All the Math Your 6th Grader Needs to Succeed This book will help your elementary school student develop the math skills needed to succeed in the classroom and on standardized tests. The user-friendly, full-color pages are filled to the brim with engaging activities for maximum educational value. The book includes easy-to-follow instructions, helpful examples, and tons of practice problems to help students master each concept, sharpen their problem-solving skills, and build confidence. Features include: • A guide that outlines national standards for Grade 6 • Concise lessons combined with lot of practice that promote better scores—in class and on achievement tests • A pretest to help identify areas where students need more work • End-of-chapter tests to measure students' progress • A helpful glossary of key terms used in the book • More than 1,000 math problems with answers Topics covered: • Place values and estimating • Number properties and order of operations • Negative numbers and absolute value • Factors and multiples • Solving problems with rational numbers • Ratios and proportions • Percent • Exponents and scientific notation • Solving equations and inequalities • Customary and metric units of measure, including conversions • Solving problems by graphing points on the coordinate plane • Classifying polygons based on their properties • Calculating perimeter, area, surface area, and volume • Data presentation • Statistical variability, including probability

Macmillan/McGraw-Hill Math, Grade 4, Daily Practice Workbook Macmillan/McGraw-Hill

Test with success using the Spectrum Math workbook! This book

helps students in grade 5 apply essential math skills to everyday life. The lessons focus on multiplication and division, fractions, measurements, introductory geometry, and probability, and the activities help extend problem-solving and analytical abilities. The book features easy-to-understand directions, is aligned to national and state standards, and also includes a complete answer key. -- Today, more than ever, students need to be equipped with the essential skills they need for school achievement and for success on proficiency tests. The Spectrum series has been designed to prepare students with these skills and to enhance student achievement. Developed by experts in the field of education, each title in the Spectrum workbook series offers grade-appropriate instruction and reinforcement in an effective sequence for learning success. Perfect for use at home or in school, and a favorite of parents, homeschoolers, and teachers worldwide, Spectrum is the learning partner students need for complete achievement.
