These critical essays examine East Asian culture through an interdisciplinary, cross-cultural lens. Readings of film, television, and visual and literary texts reveal the historical condition as well as the contemporary impulses driving East Asian culture today. We feel the muted tension in a rural South Korean village; we walk down the bustling streets of

Hong Kong and witness the city's protean possibilities for a postrevolutionary reality. The boisterous tarento shows on Japanese television force us to rethink the nature of information and image production in relation to leisure management; cinematic spectacles in Japan, North Korea, Taiwan, and China point to complex issues of agency, the formation of the public sphere, and postnationalist identities. We see contemporary fiction from China and Japan engage themes of desire and remembrance as metaphors to express a profound historical anxiety. Mirroring the fast-moving and multifaceted landscape is our ability to move freely through time as we confront legitimizing narratives of modernization in early-twentieth-century Japan and,

against an emerging regime of global capitalism, reexamine the approaching century in imagined historical hindsight. By anticipating the geocultural shift to the Asian Pacific Rim in the twenty-first century, this volume serves as both an introduction to contemporary East Asian culture and an exploration of its global context.

Celebrate the bicentennial of Abraham Lincoln's birth with this new edition of his greatest speeches and writings. Abraham Lincoln endowed the American language with a vigor and moral energy that has all but disappeared from today's public rhetoric. Lincoln's writings are testaments of our history, windows into his enigmatic personality, and resonant examples of the writer's art. The Portable Abraham Lincoln contains the great public speeches - the first debate with Stephen Douglas, the "House Divided" speech, the Gettysburg

Address, the Second Inaugural Address - along with less familiar letters and memoranda that chart Lincoln's political career, his evolving stand against slavery, and his day-to-day conduct of the Civil War. This edition includes a revised introduction, updated notes on the text, a chronology of Lincoln's life, and four new selections of his writing. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. A Portable Anthology Modern Library The works of Friedrich Nietzsche have fascinated readers around the world ever since the publication of his first book more than a hundred years ago. As Walter Kaufmann, one of the world's leading authorities on Nietzsche, notes in his introduction, "Few writers in any age were so full of ideas," and few

writers have been so consistently misinterpreted. The Portable Nietzsche includes Kaufmann's definitive translations of the complete and unabridged texts of Nietzsche's four major works: *Twilight of the Idols*, *The Antichrist*, *Nietzsche Contra Wagner* and *Thus Spoke Zarathustra*. In addition, Kaufmann brings together selections from his other books, notes, and letters, to give a full picture of Nietzsche's development, versatility, and inexhaustibility. "In this volume, one may very conveniently have a rich review of one of the most sensitive, passionate, and misunderstood writers in Western, or any, literature." —*Newsweek*

Coming to grips with C++11 and C++14 is more than a matter of familiarizing yourself with the features they introduce (e.g., auto type declarations, move semantics, lambda expressions, and concurrency support). The challenge is learning to use those features effectively—so that your software is correct, efficient, maintainable, and portable. That’s where this practical book comes in. It describes how to write truly great software using C++11 and C++14—i.e. using modern C++. Topics include: The pros and cons of braced initialization, noexcept specifications, perfect forwarding, and smart pointer make functions The relationships among `std::move`, `std::forward`, rvalue references, and universal references

Techniques for writing clear, correct, effective lambda expressions How `std::atomic` differs from `volatile`, how each should be used, and how they relate to C++'s concurrency API How best practices in "old" C++ programming (i.e., C++98) require revision for software development in modern C++ *Effective Modern C++* follows the proven guideline-based, example-driven format of Scott Meyers' earlier books, but covers entirely new material. "After I learned the C++ basics, I then learned how to use C++ in production code from Meyer's series of *Effective C++* books. *Effective Modern C++* is the most important how-to book for advice on key guidelines, styles, and idioms to use modern C++ effectively and well. NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including

Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics—a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly

and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows. What fueled the Victorian passion for hair-jewelry and memorial rings? When would an everyday object metamorphose from commodity to precious relic? In Portable Property, John Plotz examines the new role played by portable objects in persuading Victorian

Britons that they could travel abroad with religious sentiments, family ties, and national identity intact. In an empire defined as much by the circulation of capital as by force of arms, the challenge of preserving Englishness while living overseas became a central Victorian preoccupation, creating a pressing need for objects that could readily travel abroad as personifications of Britishness. At the same time a radically new relationship between cash value and sentimental associations arose in certain resonant mementoes--in teacups, rings, sprigs of heather, and handkerchiefs, but most of all in books. *Portable Property* examines how culture-bearing objects came to stand for distant

people and places, creating or preserving a sense of self and community despite geographic dislocation. Victorian novels--because they themselves came to be understood as the quintessential portable property--tell the story of this change most clearly. Plotz analyzes a wide range of works, paying particular attention to George Eliot's *Daniel Deronda*, Anthony Trollope's *Eustace Diamonds*, and R. D. Blackmore's *Lorna Doone*. He also discusses Thomas Hardy and William Morris's vehement attack on the very notion of cultural portability. The result is a richer understanding of the role of objects in British culture at home and abroad during the Age of Empire.
