 Sunday in the Park with George
 Putting It Together
 chronicles the

two-year odyssey of creating the iconic Broadway musical
 Sunday in the Park with George. In 1982, James Lapine, at the beginning of his career as a playwright and director, met Stephen Sondheim, nineteen years his senior and already a legendary Broadway composer and lyricist. Shortly thereafter, the two decided to write a musical inspired by Georges

Seurat's nineteenth-century painting A Sunday Afternoon on the Island of La Grande Jatte. Through conversations between Lapine and Sondheim, as well as most of the production team, and with a treasure trove of personal photographs, sketches, script notes, and sheet music, the two Broadway icons lift the curtain on their beloved musical. Putting It Together is a

deeply personal remembrance of their collaboration and friendship and the highs and lows of that journey, one that resulted in the beloved Pulitzer Prize-winning classic. LIFE Front Table Murder was not the usual crime in Charlotte County, and three murders in a twenty-four-hour period were unheard of. Until today. When Mandy Johnson's car broke down on the side of the

road, she never imagined she'd be rescued by a kind Christian man, Rick, nor did she imagine they'd both become tangled in a web of murders. But when a body is discovered in her car Mandy and the police become certain that she's not just an innocent bystander. Could it be that what she deemed a student's innocent crush has erupted into a violent stalking? Has

Mandy made a grave mistake in trusting Rick? Will she be the next victim of these disturbing murders? Join Mandy Johnson and the Charlotte County police department as they Enter the Death Web to investigate these murders. Determine who is a threat and who can and should be trusted in this thrilling mystery. Tangled L-W Mandy's Song Pelican Ventures Book Group

American Popular Song Oxford University Press
America's Songs II: Songs from the 1890's to the Post-War Years continues to tell the stories behind popular songs in our country's history, serving as a sequel to the bestselling America's Songs: Stories Behind the Songs of Broadway, Hollywood, and Tin Pan Alley. Beginning in 1890 and ending in post-war America, America's Songs II is a testament to the richness of popular music in the first half of the 20th century. This volume builds on the unique features of the first volume, delving deeper into the nature of the collaboration between well-known songwriters of the time but also shedding light on some of the early performers to turn songs into hits. The book's structure - a collection of short easy-to-read essays - allows the author to provide historical context to certain songs, but also to demonstrate how individual songs facilitated the popularity of specific genres, including ragtime, jazz, and blues, which subsequently reshaped the landscape of American popular music. America's Songs II: Songs from the 1890's to the Post-War Years will appeal to

American popular music enthusiasts but will also serve as an ideal reference guide for students or as a supplement in American music courses.

The Sheet Music

Exchange Hal Leonard Corporation "Composer Alec Wilder's American Popular: The Great Innovators, 1900-1950 is widely recognized as the definitive book on American popular song. In this volume,

which achieved immediate praise and recognition upon its publication, Wilder discusses some 800 songs from the American Songbook, offering a composer's insight, accessible music analysis, as well as his strong personal biases. Nearly fifty years later, this classic study has received a much-needed revision. While leaving Wilder's colorful prose

and brazen opinions intact, language, style, and musical nomenclature have been updated to reflect current usage. The musical examples mostly remain, but piano score has been replaced with lead-sheet notation: melody, chords, and lyrics. Rhythmic notation has also been adjusted to follow present-day norms. Additionally, a final chapter

has been added, which includes more than fifty songs that were not in the original, seeking to achieve greater representation for women and African American composers, as well as including several of Wilder's own songs"--

 Action, tick. Adventure, tick. Romance, tick. Triumph, tick. Tragedy, tick. All those one-night stands, the seemingly endless days on the road were about to pay off. Fame and fortune was tantalizingly within reach. Everything fortune-teller Gypsy Rose predicted thus far had come true. Would her final predictions play out just as she'd said?

And if they did, what would that mean for Jordie and Jess? There was no doubt the band Constellation J was on the cusp of something amazing. But would all they'd achieved thus far be blown away? Jess has gone off the rails somewhat, she'd let an abundance of mind-altering substances get the better of her. And Jordie wasn't sure this was the life he wanted. All he really wanted

was Jess. Marty had found his soul mate, but would he and Jan live happily ever after? And what would become of Josh? He'd always been Marty's shadow, but now with Jan on the scene, he had to find his own way. Robbie, on the other hand, did have it basically together, his dream job awaited, but the girl of his dreams ... that was another story. Life for The Fearless Five as 18/19 year olds

certainly had its share of ups, but there were plenty of downs for them to negotiate along the way also. The World of Music (Routledge (Applause Libretto Library)). This 1995 Pulitzer Prize-winning musical was inspired by the painting A Sunday Afternoon on the Island of La Grande Jatte by Georges Seurat. A complex work revolving around a fictionalized Seurat

immersed in single-minded concentration while painting the masterpiece, the production has evolved into a meditation on art, emotional connection, and community. This publication contains the entire script of the musical. "Sunday is itself a modernist creation, perhaps the first truly modernist work of musical theatre that Broadway has produced ... a watershed

event that demands nothing less than a retrospective, even revisionist, look at the development of the serious Broadway musical." Frank Rich, The New York Times Magazine Mandy's Legacy Hal Leonard Corporation "The World of Music" is a music listening book designed for the growing number of teachers who want to focus on listening to music as it exists in the

real world of their students. The approach captures the essence of each repertoire, and equips students to recognize

The text also introduces students to the many styles of music currently enjoyed by people in the United States and helps them to appreciate the diverse roots of these styles. jazz—play on the American homefront? Music of the First World War explores the tremendous importance of music during the years of the Great War—when communication technologies were extremely limited and music often took the place of connecting directly with loved ones or reminiscing via recorded images. The book's chapters cover music's contribution to the war effort; the variety of

war-related songs, popular hits, and top recording artists of the war years; the music of Broadway shows and other theater productions; and important composers and lyricists. The author also explores the development of the fledgling recording industry at this time. *The Poets of Tin Pan Alley* Farrar, Straus and Giroux First Published in 2002. It provides information all in one place that is available nowhere else: song title, composer, lyricist, publisher, date of copyright and

The annotations include, where possible, a discussion of the history of the song, how it was written, who popularized it, notable recordings with their original issue numbers, as well as covers and other versions that helped keep the song in public attention. Publishing Corporation The American Song Book, Volume I: The Tin Pan Alley Era is the first in a projected five-volume series of books that will reprint original sheet music, including covers, of songs that constitute the enduring standards of Irving Berlin, Jerome Kern, the Gershwins, and other lyricists and composers of what has been called the "Golden Age" of American popular music. These songs

have done what popular songs are not supposed to do--stayed popular ... As such, these songs constitute the closest thing America has to a repertory of enduring classical music. In addition to reprinting the sheet music for these classic songs, authors Philip Furia and Laurie Patterson place these songs in historical context with essays about the sheet-music publishing

The authors also provide biographical</p>	<p>sketches of songwriters, performers, and impresarios such as Florenz Ziegfeld. In addition, they analyze the lyrical and musical artistry of each song and relate anecdotes, sometimes</p>	<p>amusing, sometimes poignant, about how the songs were created.
