MARQUISE JENNINGS

A Dictionary Rowman & Littlefield Publishers

The Penguin Dictionary of International Relations provides an authoritative overview of this complex and constantly shifting subject. Ranging from the Arab-Israeli conflict to weapons of mass destruction, this is an indispensable and comprehensive guide to the events, organisations, theories and concepts that are shaping today's global community.

Dictionary of the Modern Politics of South-East Asia Abc-Clio
Incorporated

The U.S. Congress can be traced to the founding and the debates in Philadelphia in the summer of 1787, but to suggest that the

Congress in the first decade of the 21st century is the same Congress that was created over 220 years ago would be wildly misleading. The entries in this volume will elaborate on the original compromises and the ensuing evolution of legislative practice and review how Congress has developed through several distinctive eras. This second edition of Historical Dictionary the U.S. Congress contains a chronology, an introduction, and an extensive bibliography. The dictionary section has over 500 cross-referenced entries on the key concepts, terms, labels, and individuals central to identifying and comprehending the key role Congress plays in the history of the U.S. This book is an excellent resource for students, researchers, and anyone wanting to know more about the U.S. Congress.

A Dictionary of Modern Politics OUP Oxford

"When it takes two first-class authors fifteen years to produce a

book, the book must be taken seriously. Hyperpolitics is a highly innovative and formidable instrument for handling and understanding concepts. I miss having had to miss it in my time."---Giovanni Sartori, Columbia University --

The Penguin Dictionary of Politics Routledge

A Collection of Authentic Data & Facts. Alphabetical presentation of the book will greatly help readers in quick-search of the desired words and terms. All the meanings and definitions are explained in a lucid and reader-friendly manner.

An Interactive Dictionary of Political Science Concepts Ramesh Publishing House

The Blackwell Dictionary of Political Science is a clear introduction to the terminology of political science for students and general readers. The book comprises rigorous definitions and explanations of around 1000 key terms presented in an engaging style, cross-referenced, and easily accessible to readers new to the subject. It also includes a section of short biographies of the most eminent writers in the discipline - both classical and modern. The book is unique in combining a single author's overview and minimal assumptions about the reader's prior knowledge of the discipline. Major entries include short bibliographies for those who wish to pursue topics further.

Dictionary of Political Science. Edited by Joseph Dunner. [By Various Authors.] Scarecrow Press

As well as over 4000 clear and concise entries, this dictionary also contains biographies of key figures in world history. Other useful features include, subject entries on religious and political movements, maps, and full international coverage.

The Penguin Dictionary of International Relations Oxford

University Press

Politics: Who Gets What, When, How, which was first published in 1936, is the classic analysis of power and manipulation by ruling elites and counter-elites. The themes that occur throughout this essay have become the guideposts for most modern research in techniques of propaganda and political organization. "It is unquestionably one of the most influential treatments of politics published in this century."—David B. Truman, Prof. of Public Law and Government, Columbia University "This book is a landmark of modern political science."—Daniel Lerner, Professor of Sociology, M.I.T. "For over three decades the students of politics have had their intellectual horizons constantly broadened by Harold Lasswell. There is probably no man in American political science who has brought to bear as many new approaches to the analysis of political behaviour as he has. There is perhaps no better way to get the essence of Lasswell's thought than in his book, *Politics: Who Gets What, When, How.*"—Seymour Martin Lipset, Department of Sociology, U.C. Berkeley

Русско-английский Социально-экономический Словарь Gyan Publishing House

When it comes to the vagaries of language in American politics, its uses and abuses, its absurdities and ever-shifting nuances, its power to confound, obscure, and occasionally to inspire, William Safire is the language maven we most readily turn to for clarity, guidance, and penetrating, sometimes lacerating, wit. Safire's *Political Dictionary* is a stem-to-stern updating and expansion of the *Language of Politics*, which was first published in 1968 and last revised in 1993, long before such terms as *Hanging Chads*, 9/11 and the War on Terror became part of our everyday

vocabulary. Nearly every entry in that renowned work has been revised and updated and scores of completely new entries have been added to produce an indispensable guide to the political language being used and abused in America today. Safire's definitions--discursive, historically aware, and often anecdotal--bring a savvy perspective to our colorful political lingo. Indeed, a Safire definition often reads like a mini-essay in political history, and readers will come away not only with a fuller understanding of particular words but also a richer knowledge of how politics works, and fails to work, in America. From Axis of Evil, Blame Game, Bridge to Nowhere, Triangulation, and Compassionate Conservatism to Islamofascism, Netroots, Earmark, Wingnuts and Moonbats, Slam Dunk, Doughnut Hole, and many others, this language maven explains the origin of each term, how and by whom and for what purposes it has been used or twisted, as well as its perceived and real significance. For anyone who wants to cut through the verbal haze that surrounds so much of American political discourse, Safire's Political Dictionary offers a work of scholarship, wit, insiderhood and resolute bipartisanship.

[The Concise Oxford Dictionary of Politics](#) Abc-Clio Incorporated
This Dictionary offers a fresh, up-to-date look at US government and politics, explaining and where necessary demystifying the key terms used in discussion of the political system. Major figures, events, ideas, movements and Supreme Court cases relevant to a study of the American political system are included with the aim of allowing readers to develop a deeper knowledge and understanding of the area. The Dictionary also raises key issues and areas of contention and academic debate. Coverage is comprehensive, with c.400 entries, each providing analysis of the

subject. Terms are presented in an A-Z format with cross-referencing where appropriate.

A Political Dictionary Explaining the True Meaning of Words
Oxford University Press

This authoritative Dictionary provides comprehensive definitions of key terms in public policy. Unpacking the increasingly complex and diffusive world of public policy, it offers an exhaustive definitional guide to the terminology utilised by contemporary policy scholars. Prepared by a team of expert scholars, entries summarise the social, political and economic contexts of fundamental public policy vocabulary and dissect its usage in modern scholarship. Entries are meticulously cross-referenced to guarantee accessibility and illuminate a broad yet detailed understanding of topics. Providing recommendations for further reading, it features 330 carefully defined entries to aid researchers investigating both novel and historical approaches to public policy. Assembling a broad overview of the discipline, this Dictionary is a useful reference book for students at all levels and early-career researchers. It will also benefit policy practitioners looking for a superior understanding of the crucial vocabulary that governs their field.

The Asian Political Dictionary Wiley-Blackwell

The Concise Oxford Dictionary of Politics OUP Oxford

Historical Dictionary of the U.S. Congress Taylor & Francis

Examines over 450 terms related to improving the human condition in developing countries

The Presidential-Congressional Political Dictionary Penguin Group USA

This best-selling dictionary contains over 1,700 entries on all

aspects of politics. Written by a leading team of political scientists, it embraces the whole multi-disciplinary spectrum of political theory including political thinkers, history, institutions, and concepts, as well as notable current affairs that have shaped attitudes to politics. An appendix contains timelines listing the principal office-holders of a range of countries including the UK, Canada, the USA, Australia, New Zealand, Russia, and China. Fully revised and updated for the 3rd edition, the dictionary includes a wealth of new material in areas such as international relations, political science, political economy, and methodologies, as well as a chronology of key political theorists. It also boasts entry-level web links that don't go out of date. These can be accessed via a regularly checked and updated companion website, ensuring that the links remain relevant, and any dead links are replaced or removed. The dictionary has international coverage and will prove invaluable to students and academics studying politics and related disciplines, as well as politicians, journalists, and the general reader seeking clarification of political terms.

The Public Administration Dictionary Santa Barbara, Calif. : ABC-Clio

Alfabetisk gennemgang af en række politologiske begreber
The American Political Dictionary Oxford Quick Reference
 Featuring over 1,800 concise definitions of key terms, the Dictionary of the Social Sciences is the most comprehensive, authoritative single-volume work of its kind. With coverage on the vocabularies of anthropology, sociology, political science, economics, human geography, cultural studies, and Marxism, the Dictionary is an integrated, easy-to-use, A-to-Z reference tool.

Designed for students and non-specialists, it examines classic and contemporary scholarship including basic terms, concepts, theories, schools of thought, methodologies, issues, and controversies. As a true dictionary, it also contains concise, jargon-free definitions that explain the rich, sometimes complex language of these increasingly visible fields.

The SAGE Dictionary of Social Research Methods The Concise Oxford Dictionary of Politics

Bringing together the work of over eighty leading academics and researchers worldwide to produce the definitive reference and research tool for the social sciences, The SAGE Dictionary of Social Research Methods contains more than 230 entries providing the widest coverage of the all the main terms in the research process. It encompasses philosophies of science, research paradigms and designs, specific aspects of data collection, practical issues to be addressed when carrying out research, and the role of research in terms of function and context. Each entry includes: - A concise definition of the concept - A description of distinctive features: historical and disciplinary backgrounds; key writers; applications - A critical and reflective evaluation of the concept under consideration - Cross references to associated concepts within the dictionary - A list of key readings
 Written in a lively style, The SAGE Dictionary of Social Research Methods is an essential study guide for students and first-time researchers. It is a primary source of reference for advanced study, a necessary supplement to established textbooks, and a state-of-the-art reference guide to the specialized language of research across the social sciences.

Dictionary of the Political Thought of the People's

Republic of China University of Chicago Press

Far more than a simple glossary, this unique resource provides a detailed lexicography of political and social life in China today, and deepens our understanding of the last twenty years of enormous change in the People's Republic. Each of the 1,600 entries (1) is rendered in Chinese characters; (2) is alphabetized according to pinyin, the Chinese phonetic alphabet; (3) is translated into English; and (4) is explained in terms of the situation in which it first appeared and how its meaning shifted over time. In addition to the main body of definitions and annotations, there are three appendices, abbreviations, a name index, and a bibliography.

Dictionary of the Social Sciences Santa Barbara, Calif. : ABC-Clío

This classic textbook has been a vital supplement in American government classes for 35 years. Much more than a dictionary, the comprehensive information provided for each term qualifies The American Political Dictionary, Tenth Edition, as a reference book. Professor Plano's extensive experience in writing political dictionaries is evident in this scholarly, interpretive, current

edition. Appropriate as a supplement in the introductory course in American government. This textbook could also supplement various texts in such courses as Legislative Process, The American Executive, Constitutional Law, and Foreign Policy.

Safire's Political Dictionary Pine Forge Press

Explains and discusses significant rules and concepts

Hyperpolitics Routledge

The present publication is an up-to-date, authentic and comprehensive dictionary of political science, which recognises that political science is a field in its own right, and with its own language, and that terms and their definitions are important for professionals and students of political science. It aims to provide clear, concise, and correct definitions and descriptions of the terms used in political science. This work is designed to be a comprehensive reference tool for political science professionals, students and laymen interested in political science. It is earnestly hoped that it will be an authoritative source to which one can turn with confidence for meaning and knowledge of the common, specialised and latest terms in political science and allied fields.
