The most original and ground-breaking work on Beowulf in several decades, this book uses “lexomic” methods that blend computer-assisted statistical

<p>analysis with traditional approaches to reveal new and surprising information about the construction and sources of the greatest surviving Old English poem. Techniques of cluster analysis identify patterns of vocabulary distribution that indicate robust similarities and differences among segments of the poem. The correlation of these patterns with knowledge gained from</p>	<p>source-study, philological analysis, and neglected previous scholarship sheds new light on the material of which Beowulf was made and the way it was composed. The implications of this investigation for the dating, structure, and cultural context of Beowulf will overturn the current scholarly consensus and significantly improve our understanding of the poem, its nature, and origins.</p>	<p><u>Winning Multiple Choice Strategy for the Preliminary SAT/National Merit Scholarship Qualifying Test Complete Test Preparation Inc. A Dual-Language Edition  
 Complete Test Preparation Inc.  
 New York Times bestselling author Maria Dahvana Headley presents a modern retelling of the literary classic Beowulf, set in American suburbia as two mothers—a housewife and a battle-hardened veteran—fight

to protect those they love in The Mere Wife. From the perspective of those who live in Herot Hall, the suburb is a paradise. Picket fences divide buildings—high and gabled—and the community is entirely self-sustaining. Each house has its own fireplace, each fireplace is fitted with a container of lighter fluid, and outside—in lawns and on playgrounds—wildflowers seed

<p>themselves in neat rows. But for those who live surreptitiously along Herot Hall's periphery, the subdivision is a fortress guarded by an intense network of gates, surveillance cameras, and motion-activated lights. For Willa, the wife of Roger Herot (heir of Herot Hall), life moves at a charmingly slow pace. She flits between mommy groups, playdates, cocktail hour,</p>	<p>and dinner parties, always with her son, Dylan, in tow. Meanwhile, in a cave in the mountains just beyond the limits of Herot Hall lives Gren, short for Grendel, as well as his mother, Dana, a former soldier who gave birth as if by chance. Dana didn't want Gren, didn't plan Gren, and doesn't know how she got Gren, but when she returned from war, there he was. When Gren, unaware of the borders</p>	<p>erected to keep him at bay, ventures into Herot Hall and runs off with Dylan, Dana's and Willa's worlds collide.  <i>TABE Strategy!
