Often overlooked in comparison to neighboring Scotland and Ireland, the music of Wales is rich and multifaceted. This book covers a variety of traditional Welsh genres including hymns, lullabies, hornpipes, fiddle tunes, and even a selection from The Robert Ap Huw Manuscript of 1340, the oldest known example of harp music in the world. As all of the arrangements were made in guitar-friendly keys in either standard or drop-D tuning, they can be readily combined into sets for performance. Written in both standard

notation and tablature, historical notes and complete right and left-hand fingerings are provided throughout. Recommended for the intermediate to advanced guitarist, the collection includes access to online audio.
