### HOOPER MELODY

[Alan Power Exposed](#) MetroBooks

The most shocking, yet factual, book written on the 1997 Paris crash that took the lives of Princess Diana and her lover, Dodi Fayed. This fast-moving but authoritative narrative covers the events leading up to and following the tragedy.

[Dead Wrong 2](#) eBookIt.com

An intimate portrait of the Princess of Wales describes her public and private life, reveals details about her marital problems, and discusses her attitudes toward motherhood and public service.

**In Her Own Words: Second Edition** National Geographic Books

After in-depth research of the circumstances of that fateful night, investigative writer and former journalist Noel Botham finally reveals what he alleges to be the truth - Princess Diana fell victim to a ruthlessly executed assassination. Twenty years later, the tragedy still shapes Britain as we know it today. How could the Establishment betray the trust of a whole nation? How was the killing executed? Was there really another car in the tunnel at the time of the crash? Reporting from the innermost sanctums of British intelligence and royalty, Botham reveals shocking answers to what he claims is one of the UK's most successfully kept secrets. As Botham affirms, The Murder of Princess Diana firmly lays to rest the outdated theory

that Diana's death was a mere accident, and finally gives the people of Britain the explanation they deserve.

**The Princess Diana Conspiracy** Kings Road Publishing

This investigation into the death of Princess Diana and her lover, Dodi Fayed,uts forward evidence to suggest that the tragedy was not an accident.

*Diana Inquest* Penguin

Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online. Pages: 59. Chapters: Ancestry charts of the current British Royal Family, Children with Leukaemia, Death of Diana, Princess of Wales, Death of Diana, Princess of Wales conspiracy theories, Diana: Last Days of a Princess, Diana: The Rose Conspiracy, Diana: Warrior Princess, Diana (2013 film), Diana - The People's Princess, Dodi Fayed, Engagement ring of Diana, Princess of Wales, Funeral of Diana, Princess of Wales, Henri Paul, Her Royal Highness..? (play), James Hewitt, List of wedding guests of Charles, Prince of Wales, and Lady Diana Spencer, Operation Paget, Paul Burrell, Princess Diana's Revenge, Princess of Wales's Royal Regiment, Princess of Wales Theatre, Squidgygate, The Diana Chronicles, The Little White Car, The Murder of Princess Diana, The Queen (film), Unlawful Killing (film), Untold Story (novel), Wedding dress of Lady Diana Spencer, Wedding of Charles, Prince of Wales, and Lady Diana Spencer. Excerpt: All people are descended via various racial or ethnic lines of the antiquity, but in case of most, records do not exist. The British royal family is one of the few families, for whom ancestry can be traced to many notable lineages of the antiquity. They can be traced from Saxon, Scottish (Stuart dynasty), Welsh (Tudor dynasty), Irish, German (Hanover and Windsor), French (Norman and Angevin), Russian, Frank and perhaps even Byzantine lineages. George I of Great Britain had descended, through both of his parents, from Rollo, the Viking founder of the ducal

lineage of Normandy. Prince Albert, consort of Queen Victoria, had a descent from King Henry II of England through his daughter Matilda. One established connection is given below, starting with Byzantine emperor Isaac II Angelos (for his descent, see Descent from antiquity#Caucasian route). Other possible connections are as under: Connections are also traced by enthusiasts...

[Diana](#) Metro Publishing, Limited

Millions remember the tragic date when the world lost a princess and two boys lost their beloved mother. It was a freak accident—Diana, Dodi Fayed, and driver Henri Paul died fleeing aggressive paparazzi...or so officials led us to believe. But investigative journalist Noel Botham wasn't satisfied with the "official" story. The Murder of Princess Diana documents his intensive probe into what happened that fateful night in Paris. Finally, here is a book that dares to ask—and answer—questions such as: Was the blood sample supposedly taken from Henri Paul's body actually his blood? Why was the tunnel cleaned with detergent before forensic investigations could take place? Why was Diana's body partially embalmed before the post mortem? What were the connections between the driver of the Fiat Uno seen near the Mercedes and M16? Was the man's subsequent fiery death really an accident? Did Diana's international campaign against landmines create a deadly conflict with the CIA? Culled from interviews with contacts from behind palace walls to within the halls of the Pentagon, this shocking expose blows the lid off cover-ups arranged in the highest echelons of power. Now, at long last, the secrets are revealed;the lies are exposed—and the truth about Diana's death is brought to light.

[Interpreting Diana](#) John Blake

Includes sensational new material! 12:23 a.m. August 31st 1997. The Mercedes driven by Henri Paul in which Princess Diana, Dodi Al Fayed and Trevor Rees-Jones were travelling crashes into a pillar in the Alma tunnel in Paris, killing Paul, Dodi and Diana and seriously injuring Rees-Jones. That much is certain. But little else. David Cohen never expected to be investigating Diana's death. But after a reliable source asked him to fly to Geneva to listen to a dramatic story, he soon found himself on the trial of a young Englishwoman who, he increasingly came to realize, had been tragically out of her depth in the company of drugs dealers, arms dealers and secret service operators. Cohen reveals answers to some of the most troubling questions surrounding the events of that night. He discloses why the Mercedes was taking the wrong route to Dodi's flat. He uncovers incriminating information about the owner of the infamous Fiat Uno. He reveals Henri Paul's true role with M16. And, after years of investigation, he explains the links between the mysterious cult, The Order of the Solar Temple - whose members, including Princess Grace of Monaco, have died in a series of suspicious circumstances - and the circumstances surrounding Diana on the night she died.

[Alan Power Exposed](#) SP Books

15 years after the deaths of Diana Spencer, Princess of Wales, Dodi Al Fayed and Henri Paul, Alan Power reveals what really happened on that fateful night in Paris.

[The Murder Of Princess Diana](#) Pinnacle Books

The explosive evidence in Diana Inquest: The British Cover-Up blows the lid on the events that took place in the 24 hours following the death of Princess Diana in 1997. Diana's body was subjected to two embalmings and two post-mortems - in both France and the UK - within that first 24 hour period. In disturbing new findings - based on documentary evidence withheld from the 2007-8 inquest jury - the book reveals that Princess Diana's UK post-mortem samples were switched prior to toxicology testing. This shocking action means that the testing was carried out on blood and other samples that did not come from Diana's body. The book is based on evidence heard at the inquest, but also draws heavily on documents from within the British police investigation - Operation Paget. These official documents were not made available to the jury at the London inquest. In particular, this volume shows that the jury - who were expected to reach a verdict on the cause of the deaths - were prevented from seeing the UK post-mortem and toxicology reports for both Princess Diana and Dodi Fayed. Out of 23 documents connected to the post-mortem of Princess Diana, the inquest jury got to see just 2, and they heard evidence from only 3 of 14 key witnesses. Another surprising revelation in this fourth volume of the Diana Inquest series is that Diana's pre-post-mortem embalming, conducted in the Paris hospital within hours of her death, was ordered by the royals in Balmoral. The evidence in The British Cover-Up also reveals that on 31 August 1997 the then royal coroner, John Burton, took illegal jurisdiction over Princess Diana's body. These volumes on the Diana Inquest are essential reading for anyone who wishes to understand the events surrounding the deaths of Princess Diana and Dodi Fayed resulting from the car crash in the Alma Tunnel on 31 August 1997. A leading UK QC, Michael Mansfield, who served throughout the six months of the London inquest, stated in 2010: "I have read all of the books that John Morgan has produced.... I have no doubt that the volumes written by [him] will come to be regarded as the 'Magnum Opus' on the crash ... that resulted in the unlawful killing of Diana, Princess of Wales and Dodi Al Fayed and the cover-up that followed." Dodi's father, Mohamed Al Fayed has said: "I believe that John Morgan has done more to expose the facts of this case than the police in France and Britain."

[Murder, Lies, and Cover-Ups](#) Blake Publishing

WITH NEW AFTERWORD FROM THE AUTHOR. When you're the most famous woman in the world, can you really love in secret? When Princess Diana flew to Pakistan in May 1997, she went to meet the family of Dr Hasnat Khan, the man she wanted to marry. One of the most well-known and beautiful women in the world, she hoped to persuade Dr Khan's mother that she would make a suitable wife for her son. However, this was not the only hurdle to overcome: the man she called her 'Mr Wonderful' was a dedicated professional who sought to avoid the limelight - a fact that would test their love to the limits. Had their relationship succeeded, the events of that summer might have been very different. Sharing powerful testimony from Diana's closest confidants, and that of Dr Khan's own family, as well as information released during the inquests into the deaths of Diana and Dodi Fayed, this book offers a unique insight into Diana's world and the events central to her last years. This special new edition of an international bestseller, released in the year that would've marked Diana's 60th birthday, features a new afterword from the author reflecting on the legacy of this most extraordinary of women.

[The Bible Code Princess Diana and Dodi Fayed](#) Simon and Schuster

"Photos from the ... National Geographic archives document the royal's most memorable moments in the spotlight; a ... personal remembrance by Diana friend and biographer Tina Brown adds context and nuance to a ... life twenty years after her tragic death. Float down memory lane through more than 100 ... images of Diana, from her days as a schoolgirl to her engagement to Prince Charles, the birth of Princes William and Harry, and her

life in the media as an outspoken advocate for the poor, the sick, and the downtrodden"--Provided by publisher.

[Cover-up of a Royal Murder](#) Westhill Media Publishing

On 31 August 1997, the world was stunned by the tragic death of the most popular and photographed woman of the modern age: Diana, Princess of Wales. The outpouring of public grief at this tragically early death was unprecedented in modern times. Now, more than 20 years on, Diana: The People's Princess celebrates both her life and her legacy. A dignified and unexploitative celebration of Diana's life, Diana: The People's Princess commemorates this remarkable woman's life from her childhood to her tragic premature death at the age of 36. With authoritative text and a vast array of photographs, this updated edition includes new material on the aftermath of her death, including her legacy as a mother - Princes William and Harry and their involvement in perpetuating and protecting her memory - and the continuing work of the Royal Foundation of the Duke and Duchess of Cambridge. The book is brought right up to date with the marriage of Harry to Meghan Markle, who some compare to the Princess of Wales. Diana: The People's Princess is a respectful, sensitive and poignant tribute to this elegant, charming and sympathetic symbol of our times.

[The Accident Man](#) British Film Institute

To write this book more than 3,900 hours of investigation went into examining new evidence to answer the following five questions: Who hated the Princess? Who wanted her dead? Why did they want her dead? Who cooperated in the coverup? and who profited from the murder? To answer those questions the book also solves these riddles (and many others). -Why did the American Secret Service have 1100 pages of transcription of Diana's phone conversations? -Why did it take Diana's ambulance almost 2 hours to get her to a hospital 4 miles away? -Why did the French police gather eyewitness testimony to the crash and then discard it? -Why did they clean up the crash site so quickly after Diana was pronounced dead? -Why was Mercedes Benz blocked (by both governments) from inspecting the car for defects? -Why did the Mercedes kill its passengers at speeds lower than its crash test rating? -Why has no one investigated the concrete pillar to officially determine the angle of impact? -Who gave the order to break British law and wait from 1997 until 2007 to do an inquest? -Why were all of the traffic cameras in and around the tunnel turned off the night of the crash? If that wasn't enough to garner your interest in this book, ask yourself a simple, logical question. Have you ever been threatened for witnessing a car accident? To date, at least seven witnesses have either been assaulted or had had their lives threatened for witnessing Diana's fatal crash. Forget everything you have ever heard about Diana's death and prepare to be fascinated. This book will not disappoint you.

[Diana](#) Isaac I Omoike

What happened to Diana and Dodi in the Alma Tunnel on the night of August 31, 1997? Was Diana six weeks pregnant? Was she about to get engaged and married to Dodi? Had Dodi purchased an engagement ring for her? Was he planning to present it to her that night? Was Andanson an SIS operative, trained to use his white Fiat Uno to tip the Mercedes car, causing it to career into the 13th pillar in the tunnel? Why was he found, deep in a forest, beheaded in his burnt out, keyless, locked car, with a bullet wound in his head? Is Tomlinson, ex-SIS agent, absolutely right when he says the Mercedes car accident was a classically planned SIS method of execution, one he knew was being planned to assassinate a former Serbian leader? What was the bright light witnesses saw in the tunnel that night? Was it a strobe light used to blind the driver? What was the loud bang they heard before the crash? Did Diana tell a medic that she wished to be buried with Dodi as she lay dying? Was Diana a half-sister to Jemima Khan?

[Diana Inquest](#) Anchor

This extensive book review - written by an expert on the murder of Princess Diana - exposes Alan Power as a fraudster. Over 200 separate errors are shown, but with Power's propensity for repetition there are actually well over 500. The most disturbing factor is the nature of the errors - the 180 page review reveals that Power has deliberately duped his readers. There are many instances of Power fraudulently altering sworn witness evidence to fit with his pre-determined false scenario of what occurred. Alan Power Exposed shows that Power's book is a minefield of deceptive writing, manipulation of evidence, misinformation and misrepresentation of the facts. In the end it becomes impossible for the reader of The Princess Diana Conspiracy to discern what is fact and what is fiction or fantasy. At one point Power writes: "Rest assured, my perception is not given to exaggeration or fancy but is based on the facts" - but unfortunately the truth is quite the opposite. Power's claims of carrying out a ten year investigation and scrutinising the inquest evidence are shown to be false. Questions are raised over the book's authorship - there is evidence indicating the probability that there was more than one writer. The review also addresses the incredible "coincidence" in the timing of Power's publication - it was published within days of the Scotland Yard announcement that it was scoping new information on the crash, an allegation by Soldier N that the SAS were involved. Alan Power Exposed includes an analysis dealing with the reasons why there are so many critical errors in The Princess Diana Conspiracy - it is not an accident. The review raises the very real possibility that Power's book may in the future be used by the Establishment to deal a strategic blow against the entire Princess Diana conspiracy movement. This is an incisive review written by John Morgan, who has authored nine investigative books on the assassination of Princess Diana. He is viewed by many as the world's leading expert on the circumstances around the 1997 crash in Paris' Alma Tunnel. This is a must read for anyone who has read - or intends to read - Alan Power's book, The Princess Diana Conspiracy: The Evidence of Murder.

[Who Murdered Diana?](#) Lulu.com

#1 NEW YORK TIMES BESTSELLER • Years after her death, Princess Diana remains a mystery. This "insanely readable and improbably profound" biography (Chicago Tribune) reveals the truth as only famed journalist Tina Brown could tell it. "The best book on Diana." —The New Yorker Was she "the people's princess," who electrified the world with her beauty and humanitarian missions? Or was she manipulative and media-savvy and nearly brought down the monarchy? Tina Brown, former Editor-in-Chief of Tatler, England's glossiest gossip magazine; Vanity Fair; and The New Yorker gives us the answers. Tina knew Diana personally and has far-reaching insight into the royals and the Queen herself. In The Diana Chronicles, you will meet a formidable female cast and understand as never before the society that shaped them: Diana's sexually charged mother, her scheming grandmother, the stepmother she hated but finally came to terms with, and bad-girl Fergie, her sister-in-law, who concealed wounds of her own. Most formidable of them all was her mother-in-law, the Queen, whose admiration Diana sought till the day she died. Add Camilla Parker-Bowles, the ultimate "other woman" into this combustible mix, and it's no wonder that Diana broke out of her royal cage into celebrity culture, where she found her own power and used it to devastating effect.

**The Murder Of Princess Diana** Welbeck Publishing Group

When Princess Diana died in August 1997, the nation mourned for a woman they felt they had come to know intimately; having witnessed the quiet, blushing Lady Diana Spencer transform into an elegant, stylish ambassador who tirelessly campaigned for the causes in which she believed. With the announcement of her untimely death came an unprecedented wave of collective grieving. In this revealing book, royal expert Judy Wade uncovers the woman behind the public's princess, speaking to some of Diana's closest friends and confidantes to reveal the truth about her. They journey inside her Kensington Palace apartment and describe how she cleaned her own bath and nagged her sons to improve their manners, just like any other mom. They reveal her secret plan to marry a man who shared her desire to help the sick and suffering, her violent row with Dodi Fayed just before they died, and the real reason she went on a last mission to Australia. Diana's manipulation of the media following her expulsion from the royal family is also examined, as well as the police investigation into her death, and the impact that her death had on the monarchy. This is a fascinating look at a woman who was so many things to so many different people.

**The Decoy** Lulu.com

This explosive, evidence-based book is the most shocking, revealing, yet factual work written on the 1997 Paris car crash that took the lives of Princess Diana and her lover, Dodi Fayed. It includes evidence showing the assassination of Princess Diana was carried out by the British intelligence agency, MI6, on orders from senior members of the British royal family.

**Paris-London Connection** Saint Martin's Paperbacks

The book that the British government tried to ban! British investigative journalists Jon King and John Beveridge have maintained from the outset that

they were informed of a plot to assassinate Princess Diana one week before her death. Three years ago, Royal Butler Paul Burrell's revelations confirmed their claim. In an astonishing letter written ten months before her death, Princess Diana confirmed that a plot to assassinate her in a 'road traffic accident' was indeed planned and carried out by order of the British Royal Establishment. The letter, owned by Burrell and written by Diana in October 1996, reads: "This particular phase in my life is the most dangerous. My husband is planning an accident in my car, brake failure and serious head injury, in order to make the path clear for him to marry". Ten months later, on 23 August 1997, one week before her death, the authors were informed of this same plot to kill Diana. The EVIDENCE they uncovered during their subsequent investigation is truly disturbing. . .

**Death of a Princess** Random House

There's a lot we haven't heard about the murder of Princess Diana! Belzer & Wayne are back, and with a big conspiracy and cover-up too. Did you know that: Diana specifically predicted that she would be assassinated. This book documents it very clearly in Diana's exact words.. Stories that the driver was drunk were fabricated; he was not. Contrary to the official explanation, Diana's car was not closely followed by photographers and that was not the cause of the crash. And she was not pinned in the vehicle, but it took emergency crews an incredibly long 1 hour, 40 minutes to get Diana to a nearby hospital; and that's why she bled to death as a result. The evidence trail and eyewitness interviews prove that the Mercedes was diverted into the tunnel by vehicles that blocked its exit. That the Mercedes had been stolen and had its computer chip changed out. The crash-scene analysis is indicative of an assassination technique that is detailed specifically. Diana always wore her seat belt, but hers was defective on the night of the crash. And in yet another "coincidence," the regular traffic cameras in the tunnel were not functioning at the time of the crash, so there was no recording of it as there would normally be. Diana's body was immediately embalmed-even though that was illegal-which made it impossible to determine if she was pregnant. This book documents all the factual evidence like it's never been done before.
