Murder, monsters...and a disreputable Victorian lady's maid. A killer stalks the grimy streets of Whitechapel—but Scotland Yard seems determined to turn a blind eye. With one look at her best friend's corpse, Liz Sharp already knows the truth: the killer is a werewolf. No one important will hold a werewolf accountable—after all, the monsters rule Europe. Certainly, no one will believe a werewolf victim like Liz: the very scars that make her determined to investigate Sal's death also condemn her as the sort of female who'd sell her blood for easy money. As it happens, Liz's best hope for justice might well lie with her

emotionally repressed employer, Princess May. Though the princess has connections with werewolf royalty, there's no one else Liz can turn to. Certainly, she can't risk trusting the irritatingly personable Inspector Short, who dogs her steps from the slums of Whitechapel to the palaces of St James. But as corpses mount up, Liz discovers that no one is precisely who she thought: not Sal, not herself, and certainly not the werewolf. Luckily, she has a few tricks hidden in the pockets of her trusty bloomers... The first novel of Miss Sharp's Monsters is a witty historical fantasy adventure, perfect for fans of The Parasol Protectorate or Pride and Prejudice and Zombies! Pick up The Werewolf of Whitechapel and join Miss Sharp on the uncanny streets of Victorian London...

Broken Dreams Ashton Publishing Group

A large-format, signed Collector's Edition of this literary and artistic meditation on the theme of night travel from two of our greatest contemporary creative talents.'The moon drives everyone mad - you know that, well enough. But this is no lycanthropic or otherwise spooky metamorphosis: it's far stranger than that...' When Quentin Blake embarked on creating a set of new drawings on fantasies of travel, even he had not envisaged a series so sombre, so haunting, as Moonlight Travellers. These watercolour journeys through unknown landscapes capture, with unmatched skill, all the mystery and intrigue of the dead of night. A unique collaboration, this book brings Blake's macabre wit into dialogue with the imaginative insight of Will Self. With characteristic sharpness, Self mingles fiction, fact and flights of memory to transport the reader on a radical tour of Blake's mysterious lands. In Moonlight Travellers, two creative minds at the height of their powers connect word and image, darkness and light with our deepest sensibilities. In eight-wheeled contraptions and winged machines, they carry us on a trail of dreamlike journeys. After all, 'there's nothing more prosaic - at least, at this end of human history - than a car journey.'

In an irreverent series in the tradition of Monty Python, the bestselling authors of the Iron Druid Chronicles and Star Wars: Phasma reinvent fantasy, fairy tales, and floridly written feast

scenes. "Ranks among the best of Christopher Moore and Terry Pratchett."—Chuck Wendig "When you put two authors of this high caliber together, expect fireworks. Or at least laughs. What a hoot!"—Terry Brooks Once upon a time, in a faraway kingdom, a hero, the Chosen One, was born . . . and so begins every fairy tale ever told. This is not that fairy tale. There is a Chosen One, but he is unlike any One who has ever been Chosened. And there is a faraway kingdom, but you have never been to a magical world quite like the land of Pell. There, a plucky farm boy will find more than he's bargained for on his quest to awaken the sleeping princess in her cursed tower. First there's the Dark Lord, who wishes for the boy's untimely death . . . and also very fine cheese. Then there's a bard without a song in her heart but with a very adorable and fuzzy tail, an assassin who fears not the night but is terrified of chickens, and a mighty fighter more frightened of her sword than of her chain-mail bikini. This journey will lead to sinister umlauts, a trash-talking goat, the Dread Necromancer Steve, and a strange and wondrous journey to the most peculiar "happily ever after" that ever once-upon-a-timed. Praise for *Kill the Farm Boy* "A rollicking fantasy adventure that upends numerous genre tropes in audacious style . . . a laugh-out-loud-funny fusion of Monty Python-esque humor and whimsy à la Terry Pratchett's Discworld."—Kirkus Reviews "Dawson and Hearne's reimagining of a traditional fairy tale is reminiscent of William Goldman's *The Princess Bride* and William Steig's *Shrek!* Irreverent, funny, and full of entertaining wordplay, this will keep readers guessing until the end."—Library Journal "Will have you laughing out loud until strangers begin to look at you oddly."—SyFy "A smart comedy . . . nuanced, complicated, and human."—Tordotcom "[Delilah Dawson and Kevin Hearne] make fun of the typical 'white male power fantasies,' and in that, they succeed, with their heroes all characters of color and/or falling somewhere under the LGBTQ umbrella."—Publishers Weekly

**Unkept Promises** Angry Robot

An Arab and a Jew open a restaurant together across the street from the United Nations.... It sounds like the beginning of an ethnic joke, but it's the axis around which spins this gutsy, fun-loving, and alarmingly provocative novel, in which a bean can philosophize, a dessert spoon mystifies, a young waitress takes on the New York art world, and a rowdy redneck welder discovers the lost god of Palestine--while the illusions that obscure humanity's view of the true universe fall away, one by one, like Salome's veils. *Skinny Legs and All* deals with today's most sensitive issues: race, politics, marriage, art, religion, money, and lust. It weaves lyrically through what some call the "end days" of our planet. Refusing to avert its gaze from the horrors of the apocalypse, it also refuses to let the alleged end of the world spoil its mood. And its mood is defiantly upbeat. In the gloriously

inventive Tom Robbins style, here are characters, phrases, stories, and ideas that dance together on the page, wild and sexy, like Salome herself. Or was it Jezebel?

The third installment of a bewitching series "brimming with charm and charisma" that will make "fans of *Outlander* rejoice!" (*Woman's World Magazine*). New York Times bestselling author Paula Brackston's second novel in the Found Things series, *Secrets of the Chocolate House*, was called a "time-swapping romance [that] will please fans of Alice Hoffman" (*Publishers Weekly*). Now, Brackston returns to the Found Things series with a third book, *The Garden of Promises and Lies*. As the bustle of the winter holidays in the Little Shop of Found Things gives way to spring, Xanthe is left to reflect on the strange events of the past year. Xanthe comes to see that she must use her skills as a Spinner if she and Flora are ever to be safe, and turns to the Spinners book for help. It is then that a beautiful antique wedding dress sings to her. Realizing the dress and her adversary are connected in some way, she answers the call. She finds herself in Bradford-on-Avon in 1815, as if she has stepped into a Jane Austen story. Now in Xanthe's time, Fairfax is threatening Xanthe into helping him with his evil doings, and demonstrates all too clearly how much damage he is capable of causing. With Fairfax growing ever more powerful, Xanthe enlists the help of her boyfriend Liam, taking him back in time with her. It is a decision that might just ensure she prevails over her foe, but only by putting her life—and his—on the line.

**Breaking Up With Sugar** Cornell Maritime Press/Tidewater Publishers

What would my mother say? How would she want me to handle this situation? How can I make this tough decision and stay true to myself? What would my mother say? Sam Haskell still asks himself these questions every day. When Haskell was young, his devoted mother, Mary, instilled in her son the values of character, faith, and honor by setting an example and asking him to promise to live his life according to her lessons. He did, and those promises have served Haskell consistently from his

Mississippi boyhood to his long career at the venerable William Morris Agency in Beverly Hills. In this inspiring memoir full of touching stories and amusing anecdotes, Haskell reveals how he kept his pledge to his mother to live a decent life—even in the shark-infested waters of Hollywood, where he handled the hottest stars and packaged the highest-rated shows—by refusing to become the cliché of an amoral agent. Here is Haskell as a child in Amory, Mississippi (pop. 7,000), discovering the power of hope as he waits for an unlikely visit from the "Cheer Man" (a representative of the detergent company who gave ten dollars to anyone using the brand), learning humility after pursuing an eighth-grade "Good Citizenship" award he cockily assumed he'd win, confronting the complications of human character when a near-fatal car crash exposed his judgmental father's true nature. Years later, in Hollywood, Haskell would rely on his mother's teachings—honesty, self-reliance, and belief in God—as he swiftly rose from the William Morris mailroom to eventually become the company's Worldwide Head of Television. His capacity for friendship and his insistence on living his version of the Golden Rule (being "thoughtfully political") allowed him to handle various client crises and the tense negotiations that nearly scuttled the last years of *Everybody Loves Raymond* and the entire existence of *The Fresh Prince of Bel-Air*. Haskell has achieved success through self-respect, and from his story we learn how we, too, can maintain our dignity when faced with life's challenges. This stirring memoir is a testament to mothers everywhere who instill in their sons the lasting values they need to become good men and devoted fathers.
