MAHONEY MATHEWS

The Devil Colony Random House

Sexus is the first volume of the scandalous trilogy The Rosy Crucifixion, Henry Miller's major life work Henry Miller called the end of his life in America and the start of a new, bohemian existence in 1930s Paris his 'rosy crucifixion'. His searing fictionalized autobiography of this time of liberation was banned for nearly twenty years. Sexus, the first volume in The Rosy Crucifixion trilogy, looks back to his early sexual escapades in Brooklyn, and his growing infatuation with the playful, teasing dance hall hostess who will become the great obsession of his life.

Malini Random House

The Untold Story of Jesus and His Twin Brother, Judas Khrestus... Mystery and intrigue surround the church web of deceit, corruption, murder and debauchery. In THE BIBLE FRAUD, you will find the truth about Rabbi Jesus and his twin brother, their birth, marriages and deaths, as well as the bloodlines that have resulted from events of that time.

Plexus

Rabindranath Tagore is a Bengali Indian poet, writer and philosopher. He was born is 1861 and died in Calcutta (now Kolkata). He is famous for his poetic works, philosophical plays, novels and short stories. The poetic play, Malini, is a story of love and hatred. It also deals with the topics such as religion, faith, friendship, devotion, sacrifice, forgiveness, loyalty, betrayal, etc.

The Handmaid's Tale Harper Collins

Binodini: Oriya Translation By Chittaranjan Das Of Rabindranath Tagore'S Bengali Novel Chokher Bali.

PlexusRandom House

Plexus Thorndike Press Large Print

Plexus is the second volume of the scandalous trilogy The Rosy Crucifixion, Henry Miller's major life work Exploring one man's desperate desire for freedom, Plexus is the central volume of Henry Miller's scandalous semi-autobiographical trilogy The Rosy Crucifixion. It finds him in the midst of his stormy marriage to the volatile, duplicitous Mona, and joyfully quitting his dreary job for a hand-to-mouth existence in Brooklyn, as he takes his first steps towards becoming a writer.

The Doomsday Key LP Penguin

The outstanding new Fargo adventure from the #1 New York Times-bestselling author. There are many rumors about the bay off Guadalcanal in the Solomon Islands. Some say it was the site of the lost empire of the Solomon king and that great treasure lies beneath the waters. Others say terrible things happened here, atrocities and disappearances at the hands of cannibal giants, and those who venture there do not return. It is cursed. Which is exactly what attracts the attention of husband-and-wife treasure-hunting team Sam and Remi Fargo. How could they resist? Clues and whispers lead them on a hunt from the Solomons to Australia to Japan, and what they find at the end of the trail is both wonderful and monstrous--and like nothing they have ever seen before.

The Solomon Curse Harper Collins

From James Rollins, the #1 New York Times bestselling author of the Sigma Force series, comes another electrifying combination of suspense, history, science, action, and ingenious speculation. Deep in the Rocky Mountains, a gruesome discovery—hundreds of mummified bodies—stir international

attention and fervent controversy. Despite doubts about the bodies' origins, the local Native American Heritage Commission lays claim to the prehistoric remains, along with the strange artifacts found in the same cavern: gold plates inscribed with an unfathomable script. During a riot at the dig site, an anthropologist dies horribly: burned to ash in a fiery explosion in plain view of television cameras. All evidence points to a radical group of Native Americans, including one agitator, a teenage firebrand who escapes with a vital clue to the murder and calls on the one person who might help: her uncle, Painter Crowe, director of Sigma Force. To protect his niece and uncover the truth, Painter will ignite a war across the nation's most powerful intelligence agencies. Yet, an even greater threat looms as events in the Rocky Mountains have set in motion a frightening chain reaction, a geological meltdown that threatens the entire western half of the U.S. From the volcanic peaks of Iceland to the blistering deserts of the American Southwest, from the gold vaults of Fort Knox to the bubbling geysers of Yellowstone, Painter Crowe joins forces with Commander Gray Pierce to penetrate the shadowy heart of a dark cabal, one that has been manipulating American history since the founding of the thirteen colonies. But can he discover the truth—one that could topple governments—before it destroys all he holds dear?

Binodini Academic Press

Lecture Notes on Classical Mechanics (A Work in Progress)By Daniel Arovav

The Bible Fraud

Physics of Nuclei and Particles, Volume II explores the prevalent descriptive methods used in nuclear and particle physics, with emphasis on the phenomenological and model-based aspects. The interactions of nuclear particles are discussed, along with nuclear forces and potentials and scattering and reaction models employed in nuclear physics. The nuclear structure and models of the nucleus are also considered. Comprised of four chapters, this volume begins with a review of the characteristics of nucleons and other particles that play a role in nuclear interaction processes in order to gain further insight into the underlying physical problems. Neutron physics, antinucleons, deuteron physics, and two-body nuclear forces are highlighted, together with three- and four- nucleon systems and heavy-ion physics. The next three chapters deal with nuclear forces and potentials, as deduced from nuclear dynamics (scattering and polarization); scattering and reaction models used in nuclear physics; and nuclear models such as the shell model, models of deformed nuclei, and many-body self-consistent models. The book concludes with an analysis of the Brueckner-Bethe-Goldstone theory of nuclear matter. This book will be of interest to physicists.

Lecture Notes on Classical Mechanics (a Work in Progress)

James Rollins, the New York Times bestselling master of nail-biting suspense and historical mystery, combines cutting-edge biotechnology with a centuries-old secret in an apocalyptic story that reveals where humankind is truly headed The Doomsday Key At Princeton University, a famed geneticist dies inside a biohazard lab. In Rome, a Vatican archaeologist is found dead in St. Peter's Basilica. In Africa, a U.S. senator's son is slain outside a Red Cross camp. The three murders on three continents bear a horrifying connection: all the victims are marked by a Druidic pagan cross burned into their flesh. The bizarre murders thrust Commander Gray Pierce and Sigma Force into a race against time to solve a riddle going back centuries, to a ghastly crime against humanity hidden within a cryptic medieval codex. The first clue is discovered inside a mummified corpse buried in an English peat bog—a gruesome secret that threatens America and the world. Aided by two women from his past—one his exlover, the other his new partner—Gray must piece together the horrifying truth. But the revelations come at a high cost, and to save the future, Gray will have to sacrifice one of the women at his side. That alone might not be enough, as the true path to salvation is revealed in a dark prophecy of doom. Sigma Force confronts humankind's greatest threat in an adventure that races from the Roman Coliseum to the icy peaks of Norway, from the ruins of medieval abbeys to the lost tombs of Celtic kings. The ultimate nightmare is locked within a talisman buried by a dead saint—an ancient artifact known as the Doomsday Key.
