 Freedom Whether you call it self-determination, freedom, or control, one clear advantage of homeschooling is the ability to make your own choices. The Pros and Cons of Homeschooling - Very Well
 Family Homeschooling has its own share of pros and cons just as in conventional schools. In reality, there are students who learn better in a homeschool environment rather than in a public or private school environment. Likewise, there are children who learn better inside a public or private school rather than in a homeschool.
 12 Pros and Cons of Homeschooling Every Family Should Know ... Comparing Educational Methods. Parents who opt for Homeschool instead of sending their children to an educational institution do so in the hope that their children can learn more innovatively than informal schools. In some cases, it is religious or practical reasons that lead them to choose this option, for example, among those who live in rural areas far from an

institution. Pros and Cons of Homeschooling - Management Study HQ
 It is possible to teach the child better because as a parent you know them best. That enables you to be able to notice the subjects they have difficulties in and focus on them. You can use different teaching strategies to make them understand. The Cons Lack Of Interaction. Your child will spend most of their time at home getting homeschooled.
