Islamic religion has become an object of political discourse in ways that also affects academic reflection; against this background this volume aims to provide a theoretically and empirically founded assessment of where social sciences currently stand with regard to Islam. For this purpose, the volume continues to develop the sociological knowledge of Islam that began in the 1980s. Given the Orientalism inherent in sociology, the volume focuses on Muslim knowledge systems and institutions, as well as the practice of Muslim religiosity in various social contexts stretching from Algeria and Morocco to Turkey.

GATE Electrical Engineering is a three-hour long test that measures the candidature of participating electrical engineering graduates for taking their postgraduate engineering studies. Also, these candidates take GATE Electrical Engineering for acquiring officer level posts in various Government undertakings and renowned private businesses. Each year, several millions of electrical engineers take GATE Electrical Engineering while only a few millions of them qualify. To ease the preparation of GATE Electrical Engineering aspirants, EduGorilla has brought its two great tools- GATE Electrical Engineering mock tests and GATE Electrical Engineering online test series. GATE Electrical Engineering is held once in a year with one of the aims to produce a competent workforce of electrical engineers for both government institutions and private businesses. This way, GATE Electrical Engineering is beneficial for both test takers and their future employers. This is because successful aspirants of this test get their abilities verified for their employability. On the other hand, employers also get saved from separately organizing recruitment exams. Also, the aspirants may pursue postgraduate studies from this test. EduGorilla's GATE EE mock tests and GATE EE online test series help the aspirants in these regards.
