BREANNA HOOPER

A Novel Archipelago

#1 NEW YORK TIMES BESTSELLER • The vital inside account of American democracy in its darkest hour, from the rise of autocracy unleashed by Trump to the January 6 insurrection, and a warning that those forces remain as potent as ever—from the congressman who led the first impeachment of Donald J. Trump “Engaging and informative . . . a manual for how to probe and question power, how to hold leaders accountable in a time of diminishing responsibility.”—The Washington Post In the years leading up to the election of Donald Trump, Congressman Adam

Schiff had already been sounding the alarm over the resurgence of autocracy around the world, and the threat this posed to the United States. But as he led the probe into Donald Trump’s Russia and Ukraine-related abuses of presidential power, Schiff came to the terrible conclusion that the principal threat to American democracy now came from within. In *Midnight in Washington*, Schiff argues that the Trump presidency has so weakened our institutions and compromised the Republican Party that the peril will last for years, requiring unprecedented vigilance against the growing and dangerous appeal of authoritarianism. The congressman chronicles step-by-step just how our democracy was put at such risk, and traces his own path to meeting the crisis—from serious prosecutor, to congressman with an expertise in national security and a reputation for

bipartisanship, to liberal lightning rod, scourge of the right, and archenemy of a president. Schiff takes us inside his team of impeachment managers and their desperate defense of the Constitution amid the rise of a distinctly American brand of autocracy. Deepening our understanding of prominent public moments, Schiff reveals the private struggles, the internal conflicts, and the triumphs of courage that came with defending the republic against a lawless president—but also the slow surrender of people that he had worked with and admired to the dangerous immorality of a president engaged in an historic betrayal of his office. Schiff's fight for democracy is one of the great dramas of our time, told by the man who became the president's principal antagonist. It is a story that began with Trump but does not end with him, taking us through the disastrous culmination of the presidency and Schiff's account of January 6, 2021, and how the antidemocratic forces Trump unleashed continue to define his party, making the future of democracy in America more uncertain than ever.

Konundrum Independently Published

Soon to be a Major Motion Picture National Book Award Finalist—Fiction In the aftermath of the Civil War, an aging itinerant news reader agrees to transport a young captive of the Kiowa back to her people in this exquisitely rendered, morally complex, multilayered novel of historical fiction from the author of *Enemy Women* that explores the boundaries of family, responsibility, honor, and trust. In the wake of the Civil War, Captain Jefferson Kyle Kidd travels through northern Texas, giving live readings from newspapers to paying audiences hungry for news of the world. An elderly widower who has lived through

three wars and fought in two of them, the captain enjoys his rootless, solitary existence. In Wichita Falls, he is offered a \$50 gold piece to deliver a young orphan to her relatives in San Antonio. Four years earlier, a band of Kiowa raiders killed Johanna's parents and sister; sparing the little girl, they raised her as one of their own. Recently rescued by the U.S. army, the ten-year-old has once again been torn away from the only home she knows. Their 400-mile journey south through unsettled territory and unforgiving terrain proves difficult and at times dangerous. Johanna has forgotten the English language, tries to escape at every opportunity, throws away her shoes, and refuses to act "civilized." Yet as the miles pass, the two lonely survivors tentatively begin to trust each other, forming a bond that marks the difference between life and death in this treacherous land. Arriving in San Antonio, the reunion is neither happy nor welcome. The captain must hand Johanna over to an aunt and uncle she does not remember—strangers who regard her as an unwanted burden. A respectable man, Captain Kidd is faced with a terrible choice: abandon the girl to her fate or become—in the eyes of the law—a kidnapper himself.

This concise and highly accessible textbook outlines the principles and techniques of storytelling. It is intended as a high-school and college-level introduction to the central concepts of narrative theory – concepts that will aid students in developing their competence not only in analysing and interpreting short stories and novels, but also in writing them. This textbook prioritises clarity over intricacy of theory, equipping its readers with the necessary tools to embark on further study of literature,

literary theory and creative writing. Building on a 'semiotic model of narrative,' it is structured around the key elements of narratological theory, with chapters on plot, setting, characterisation, and narration, as well as on language and theme - elements which are underrepresented in existing textbooks on narrative theory. The chapter on language constitutes essential reading for those students unfamiliar with rhetoric, while the chapter on theme draws together significant perspectives from contemporary critical theory (including feminism and postcolonialism). This textbook is engaging and easily navigable, with key concepts highlighted and clearly explained, both in the text and in a full glossary located at the end of the book. Throughout the textbook the reader is aided by diagrams, images, quotes from prominent theorists, and instructive examples from classical and popular short stories and novels (such as Jane Austen's *Pride and Prejudice*, Franz Kafka's 'The Metamorphosis,' J. K. Rowling's *Harry Potter*, or Dostoyevsky's *The Brothers Karamazov*, amongst many others). *Prose Fiction: An Introduction to the Semiotics of Narrative* can either be incorporated as the main textbook into a wider syllabus on narrative theory and creative writing, or it can be used as a supplementary reference book for readers interested in narrative fiction. The textbook is a must-read for beginning students of narratology, especially those with no or limited prior experience in this area. It is of especial relevance to English and Humanities major students in Asia, for whom it was conceived and written. *A Collection of Prose & Poetry Following the Evolution of Love* Penguin UK
The #1 New York Times bestseller From Vice President Kamala

Harris, one of America's most inspiring political leaders, a book about the core truths that unite us, and the long struggle to discern what those truths are and how best to act upon them, in her own life and across the life of our country "A life story that genuinely entrances." —Los Angeles Times Vice President Kamala Harris's commitment to speaking truth is informed by her upbringing. The daughter of immigrants, she was raised in an Oakland, California community that cared deeply about social justice; her parents--an esteemed economist from Jamaica and an admired cancer researcher from India--met as activists in the civil rights movement when they were graduate students at Berkeley. Growing up, Harris herself never hid her passion for justice, and when she became a prosecutor out of law school, a deputy district attorney, she quickly established herself as one of the most innovative change agents in American law enforcement. She progressed rapidly to become the elected District Attorney for San Francisco, and then the chief law enforcement officer of the state of California as a whole. Known for bringing a voice to the voiceless, she took on the big banks during the foreclosure crisis, winning a historic settlement for California's working families. Her hallmarks were applying a holistic, data-driven approach to many of California's thorniest issues, always eschewing stale "tough on crime" rhetoric as presenting a series of false choices. Neither "tough" nor "soft" but smart on crime became her mantra. Being smart means learning the truths that can make us better as a community, and supporting those truths with all our might. That has been the pole star that guided Harris to a transformational career as the top law enforcement official in California, and it is guiding her now as a transformational United

States Senator, grappling with an array of complex issues that affect her state, our country, and the world, from health care and the new economy to immigration, national security, the opioid crisis, and accelerating inequality. By reckoning with the big challenges we face together, drawing on the hard-won wisdom and insight from her own career and the work of those who have most inspired her, Kamala Harris offers in *THE TRUTHS WE HOLD* a master class in problem solving, in crisis management, and leadership in challenging times. Through the arc of her own life, on into the great work of our day, she communicates a vision of shared struggle, shared purpose, and shared values. In a book rich in many home truths, not least is that a relatively small number of people work very hard to convince a great many of us that we have less in common than we actually do, but it falls to us to look past them and get on with the good work of living our common truth. When we do, our shared effort will continue to sustain us and this great nation, now and in the years to come.

Rethinking Juan Rulfo's Creative World Columbia University Press

In the years between 1929 and 1939, when Itzik Manger wrote most of the poetry and fiction that made him famous, his name among Yiddish readers was a household word. Called the Shelley of Yiddish, he was characterized as being “drunk with talent.” This book—the first full-length anthology of Manger’s work—displays the full range of his genius in poetry, fiction, and criticism. The book begins with an extensive historical, biographical, and literary critical introduction to Manger’s work. There are then excerpts from a novel, *The Book of Paradise*, three short stories, autobiographical essays, critical essays, and finally, Manger’s magnificent poetry—ballads, Bible poems, personal

lyrics, and the Megilla Songs. These works, which have the patina of myths acquired ages ago, also offer modern psychological insight and irrepressible humor. With Manger, we make the leap into the Jewish twentieth century, as he recreates the past in all its layered expressiveness and interprets it with modernist sensibilities.

The Oxford Book of War Poetry Farrar, Straus and Giroux

From a brilliant Brookings Institution expert, an “important” (*The Wall Street Journal*) and “penetrating historical and political study” (*Nature*) of the critical role that oceans play in the daily struggle for global power, in the bestselling tradition of Robert Kaplan’s *The Revenge of Geography*. For centuries, oceans were the chessboard on which empires battled for supremacy. But in the nuclear age, air power and missile systems dominated our worries about security, and for the United States, the economy was largely driven by domestic production, with trucking and railways that crisscrossed the continent serving as the primary modes of commercial transit. All that has changed, as nine-tenths of global commerce and the bulk of energy trade is today linked to sea-based flows. A brightly painted forty-foot steel shipping container loaded in Asia with twenty tons of goods may arrive literally anywhere else in the world; how that really happens and who actually profits from it show that the struggle for power on the seas is a critical issue today. Now, in vivid, closely observed prose, Bruce Jones conducts us on a fascinating voyage through the great modern ports and naval bases—from the vast container ports of Hong Kong and Shanghai to the vital naval base of the American Seventh Fleet in Hawaii to the sophisticated security arrangements in the Port of New York. Along the way, the book

illustrates how global commerce works, that we are amidst a global naval arms race, and why the oceans are so crucial to America's standing going forward. As Jones reveals, the three great geopolitical struggles of our time—for military power, for economic dominance, and over our changing climate—are playing out atop, within, and below the world's oceans. The essential question, he shows, is this: who will rule the waves and set the terms of the world to come?

Prose Oxford University Press

Compiled with the approval of the Caribbean Examinations Council by Editors who have served as CSEC English panel members. This edition meets the requirements of the latest CSEC syllabuses A and B in English. - The material in this anthology will help students to prepare effectively for the CSEC examination - Stories have been chosen from the Caribbean and the rest of the world for their appeal in terms of content and approach - Each story helps to develop students' skills of appreciation and analysis of the short story form - The anthology also includes notes on each story, with background information on the authors, as well as a useful glossary of terms - The book contains practical guidance for students on how to tackle examination questions, with examples of model answers for reference.

The World According to Itzik Routledge

Discusses the inexpressibility of physical pain and analyzes the philosophical and cultural aspects of pain, torture, and war

A World of Prose for CSEC Good Press

The work that Maurice Merleau-Ponty planned to call *The Prose of the World*, or *Introduction to the Prose of the World*, was unfinished at the time of his death. The book was to constitute

the first section of a two-part work whose aim was to offer, as an extension of his *Phenomenology of Perception*, a theory of truth. This edition's editor, Claude Lefort, has interpreted and transcribed the surviving typescript, reproducing Merleau-Ponty's own notes and adding documentation and commentary.

A World of Prose HarperCollins

The *Edda* is a thoroughly researched study on the Norse mythology through the analysis of an Old Norse work of literature written in Iceland during the early 13th century. *Edda* is considered the fullest and most detailed source for modern knowledge of Norse mythology. Scholarly approach and conducted research have allowed the author to determine the age of the different versions of various myths.

Chasing the Scream Createspace Independent Publishing Platform

The New York Times Bestseller What if everything you think you know about addiction is wrong? Johann Hari's journey into the heart of the war on drugs led him to ask this question--and to write the book that gave rise to his viral TED talk, viewed more than 62 million times, and inspired the feature film *The United States vs. Billie Holiday* and the documentary series *The Fix*. One of Johann Hari's earliest memories is of trying to wake up one of his relatives and not being able to. As he grew older, he realized he had addiction in his family. Confused, not knowing what to do, he set out and traveled over 30,000 miles over three years to discover what really causes addiction--and what really solves it. He uncovered a range of remarkable human stories--of how the war on drugs began with Billie Holiday, the great jazz singer, being stalked and killed by a racist policeman; of the scientist

who discovered the surprising key to addiction; and of the countries that ended their own war on drugs--with extraordinary results. Chasing the Scream is the story of a life-changing journey that transformed the addiction debate internationally--and showed the world that the opposite of addiction is connection.

Midnight in Washington Random House

In this collection, winner of the 1990 Pulitzer Prize, Charles Simic puns, pulls pranks. He can be jazzy and streetwise. Or cloak himself in antiquity. Simic has new eyes, and in these wonderful poems and poems-in-prose he lets the reader see through them.

The Inspiration for the Feature Film "The United States vs. Billie Holiday" Penguin

If small-town reporter Polly Stern has to cover one more manure runoff story, she's going to lose her already unmindful mind. Polly thought she'd end up as a serious photojournalist, traveling the world, meeting important people, and documenting significant environmental and social events. Life didn't turn out as expected. With her career at a standstill, her marriage over, her nest empty, her spiritual foundation precarious, and her family keeping a vital secret from her, Polly is desperate for answers. And change. She sets out on an unintended journey, stumbling upon story after story that for some reason--coincidence, fate?--all occurred in 1937. Polly's path leads her to: a troubled teen on a stone bridge high in the Green Mountains of Vermont, a political refugee on a kosher farm carved out of the Dominican Republic jungle, a tribal chief near a remote hut in uncharted Papua New Guinea, a volunteer soldier in a foggy olive grove in Spain, an artistic Italian savant in a tenement on the Lower East Side of Manhattan, and to a Tibetan boy and his snow-white mastiff as

they begin their trek across the Himalayas. As the lines blur between reality and fantasy, between truth and fiction, between present and past, Polly writes about these inspiring characters, and others, in nine short stories--all set in 1937--embedded throughout the novel. Her compelling international literary voyage reveals clues that allow Polly to uncover the truth about her own history, opening a new path for understanding, forgiveness, and love.

Prose & Cons Seagull Books Pvt Ltd

The last decades have seen an explosion of the prose poem. More and more writers are turning to this peculiarly rich and flexible form; it defines Claudia Rankine's *Citizen*, one of the most talked-about books of recent years, and many others, such as Sarah Howe's *Loop of Jade* and Vahni Capildeo's *Measures of Expatriation*, make extensive use of it. Yet this fertile mode which in its time has drawn the likes of Charles Baudelaire, Oscar Wilde, T. S. Eliot, Gertrude Stein and Seamus Heaney remains, for many contemporary readers, something of a mystery. The history of the prose poem is a long and fascinating one. Here, Jeremy Noel-Tod reconstructs it for us by selecting the essential pieces of writing - by turns luminous, brooding, lamentatory and comic - which have defined and developed the form at each stage, from its beginnings in 19th-century France, through the 20th-century traditions of Britain and America and beyond the English language, to the great wealth of material written internationally since 2000. Comprehensively told, it yields one of the most original and genre-changing anthologies to be published for some years, and offers readers the chance to discover a diverse range of new poets and new kinds of poem, while also meeting famous

names in an unfamiliar guise.

Poems and Prose New Directions Publishing

Everyday life in the far outposts of empire can be static, empty of the excitement of progress. A pervading sense of banality and boredom are, therefore, common elements of the daily experience for people living on the colonial periphery. Saikat Majumdar suggests that this impoverished affective experience of colonial modernity significantly shapes the innovative aesthetics of modernist fiction. *Prose of the World* explores the global life of this narrative aesthetic, from late-colonial modernism to the present day, focusing on a writer each from Ireland, New Zealand, South Africa, and India. Ranging from James Joyce's deflated epiphanies to Amit Chaudhuri's disavowal of the grand spectacle of postcolonial national allegories, Majumdar foregrounds the banal as a key instinct of modern and contemporary fiction—one that nevertheless remains submerged because of its antithetical relation to literature's intuitive function to engage or excite. Majumdar asks us to rethink the assumption that banality merely indicates an aesthetic failure. If narrative is traditionally enabled by the tremor, velocity, and excitement of the event, the historical and affective lack implied by the banal produces a narrative force that is radically new precisely because it suspends the conventional impulses of narration.

In Praise of Fireflies, Whale Sharks, and Other Astonishments

Heinemann Educational Books

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY KIRKUS

REVIEWS *Good Prose* is an inspiring book about writing—about the creation of good prose—and the record of a warm and productive literary friendship. The story begins in 1973, in the

offices of *The Atlantic Monthly*, in Boston, where a young freelance writer named Tracy Kidder came looking for an assignment. Richard Todd was the editor who encouraged him. From that article grew a lifelong association. Before long, Kidder's *The Soul of a New Machine*, the first book the two worked on together, had won the Pulitzer Prize. It was a heady moment, but for Kidder and Todd it was only the beginning of an education in the art of nonfiction. *Good Prose* explores three major nonfiction forms: narratives, essays, and memoirs. Kidder and Todd draw candidly, sometimes comically, on their own experience—their mistakes as well as accomplishments—to demonstrate the pragmatic ways in which creative problems get solved. They also turn to the works of a wide range of writers, novelists as well as nonfiction writers, for models and instruction. They talk about narrative strategies (and about how to find a story, sometimes in surprising places), about the ethical challenges of nonfiction, and about the realities of making a living as a writer. They offer some tart and emphatic opinions on the current state of language. And they take a clear stand against playing loose with the facts. Their advice is always grounded in the practical world of writing and publishing. *Good Prose*—like Strunk and White's *The Elements of Style*—is a succinct, authoritative, and entertaining arbiter of standards in contemporary writing, offering guidance for the professional writer and the beginner alike. This wise and useful book is the perfect companion for anyone who loves to read good books and longs to write one. Praise for *Good Prose* “Smart, lucid, and entertaining.”—*The Boston Globe* “You are in such good company—congenial, ironic, a bit old-school—that you're happy to follow [Kidder and Todd] where they lead you.”—*The Wall*

Street Journal “[A] well-structured, to-the-point, genuinely useful, and fun-to-read guide to writing narrative nonfiction, essays, and memoir . . . Crisp, informative, and mind-expanding.”—Booklist
 “A gem . . . The finer points of creative nonfiction are molded into an inspiring read that will affect the would-be writer as much as Anne Lamott’s *Bird by Bird* or Stephen King’s *On Writing*. . . This is a must read for nonfiction writers.”—Library Journal
 “As approachable and applicable as any writing manual available.”—Associated Press

Prose of the World HarperCollins

#1 NEW YORK TIMES BESTSELLER • GOOD MORNING AMERICA BOOK CLUB PICK • “A heartwarming mystery with a lovable oddball at its center” (Real Simple), this cozy whodunit introduces a one-of-a-kind heroine who will steal your heart. “The reader comes to understand Molly’s worldview, and to sympathize with her longing to be accepted—a quest that gives *The Maid* real emotional heft.”—The New York Times Book Review (Editors’ Choice)
 “Think Clue. Think page-turner.”—Glamour
 In development as a major motion picture produced by and starring Florence Pugh Molly Gray is not like everyone else. She struggles with social skills and misreads the intentions of others. Her gran used to interpret the world for her, codifying it into simple rules that Molly could live by. Since Gran died a few months ago, twenty-five-year-old Molly has been navigating life’s complexities all by herself. No matter—she throws herself with gusto into her work as a hotel maid. Her unique character, along with her obsessive love of cleaning and proper etiquette, make her an ideal fit for the job. She delights in donning her crisp uniform each morning, stocking her cart with miniature soaps and bottles,

and returning guest rooms at the Regency Grand Hotel to a state of perfection. But Molly’s orderly life is upended the day she enters the suite of the infamous and wealthy Charles Black, only to find it in a state of disarray and Mr. Black himself dead in his bed. Before she knows what’s happening, Molly’s unusual demeanor has the police targeting her as their lead suspect. She quickly finds herself caught in a web of deception, one she has no idea how to untangle. Fortunately for Molly, friends she never knew she had unite with her in a search for clues to what really happened to Mr. Black—but will they be able to find the real killer before it’s too late? A Clue-like, locked-room mystery and a heartwarming journey of the spirit, *The Maid* explores what it means to be the same as everyone else and yet entirely different—and reveals that all mysteries can be solved through connection to the human heart.

Prose, Photography, Film Bloomsbury Publishing USA

In this collection, Amanda Torroni expands on her previously published chapbook, *Stargazing at Noon*, adding over seventy poems and brand-new material. Torroni writes about intimacy, distance, the body, self-doubt, nostalgia, and love—both lost and found. Her poems weave disparate source material into beautiful metaphor; readers are as likely to find Plato and neurological terminology as they are moonlit lovers and broken hearts.

Modernism and the Banality of Empire Aspect

Named one of the best books of 2021 by NPR, The Washington Post, and Financial Times “No one states problems more correctly, more astutely, more amusingly and more uncomfortably than Francine Prose . . . The gift of her work to a reader is to create for us what she creates for her protagonist:

the subtle unfolding, the moment-by-moment process of discovery as we read and change, from not knowing and even not wanting to know or care, to seeing what we had not seen and finding our way to the light of the ending.”—Amy Bloom, New York Times Book Review "Depending on the light, it's either a very funny serious story or a very serious funny story. But no matter how you turn it, *The Vixen* offers an illuminating reflection on the slippery nature of truth in America, then and now."—Washington Post Critically acclaimed, bestselling author Francine Prose returns with a dazzling new novel set in the glamorous world of 1950s New York publishing, the story of a young man tasked with editing a steamy bodice-ripper based on the recent trial and execution of Ethel and Julius Rosenberg—an assignment that will reveal the true cost of entering that seductive, dangerous new world. It's 1953, and Simon Putnam, a recent Harvard graduate newly hired by a distinguished New York publishing firm, has entered a glittering world of three-martini lunches, exclusive literary parties, and old-money aristocrats in exquisitely tailored suits, a far cry from his loving, middle-class Jewish family in Coney Island. But Simon's first assignment—editing *The Vixen*, the *Patriot* and the *Fanatic*, a lurid bodice-ripper improbably based on the recent trial and execution of Ethel and Julius Rosenberg, a potboiler intended to shore up the firm's failing finances—makes him question the cost of admission. Because Simon has a secret that, at the height of the Red Scare and the McCarthy hearings, he cannot reveal: his beloved mother was a childhood friend of Ethel Rosenberg's. His parents mourn Ethel's death. Simon's dilemma grows thornier when he meets *The Vixen*'s author, the startlingly beautiful,

reckless, seductive Anya Partridge, ensconced in her opium-scented boudoir in a luxury Hudson River mental asylum. As mysteries deepen, as the confluence of sex, money, politics and power spirals out of Simon's control, he must face what he's lost by exchanging the loving safety of his middle-class Jewish parents' Coney Island apartment for the witty, whiskey-soaked orbit of his charismatic boss, the legendary Warren Landry. Gradually Simon realizes that the people around him are not what they seem, that everyone is keeping secrets, that ordinary events may conceal a diabolical plot—and that these crises may steer him toward a brighter future. At once domestic and political, contemporary and historic, funny and heartbreaking, enlivened by surprising plot turns and passages from Anya's hilariously bad novel, *The Vixen* illuminates a period of history with eerily striking similarities to the current moment. Meanwhile it asks timeless questions: How do we balance ambition and conscience? What do social mobility and cultural assimilation require us to sacrifice? How do we develop an authentic self, discover a vocation, and learn to live with the mysteries of love, family, art, life and loss? Cane Oxford University Press, USA

A World of Poetry includes all the prescribed poems for the revised CSEC English A and English B syllabuses. It has been compiled with the approval of the Caribbean Examinations Council by Editors who have served as CSEC English panel members. - The material in this anthology will help students to prepare effectively for the CSEC examination. - The poems have been chosen to cover a wide range of themes and subjects and include a balance of well-known poems from the past as well as more recent works. - The anthology includes poems from the

Caribbean and the rest of the world to stimulate an interest in and enjoyment of poetry. - This collection contains notes on each poem and questions to provoke discussion, as well as a useful checklist to help students with poetry analysis. - The book
