Intro to LEED EBOM - SlideShare

LEED for Existing Buildings: Operations & Maintenance Recertification Guidance 4

LEED is more than a rating system, and more than a checklist. It is a long-term commitment to environmental best practices in the building industry. Each project that earns a LEED plaque commits to continue striving for the outcomes that LEED

certification represents.

LEED v2009 Deadline Approaching

Therefore, we are testing a new process for certification with LEED v4.1 O+M and new methodologies for rating performance. These methodologies will be refined during and after the beta as more projects participate and share their experiences and building data. This document is a comprehensive guide to the

LEED v4.1 O+M beta program.
