 #1 NEW YORK TIMES BESTSELLER • A dramatic expansion of a groundbreaking work of journalism, *The 1619 Project: A New Origin Story* offers a profoundly revealing vision of the American past and present. ONE OF THE BEST BOOKS OF THE YEAR: The Washington Post, NPR, Esquire, Marie Claire, Electric Lit, Ms. magazine, Kirkus Reviews, Booklist In late August 1619, a ship arrived in the British colony of Virginia bearing a cargo of twenty to thirty enslaved people from Africa. Their arrival led to the barbaric and unprecedented system of American chattel slavery that would last for the next 250 years. This is sometimes referred to as the country's original sin, but it is more than that: It is the source of so much that still defines the United States. The New York Times Magazine's award-winning "1619 Project" issue reframed our understanding of American history by placing slavery and its continuing legacy at the center of our national narrative. This new book substantially expands on that work, weaving together eighteen essays that explore the legacy of slavery in present-day America with thirty-six poems and works of fiction that illuminate key moments of oppression, struggle, and resistance. The essays show how the inheritance of 1619 reaches into every part of contemporary American society, from politics, music, diet, traffic, and citizenship to capitalism, religion, and our democracy itself. This is a book that speaks directly to our current moment, contextualizing the systems of race and caste within which we operate today. It reveals long-glossed-over truths around our nation's founding and construction—and the way that the legacy of slavery did not end with emancipation, but continues to shape contemporary American life.  Outsold only by the Bible and Shakespeare, the works of Agatha Christie stand as some of the most celebrated crime fiction of our era. This book takes ten of her most famous works and shows their relationship to ten of crime history's most famous and sensational cases—cases whose notoriety still resounds to this day. Addressing both novels and short stories, the author illuminates the relationship between Christie's *Murder on the Orient Express* and the sensational Lindbergh Kidnapping Case of 1932; the connections between Christie's *Mrs. McGinty's Dead* and the horrific true case of England's most loathed wife-killer, the American Dr. Hawley Harvey Crippen—and eight more engrossing pairings of Christie's ingenious mystery puzzles with vintage true crime's most sensational events.

NEW YORK TIMES BEST SELLER • A Best Book of 2021: Entertainment Weekly, Good Morning America, Wall Street Journal, and more From the indie rockstar of Japanese Breakfast fame, and author of the viral 2018 New Yorker essay that shares the title of this book, an unflinching, powerful memoir about growing up Korean American, losing her mother, and forging her own identity. In this exquisite story of family, food, grief, and endurance, Michelle Zauner proves herself far more than a dazzling singer, songwriter, and guitarist. With humor and heart, she tells of growing up one of the few Asian American kids at her school in Eugene, Oregon; of struggling with her mother's particular, high expectations of her; of a painful adolescence; of treasured months spent in her grandmother's tiny apartment in Seoul, where she and her mother would bond, late at night, over heaping plates of food. As she grew up, moving to the East Coast for college, finding work in the restaurant industry, and performing gigs with her fledgling band—and meeting the man who would become her husband—her Koreanness began to feel ever more distant, even as she found the life she wanted to live. It was her mother's diagnosis of terminal cancer, when Michelle was twenty-five, that forced a reckoning with her identity and brought her to reclaim the gifts of taste, language, and history her mother had given her. Vivacious and plainspoken, lyrical and honest, Zauner's voice is as radiantly alive on the page as it is onstage. Rich with intimate anecdotes that will resonate widely, and complete with family photos, *Crying in H Mart* is a book to cherish, share, and reread.

As wild and sexy and over the top as the decade it brings to life, author, William Stadiem, tells the inside story of Hollywood producers in the 80s. From hits like Beverly Hills Cop, Top Gun and Batman to flops like Heaven's Gate, Howard the Duck and Leonard Part 6, Hollywood was never more excessive than it was in the 1980s. In this, the Moneywood era, the purse strings were not controlled by reasonably consenting adults but by pop culture cowboys who couldn't balance their own checkbooks. What they could do was sweet talk the talent, seduce the starlets, snowball the Japanese and slither out of Dodge when the low grosses trickled in. Their out of control lifestyles and know-nothing, raging narcissistic personalities make the original brutal studio heads like Sam Goldwyn and Jack Warner seem like Oxford dons. Yet, for all their flops, these Scoundrels of Spago turned Hollywood into a Big Business that was catnip to Wall Street. They were The Producers, and they were way beyond anything Mel Brooks could dream up. The Moneywood cast of characters includes: -Simpson and Bruckheimer; Guber and Peters; Eisner/Katzenberg/Ovitz: An unusual fresh take on the usual subjects. -Ray Stark, the wizard of Holmby Hills, the most powerful producer of the 80s. -Mario Kassar and Andy Vajna, the Rambo boys, who went from making wigs to making blockbusters. -Menahem Golan-Yoram Globus, the Israeli schlockmeisters who proved that every star had a price. -David Begelman, the embezzler, gambler and sex addict who was rewarded for his sins by getting to run both Columbia and MGM. -Roland Betts, the aristocratic Silver Screen Partners founder and former Yale frat-mate of George W. Bush who was a master at playing the Reagan White House card. -Giancarlo Parretti, the Italian cannery worker who bought MGM, with a little help from his (Sicilian) friends. -David Puttnam The high-toned English advertising whiz who was supposed to raise the Hollywood bar, but ended up barred from Hollywood. Moneywood is the ultimate expose of the real hit men of Hollywood's go-go decade.

From Brooklyn Nine-Nine star Terry Crews, the deeply personal story of his lifelong obsession with strength—and how, after looking for it in all the wrong places, he finally found it Terry Crews spent decades cultivating his bodybuilder physique and bravado. On the outside, he seemed invincible: he escaped his abusive father, went pro in the NFL, and broke into the glamorous world of Hollywood. But his fixation with appearing outwardly tough eventually turned into an exhausting performance in which repressing his emotions let them get the better of him—leading him into addiction and threatening the most important relationships in his life. Now Crews is sharing the raw, never-before-told story of his quest to find the true meaning of toughness. In *Tough*, he examines arenas of life where he desperately sought control—masculinity, shame, sex, experiences with racism, and relationships—and recounts the setbacks and victories he faced while uprooting deeply ingrained toxic masculinity and finally confronting his insecurities, painful memories, and limiting beliefs. The result is not only the gripping story of a man's struggle against himself and how he finally got his mind right, but a bold indictment of the cultural norms and taboos that ask men to be outwardly tough while leaving them inwardly weak. With *Tough*, Crews's journey of transformation offers a model for anyone who considers themselves a "tough guy" but feels unfulfilled; anyone struggling with procrastination or self-sabotage; and anyone ready to achieve true, lasting self-mastery.

Few know the name Anna Jarvis, yet on the second Sunday in May, we mail the card, buy the flowers, place the phone call, or make the brunch reservation to honor our mothers, all because of her. Anna Jarvis organized the first official Mother's Day celebration in Grafton, West Virginia in 1908 and then spent decades promoting the holiday and defending it from commercialization. She designed her Mother's Day celebration around a sentimental view of motherhood and domesticity, envisioning a day venerating the daily services and sacrifices of mothers within the home. After Mother's Day became a national holiday in 1914, many organizations sought to align the holiday's meaning with changing perceptions of modern motherhood in the twentieth century. Instead of restricting a mother's service and influence solely to the domestic sphere, they emphasized the power of mothers both within their homes and throughout their communities. Jarvis refused to accept this changing interpretation, claiming both intellectual and legal ownership of Mother's Day. Her obsession with protecting the purity of her vision sustained a war of verbal and legal assaults against rival holiday promoters, patriotic women's organizations, charitable foundations, public health reformers, and the Franklin D. Roosevelt administration. The struggle for control of Mother's Day ultimately threatened her livelihood, physical health, and emotional stability. *Memorializing Motherhood* explores the complicated history of Anna Jarvis's movement to establish and control Mother's Day, as well as the powerful conceptualization of this day as both a holiday and a cultural representation of motherhood.

From iconic NBA All-Star Carmelo Anthony comes a New York Times bestselling memoir about growing up in the housing projects of Red Hook and Baltimore—a brutal world Where Tomorrows Aren't Promised. For a long time, Carmelo Anthony's world wasn't any larger than the view of the hoopers and hustlers he watched from the side window of his family's first-floor project apartment in Red Hook, Brooklyn. He couldn't dream any bigger than emulating his older brothers and cousin, much less going on to become a basketball champion on the world stage. He faced palpable dangers growing up in the housing projects of Red Hook and West Baltimore's Murphy Homes (a.k.a. Murder Homes, subject of HBO's *The Wire*). He navigated an education system that ignored, exploited, or ostracized him. He suffered the untimely deaths of his closely held loved ones. He struggled to survive physically and emotionally. But with the strength of family and the guidance of key mentors on the streets and on the court, he pushed past lethal odds to endure and thrive. By the time Carmelo found himself at the NBA Draft at Madison Square Garden in 2003 preparing to embark on his legendary career, he wondered: How did a kid who'd had so many hopes, dreams, and expectations beaten out of him by a world of violence, poverty, and racism make it here at all? Carmelo's story is one of strength and determination; of dribbling past players bigger and tougher than him, while also weaving around vial caps and needles strewn across the court; where dealers and junkies lined one side of the asphalt and kids playing jacks and Double Dutch lined the other; where rims had no nets, and you better not call a foul—a place Where Tomorrows Aren't Promised. *Anime True Roots Mother's Day Signed Edition* A Mindful Kitchen with More Than 100 Recipes Free of Gluten, Dairy, and Refined Sugar

Lays out the plan for a collection of readings from Scripture designed for the needs of seekers and the unchurched. The church has used lectionaries—lists of scriptures to be read on particular Sundays throughout the year—across its long history. Yet most lectionaries are inward-looking: they presuppose hearers who are familiar with the biblical story and accustomed to gearing their lives around the Christian year. Yet in the increasingly pagan world of North America, the church's task is to reach out to those who are spiritually hungry, yet unfamiliar with the Christian story. In this important new work Tom Bandy has given those who plan and lead worship a new lectionary, specifically geared to the needs of seekers. He lays out a plan for a trip through the central biblical narratives, the purpose of which is to provide seekers with a basic understanding of the gospel, and to call disciples to a deeper experience of Christian faith.
