"The action is nonstop, the characters very real—and very different from each other—and, to coin a phrase, it makes you think."—S. M. Stirling, author of *Island in the Sea of Time* In the year 2021, a multinational fleet—experimenting with untested weapons technology—pitched through time, crash-landing in 1942. The world is thrown into chaos as Roosevelt, Hitler, Churchill, Tojo, and Stalin scramble to adapt to new, high-tech killing tools, and twenty-first-century ways of war. For “uptimers” like Britain’s Prince Harry and the men and women who serve aboard the supercarrier USS *Hillary Clinton*, war is a constant struggle with their own downtime allies, who are mired in ignorance and bigotry. As the Allies counter the Nazi assault and set off for the coast of France, Japan begins to buckle, soon every battle will be played out in a lethal dance of might and intelligence, unholy alliances and desperate gambles, and each clash will be fought with the ultimate weapon; knowledge from the future. Thanks to the historical records, all sides know that two superpowers will emerge while the losers will be pounded into submission. But time has shifted on its axis, so none know who will survive or how peace will take hold in a world turned upside down. These are the questions that John Birmingham brilliantly answers in his critically acclaimed adventure of war and imagination.

Halloween, Valentine's Day, Christmas, Thanksgiving, New Year's Day - these are but a handful of modern holidays descended from the red-letter days, seasonal celebrations we have invented and reinvented over more than five millennia to meet our changing human needs. When we explore their origins, the holidays begin to reflect not only who we are but also why, through oppressed by time and thwarted by the forces of nature, we never seem to lose the will to control the future.

What does it take to survive? This is the question posed by the extraordinary Finnish novella that has taken the Nordic literary scene by storm. 1867: a year of devastating famine in Finland. Marja, a farmer's wife from the north, sets off on foot through the snow with her two young children. Their goal: St Petersburg, where people say there is bread. Others are also heading south, just as desperate to survive. Ruuni, a boy she meets, seems trustworthy. But can anyone really help? Why Peirene chose to publish this book: 'Like Cormac McCarthy's *The Road*, this apocalyptic story deals with the human will to survive. And let me be honest: There will come a point in this book where you can take no more of the snow-covered desolation. But then the first rays of spring sun appear and our belief in the human spirit revives. A stunning tale.' Meike Ziervogel ' *White Hunger* is Aki Ollikainen's debut work, but it is written with the control of someone who has mastered the form.' Nicholas Lezard, *Guardian* 'Such a powerful, honest and thought-provoking story deserves an audience far beyond the shores of Scandinavia.' Pam Norfolk, *Lancashire Evening Post* 'Impossible not to respond to its raw, unsparing drama.' Elizabeth Bucan, *Daily Mail* 'A tale of epic substance compacted into a mere seven-score pages.' Ben Paynter, *Los Angeles Review of Books*
