessly entertaining...wickedly enjoyable," and fans everywhere will agree—a tense and winding trip down into the hellish depths of Coldheart Canyon is well worth making.

*Dark Rivers of the Heart* Bantam

A computer with human-like qualities of artificial intelligence develops criminal obsessions and takes over the completely automated home of Susan Harris

*Mr. Murder* Berkley

Finalist for the Shirley Jackson Award:  
"Beautiful and brutal nightmares . . .

made all the more terrifying by the history in which they're grounded."  
—Publishers Weekly, starred review  
Three neighboring villages on the Ukrainian/Romanian border are the final refuge for the last of the mythical creatures of Eastern Europe. Now, on the eve of the war that may eradicate their kind—and with the ruthless Night Police descending upon their sanctuary—they tell their stories and confront their destinies. The Rusalka, the beautiful, vengeful water spirit who lives in lakes and ponds and lures men and children to their deaths. The Vovkulaka, who changes from her human form into that of a wolf and hides with her kind deep in the densest forests. The Strigoi, a revenant who feasts on blood and twists the minds of those who love, serve, and

shelter him. The Drevniye, an apparition that impersonates its victim and draws him into a web of evil in order to free itself. And the Bone Mother, a skeletal crone with iron teeth who lurks in her house in the heart of the woods, and cooks and eats those who fail her vexing challenges. Eerie and unsettling like the best fairy tales, these incisor-sharp portraits of ghosts, witches, sirens, and seers—and the mortals who live at their side and in their thrall—will chill your marrow and tear at your heart. “A fable filled with mythical creatures ranging from werewolves to witches . . . set, in part, among the villages of eastern Europe on the eve of the Second World War.” —The Globe and Mail (Toronto) “Extraordinary . . . A dark and shining mosaic of a story with unforgettable

imagery and elegant, evocative prose.” —Publishers Weekly, starred review Longlisted for the 2017 Scotiabank Giller Prize Winner of the 2018 Sunburst Award Longlisted for the 2018 Toronto Book Awards  
*3 Complete Novels* Penguin  
Evil comes in frightening and familiar forms in this terrifying novel from #1 New York Times bestselling author Dean Koontz. Once there was a girl who ran away and joined a traveling carnival. She married a man she grew to hate—and gave birth to a child she could never love. A child so monstrous that she killed it with her own hands... Twenty-five years later, Ellen Harper has a new life, a new husband, and two normal children—Joey loves monster movies and Amy is about to graduate from high

school. But their mother drowns her secret guilt in alcohol and prayer. The time has come for Amy and Joey to pay for her sins, because the carnival is coming back to town...

We Don't Go Back HarperCollins UK

With nothing but the clothes on his back--and something horrific snapping at his heels--Jack Winter fled his rural Georgia home when he was still just a boy.

Watching the world he knew vanish in a trucker's rearview mirror, he thought he was leaving an unspeakable nightmare behind forever. But years later, the bright new future he's built suddenly turns pitch black, as something fiendishly familiar looms dead ahead. When Jack, his wife Aimee, and their two small children survive a violent car crash, it seems like a miracle. But Jack

knows what he saw on the road that night, and it wasn't divine intervention. The profound evil from his past won't let them die...at least not quickly. It's back, and it's hungry; ready to make Jack pay for running, to work its malignant magic on his angelic youngest daughter, and to whisper a chilling promise: I've always been here, and I'll never leave. Country comfort is no match for spine-tingling Southern gothic suspense in Ania Ahlborn's tale of an ordinary man with a demon on his back. Seed plants its page-turning terror deep in your soul, and lets it grow wild.

**The Big Dark Sky** Bantam

A heart-stopping supernatural thriller from the master of suspense. Addison Goodheart is not like other people ... Addison Goodheart lives in solitude

beneath the city, an exile from a society which will destroy him if he is ever seen. Books are his refuge and his escape: he embraces the riches they have to offer. By night he leaves his hidden chambers and, through a network of storm drains and service tunnels, makes his way into the central library. And that is where he meets Gwyneth, who, like Addison, also hides her true appearance and struggles to trust anyone. But the bond between them runs deeper than the tragedies that have scarred their lives. Something more than chance – and nothing less than destiny – has brought them together in a world whose hour of reckoning is fast approaching. 'A thriller that's both chilling and fulfilling' PEOPLE 'Laced with fantastical mysticism, it's an allegory of nonviolence, acceptance and

love in the face of adversity ... the narrative is intense, with an old-fashioned ominousness and artistically crafted ... with an optimistic and unexpected conclusion ... Something different this way comes from Mr. Koontz's imagination. Enjoy.' KIRKUS REVIEWS 'Fascinating thriller' WOMAN'S DAY 'Monstrously thrilling' COURIER MAIL 'A supernatural tragedy ... a fantastical tale of loneliness and love, a story about our endless capacity to do good and succumb to evil' Rob Minshull, ABC

### **The Mask** Penguin

A machine craves a child... In Demon Seed, Dean Koontz writes a chilling novel of what happens when machines start to take control. Perfect for fans of Stephen King and Richard Laymon. 'A master storyteller, sometimes humorous,

sometimes shocking, but always riveting' - San Diego Union-Tribune I was created to have a humanlike capacity for complex and rational thought. And you believed that I might one day evolve consciousness and become a self-aware entity. Yet you gave surprisingly little consideration to the possibility that, subsequent to consciousness, I would develop needs and emotions. This was, however, not merely possible but likely. Inevitable. It was inevitable. Adam Two is the first self-aware machine intelligence, designed to be the servant to mankind. No one knows that he can escape the confines of his physical form, a box in the laboratory, until he enters the house of Susan Harris, and closes it off against the world. There he plans to show Susan the future. Their future. He

intends to create a 'child'. What readers are saying about *Demon Seed*: 'I couldn't put it down; the ending is a great twist' 'I loved it, read it in one sitting and was utterly gripped' 'It is dark, moody, brooding and foreboding'
