*Iceberg, Right
Ahead!*

Matador
Murder is the
most vile
crime known
to man. It can
be triggered
by love or
money or sex.
Those are the
three big

ticket items
for homicide.
But people are
strange. They
will kill for the
most obscure
and ridiculous
of reasons. In
30 years
covering
murder, I have
discovered
each one has
its own
flavour. Cops
and friends

can be
stunned by
the evil
lurking within
a seemingly
ordinary man
or woman. In
this collection
of some of the
most
memorable
cases I've
reported on,
there are
serial killers,
rich kid

monsters, football stars and wives in pursuit of hormone-charged hijinks... The very rich and the very poor. Successful lawyers and hotel executives. Southern belles who could melt butter with a come hither wink and a sexy drawl. Daddy's girls with gleaming smiles, good marks and possessed by the devil. These are stories of American crimes and they stretch from coast to

coast. You will find cheating husbands and wives so desperate for love that they'll kill for it. When the mob kills, it's never personal. It's strictly business. With the murderers in Cold Blooded Murder, it's ALWAYS personal. Shadow of the Titanic HarperCollins UK Color, 55 Mins., Not Rated. **Shadow of the Titanic** Avon The greatest story in modern

history has a new chapter.... Posing as newlyweds, two ruthless thieves board the Titanic to rob its well-heeled passengers. But an even more shocking plan is afoot—a sensational scheme that could alter the fate of the world's most famous ship. BookShots LIGHTNING-FAST STORIES BY JAMES PATTERSON Novels you can devour in a few hours Impossible to stop reading All original content from

"Time is no
more for the
fifteen
hundred souls
who perished
with them; but
Honour and
Glory, by
strange ways
and unlooked-
for events,
have come
into their own.
It was not
Time, nor the
creatures and
things of
Time, that
received their
final crown
there; but
things that
have nothing
to do with
Time, qualities
that, in their
power of rising
beyond all
human

limitations, we
must needs
call divine."
"To say that
all the men
who died on
the Titanic
were heroes
would be as
absurd as to
say that all
who were
saved were
cowards.
There were
heroes among
both groups
and cowards
among both
groups, as
there must be
among any
large number
of men." "In
such moments
all artificial
bonds are
useless. It is
what men are
in themselves
that
determines

their conduct;
and discipline
and conduct
like this are
proofs, not of
the superiority
of one race
over another,
but that in the
core of human
nature itself
there is an
abiding
sweetness
and
soundness
that fear
cannot
embitter nor
death
corrupt." The
story of the
sinking of the
Titanic based
on first hand
accounts
collected in
the days and
weeks
following the
disaster. The
story of the

Titanic is now well known, but in the months following the disaster wild speculation was rife. On Thursday 22 May 1912, a mere 37 days after the sinking, respected London publisher Grant Richards, delivered Filson Young's book to booksellers around the capital. It was the first attempt to plot the demise of the unsinkable ship from a well-respected writer who

had already argued in the light of the Oceana sinking, for proper use of the wireless on board ships. Both Filson and Grant knew victims of the sinking and both worked hard to gather first-hand testimony to use in the book. Much of his telling of the story still stands today and his speculations about the feeling of daily life aboard the doomed ship are used in books and films on the subject.

Titanic Express Ad Lib Publishers Ltd
Perhaps we should know the full story...Powerful men kept secret what was really planned for 15th April 1912.

Headlines of the disaster went contrary to expectations. A mistake so huge it demanded concealment at the highest level.

Voices from the Titanic

Disaster
The first modern work to give a comprehensive picture of

the RMS Titanic and the people intertwined with her fate, from disaster to recovery. Drawn from primary sources and contemporary accounts and updated to coincide with the April 2012 anniversary, this new heart-rending narrative allows readers to come to their own conclusions about this legendary vessel. Daniel Allen Butler spend more than 30 years researching the work, delving into

the lives of every principal participant. In addition to examining the roles played by individual, he also looks into the problems of equipment and errors in technical data that resulted in the deaths of 1502 people. Rather than focussing on the night of the tragedy alone, he also investigates the events leading up to and following the fateful night. Passengers, Sailors, Shipbuilders, Aristocrats,

and the Worlds They Came From Harvest House Publishers This title commemorates the sinking of the Titanic by exploring a collection of criminal activities and legendary mysteries involving the crew and passengers of the Titanic. Luck of the Titanic Atria Books Sequel to Murder on the Titanic - Morgan Fairchild tries to prove that Hunter Kennedy was murdered aboard The

Titanic, the doomed voyage.

Women and Children First W. W. Norton & Company

When the Titanic sank, it took a secret with it... 375 miles south-east of Newfoundland, the crew of a ship film an extraordinary event: the surface of the ocean bubbles as though boiling, covered with millions of fish. Then an enormous sperm whale roars through the water, before crashing

down, dead, onto the surface.

Within twenty-four hours, the footage has become a global phenomenon.

The precise coordinates of the event are where the wreck of the Titanic lies some 13,000ft beneath.

Engineer Kate Wetherall and her one-time boyfriend, marine archaeologist Lou Bates have been working together for almost a year - specializing in the scientific investigation

of shipwrecks at the Institute of Marine Studies. Three days after the incident off Newfoundland, Commander Jerry Derham, head of a team investigating what the military have designated 'Marine Phenomenon REZ375', arrives to see them. They need to get a team down there fast to investigate. But none of them are prepared for what they find in the wreckage. Someone on the Titanic

had been keeping a secret. One that might have cost lives, and that has remained trapped beneath the ocean for a hundred years. But now, there are those who would kill again to get hold of what one man died for in 1912...

The Titanic Secret

Twenty-First Century Books
™

Revised 2019 edition. Treachery, danger and greed entwine in this thriller as oceanographers venture

below to document the sunken wreck and begin to learn what sinister forces led to Titanic's demise. This page turner builds to an unforgettable climax. Based on evidence from the survivors and recent discoveries.

Titanic Five-Ingredient

Mystery When a passenger is found dead inside a locked cabin aboard the opulent Titanic, it's a crime worthy of "the Thinking Machine," the

popular fictional investigator who solves mysteries using formidable logic. So who better to crack this real-life case than author Jacques Futrelle, the man behind America's favorite detective? On board for a romantic getaway with his wife, Futrelle agrees to conduct a stealth inquiry. The list of suspects on the Titanic's first-class deck is long

and includes the brightest lights from high society, each with no shortage of dark secrets. As the mammoth ship speeds across the Atlantic toward its doom, Futrelle races to uncover which passenger has a secret worth killing for-- before the murderer strikes again. Set in the days leading up to the luxury liner's tragic sinking, this historical thriller is a dazzling blend of fact and fiction that will

enthrall readers with page-turning revelations and Titanic lore. *Shocking True Stories of Killers and Psychopaths* Createspace Independent Publishing Platform When Titanic foundered in April 1912, the world's focus was on the tragedy of the passengers who lost their lives. Ever since, in films, dramatisations, adaptations and books, the focus has mostly continued to be on the ones who

died. The Titanic and the City of Widows it Left Behind focuses on another group of people - the widows and children of the crew who perished on board. Author Julie Cook's great-grandfather was a stoker who died on Titanic. Her great-grandmother had to raise five children with no breadwinner. This book focuses on Emily and the widows like her who had to fight for survival

through great hardship, whilst still grieving for the men they loved who'd died on the ship. Using original archive sources and with accounts from descendants of crew who also lost their lives, the book asks how these women survived through abject poverty and grief - and why their voices have been silent for so long.

I Died on the Titanic Burns & Oates
Excerpts from diaries,

letters, newspaper stories, color photographs, and interviews with survivors of the shipwrecked Titanic and their relatives highlight the role and treatment of women and children in the tragedy.

15,000 first printing.

Murder on the Titanic
American Chronicles (History P)
Recounts the colorful life of the gambler-hero who became the inspiration for Guys and Dolls's Sky Masterson,

from his pre-PGA golf prowess to trading card tricks with Houdini, conning Al Capone and losing a million dollars to Minnesota Fats.

Smore Murders
Simon and Schuster
The strange and sinister History teacher, Mr. Moruge sends two young teenagers Max and Lucy back in time to 1912 where they find themselves on the deck of the RMS Titanic. They soon become

embroiled in the murder of a millionaire businessman and embark upon a series of adventures throughout the ship in their quest to find motives and evidence that will lead them to the identity of the killer. To add further intrigue and adventure to their voyage, just as they're about to set a trap for the killer, the ship hits an iceberg and a desperate fight for survival ensues. In trying to warn and help their

friends they must also navigate the dangers and survive the perilous final hours of the great ship. Will they survive? And if they do, is there still time to bring the murderer to justice? *The Titanic Murders* The History Press IN the early morning hours of April 15, 1912, the icy waters of the North Atlantic reverberated with the desperate screams of more than 1,500 men, women, and children—pass

engers of the once majestic liner Titanic. Then, as the ship sank to the ocean floor and the passengers slowly died from hypothermia, an even more awful silence settled over the sea. The sights and sounds of that night would haunt each of the vessel's 705 survivors for the rest of their days. Although we think we know the story of Titanic—the famously luxurious and supposedly unsinkable ship that

struck an iceberg on its maiden voyage from Britain to America—very little has been written about what happened to the survivors after the tragedy. How did they cope in the aftermath of this horrific event? How did they come to remember that night, a disaster that has been likened to the destruction of a small town? Drawing on a wealth of previously unpublished letters, memoirs, and

diaries as well as interviews with survivors' family members, award-winning journalist and author Andrew Wilson reveals how some used their experience to propel themselves on to fame, while others were so racked with guilt they spent the rest of their lives under the Titanic's shadow. Some reputations were destroyed, and some survivors were so psychologically damaged that they took

their own lives in the years that followed. Andrew Wilson brings to life the colorful voices of many of those who lived to tell the tale, from famous survivors like Madeleine Astor (who became a bride, a widow, an heiress, and a mother all within a year), Lady Duff Gordon, and White Star Line chairman J. Bruce Ismay, to lesser known second- and third-class passengers such as the Navratil

brothers—who were traveling under assumed names because they were being abducted by their father. Today, one hundred years after that fateful voyage, *Shadow of the Titanic* adds an important new dimension to our understanding of this enduringly fascinating story. *The Tragedy of the Titanic* Createspace Independent Publishing Platform Murder on the Titanic Createspace Independent Publishing Platform *Titanic* Penguin "Iceberg, Right Ahead!" Only 160 minutes passed between the time a sailor on lookout duty uttered these chilling words and the moment when the mighty ocean liner Titanic totally disappeared into the cold, dark waters of the North Atlantic. This century-old tragedy, which took more than 1,500 lives, still captivates people in the twenty-first century. Seventy-three years separate the two major Titanic events—the 1912 sinking of the vessel and the dramatic 1985 discovery of the wreck by Robert Ballard. But additional stories about the victims, survivors, rescuers, reporters, investigators, and many others show the far-reaching effects this tragedy had on society.

Award-winning author Stephanie Sammartino McPherson has collected numerous personal accounts of the event, including the knighted man who spent the rest of his life in seclusion because he was accused of dishonorable behavior in a lifeboat, the stewardess who survived two shipwrecks and a mid-ocean collision, and the New York Times executive who sent multiple

reporters to meet the rescue ship, thus earning a national reputation for his newspaper. She also links the Titanic tragedy to changes in regulations worldwide. After a Senate Inquiry and a British trial attempted to assign blame for the disaster, new laws on ship safety were put in place. A group of nations also banded together to form an ice patrol, eventually leading to the

formation of the U.S. Coast Guard. Even the most avid Titanic fans will learn something new as McPherson brings the reader up to date on the politics and intrigue still surrounding the wreck—including what modern science can reveal about what really happened to the ship and who was at fault. Prepare to follow the never-ending story of the Titanic into its second century.

<p><u>Kaspar: Prince of Cats</u> Frontline Books A 100th anniversary tribute offers insight into how the tragedy affected its survivors, drawing on archival research and interviews with family members to explore how some propelled themselves to fame while others were devastated by survivor guilt. By the Edgar Allan Poe</p>	<p>Award-winning author of Beautiful Shadow. 60,000 first printing. <i>Murder and Mystery on the Titanic</i> Createspace Independent Pub The original 1912 news accounts of the Titanic disaster include the first-hand accounts of survivors as told to reporters who met the ship bringing them from where they were saved from</p>	<p>lifeboats. The surviving crew describes the crucial moments after the ship hit the iceberg. A crewman testifies just three days after the sinking that the ship had a fire in its coal bunkers from the time it set sail. Teachers across America buy this book citing the original sources detailed that enable them to teach a lesson on the Titanic.</p>
