A History Doubleday Books

A lively half-century history of rock and roll profiles performers and music that completely reshaped world culture, placing an emphasis on the pivotal year of 1956 while citing the contributions of such figures as Elvis, Chuck Berry, and Little Richard. Original.

History of Rock 'n' Roll in Ten Songs Cleis Press

Chronicles the history of rock and roll

from its beginnings to the present day, describing how the music evolved and changed society

For Big Fans and Little Punks OUP USA

From rock and roll historian Ed Ward comes a comprehensive, authoritative, and enthralling cultural history of one of rock's most exciting eras. It's February 1964 and The Beatles just landed in New York City, where the NYPD, swarms of fans, and a crowd of two hundred journalists await their first American press conference. It begins with the question on everyone's mind: "Are you going to get a haircut in America?" and

ends with a reporter tugging Paul McCartney's hair in an attempt to remove his nonexistent wig. This is where *The History of Rock & Roll, Volume 2* kicks off. Chronicling the years 1964 through the mid-1970s, this latest volume covers one of the most exciting eras of rock history, which saw a massive outpouring of popular and cutting-edge music. Ward weaves together an unputdownable narrative told through colorful anecdotes and shares the behind-the-scenes stories of the megastars, the trailblazers, DJs, record executives, concert promoters, and producers who were at the forefront of this incredible period in music history. From Bob Dylan to Bill Graham, Jimi Hendrix, Janis Joplin, The Byrds, Aretha Franklin, The Rolling Stones, and more,

everyone's favorite musicians of the era make an appearance in this sweeping history that reveals how the different players, sounds, and trends came together to create the music we all know and love today.

A Social History Franklin Watts

From the author of the critically acclaimed Elvis Presley biography: *Last Train to Memphis* brings us the life of Sam Phillips, the visionary genius who singlehandedly steered the revolutionary path of Sun Records. The music that he shaped in his tiny Memphis studio with artists as diverse as Elvis Presley, Ike Turner, Howlin' Wolf, Jerry Lee Lewis, and Johnny Cash, introduced a sound that had never been heard before. He brought forth a singular mix of black and white voices passionately proclaiming

the vitality of the American vernacular tradition while at the same time declaring, once and for all, a new, integrated musical day. With extensive interviews and firsthand personal observations extending over a 25-year period with Phillips, along with wide-ranging interviews with nearly all the legendary Sun Records artists, Guralnick gives us an ardent, unrestrained portrait of an American original as compelling in his own right as Mark Twain, Walt Whitman, or Thomas Edison.

The History of Canadian Rock 'n' Roll
Bloomsbury Publishing

"...tells the story of the Mysteries [e.g. Mystery religions]--their rise, fall and eventual rebirth in the New World, where rhythms and melodies from the West African and the Celtic diasporas collided

with the sound of popular music forever."--P. 4 of cover.

A Brief History of Rock 'n' Roll Arcadia Publishing

The birth of rock 'n roll ignited a firestorm of controversy--one critic called it "musical riots put to a switchblade beat"--but if it generated much sound and fury, what, if anything, did it signify? As Glenn Altschuler reveals in *All Shook Up*, the rise of rock 'n roll--and the outraged reception to it--in fact can tell us a lot about the values of the United States in the 1950s, a decade that saw a great struggle for the control of popular culture. Altschuler shows, in particular, how rock's "switchblade beat" opened up wide fissures in American society along the fault-lines of family, sexuality, and race. For instance, the birth of rock

coincided with the Civil Rights movement and brought "race music" into many white homes for the first time. Elvis freely credited blacks with originating the music he sang and some of the great early rockers were African American, most notably, Little Richard and Chuck Berry. In addition, rock celebrated romance and sex, rattled the reticent by pushing sexuality into the public arena, and mocked deferred gratification and the obsession with work of men in gray flannel suits. And it delighted in the separate world of the teenager and deepened the divide between the generations, helping teenagers differentiate themselves from others. Altschuler includes vivid biographical sketches of the great rock 'n' rollers, including Elvis Presley, Fats

Domino, Chuck Berry, Little Richard, Jerry Lee Lewis, and Buddy Holly--plus their white-bread doppelgangers such as Pat Boone. Rock 'n roll seemed to be everywhere during the decade, exhilarating, influential, and an outrage to those Americans intent on wishing away all forms of dissent and conflict. As vibrant as the music itself, *All Shook Up* reveals how rock 'n roll challenged and changed American culture and laid the foundation for the social upheaval of the sixties.

Its History and Stylistic Development

Year of the Book

The legendary critic and author of *Mystery Train* "ingeniously retells the tale of rock and roll" (*Publishers Weekly*, starred review). Unlike previous versions of rock 'n' roll history, this book omits

almost every iconic performer and ignores the storied events and turning points everyone knows. Instead, in a daring stroke, Greil Marcus selects ten songs and dramatizes how each embodies rock 'n' roll as a thing in itself, in the story it tells, inhabits, and acts out—a new language, something new under the sun. “Transmission” by Joy Division. “All I Could Do Was Cry” by Etta James and then Beyoncé. “To Know Him Is to Love Him,” first by the Teddy Bears and almost half a century later by Amy Winehouse. In Marcus’s hands these and other songs tell the story of the music, which is, at bottom, the story of the desire for freedom in all its unruly and liberating glory. Slipping the constraints of chronology, Marcus braids together past and present, holding up to the light

the ways that these striking songs fall through time and circumstance, gaining momentum and meaning, astonishing us by upending our presumptions and prejudices. This book, by a founder of contemporary rock criticism—and its most gifted and incisive practitioner—is destined to become an enduring classic. “One of the epic figures in rock writing.”—The New York Times Book Review “Marcus is our greatest cultural critic, not only because of what he says but also, as with rock-and-roll itself, how he says it.”—The Washington Post Winner of the Deems Taylor Virgil Thomson Award in Music Criticism, given by the American Society of Composers, Authors & Publishers *What Is Rock and Roll?* Prentice Hall The History of Rock & Roll, Volume

From Its Roots to Mid-1970s Punk

Penguin

How the Beatles Destroyed Rock 'n' Roll is an alternative history of American music that, instead of recycling the familiar clichés of jazz and rock, looks at what people were playing, hearing and dancing to over the course of the 20th century, using a wealth of original research, curious quotations, and an irreverent fascination with the oft-despised commercial mainstream.

All Shook Up Summit Books

When Jimi Hendrix died, the idea of a

black man playing lead guitar in a rock band seemed exotic. Yet ten years earlier, Chuck Berry had stood among the most influential rock and roll performers. Why did rock and roll become white? Jack Hamilton challenges the racial categories that distort standard histories of rock music and the 60s revolution.

An Alternative History of American Popular Music Harvard University Press

The basis for the new hit documentary 1971: The Year That Music Changed Everything, now streaming on Apple TV+. A rollicking look at 1971 - the busiest, most innovative and resonant year of the 70s, defined by the musical arrival of such stars as David Bowie, Pink Floyd, Led Zeppelin, and Joni Mitchell On New Year's Eve, 1970, Paul McCartney

told his lawyers to issue the writ at the High Court in London, effectively ending The Beatles. You might say this was the last day of the pop era. The following day, which was a Friday, was 1971. You might say this was the first day of the rock era. And within the remaining 364 days of this monumental year, the world would hear Don McLean's "American Pie," The Rolling Stones' "Brown Sugar," The Who's "Baba O'Riley," Zeppelin's "Stairway to Heaven," Rod Stewart's "Maggie May," Marvin Gaye's "What's Going On," and more. David Hepworth, an ardent music fan and well regarded critic, was twenty-one in '71, the same age as many of the legendary artists who arrived on the scene. Taking us on a tour of the major moments, the events and songs of this remarkable year, he

shows how musicians came together to form the perfect storm of rock and roll greatness, starting a musical era that would last longer than anyone predicted. Those who joined bands to escape things that lasted found themselves in a new age, its colossal start being part of the genre's staying power. Never a Dull Moment is more than a love song to the music of 1971. It's also an homage to the things that inspired art and artists alike. From Soul Train to The Godfather, hot pants to table tennis, Hepworth explores both the music and its landscapes, culminating in an epic story of rock and roll's best year.

 - Rock and Roll - Changing Society, Evolving History Rock and Roll: Its History and Stylistic Development, 7th edition introduces students to the various elements of music along with the history of rock music. Rock and roll is more than just a musical style, it is an influential social factor. This program gives a thorough historical and musical analysis of rock artists, styles, and events in a clear and accessible language. This new edition includes callouts in the text that links students to the new MySearchLab with eText website, as described in the features

section. A better teaching and learning experience This program will provide a better teaching and learning experience for you and your students. Here's how:

Personalize Learning - The new MySearchLab with eText delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals.

Improve Active Listening - A "Take Note" section at the beginning of each chapter poses a series of key questions; each chapter concludes with a corresponding "Take Note" section that provides brief answers to the earlier questions. Each chapter also begins with a list of key terms.

Engage Students -

Each chapter includes a set of suggested listening activities to enhance the reader's understanding of the text.

Support Instructors - A full Instructor's Manual and Testbank are available.

Note: MySearchLab with eText does not come automatically packaged with this text. To purchase MySearchLab with eText, please visit www.mysearchlab.com or you can purchase a ValuePack of the text +MySearchLab with eText: ValuePack ISBN-10: 0205843921 / ValuePack ISBN-13: 9780205843923.

The Secret History of Rock 'n' Roll Da Capo Press

A Time to Rock traces the development through the key players, movers, and shakers in rock and roll. It is a thoughtful and thought provoking look at rock and

how it affects and is affected by the social trends of its time

A History of Rock Music Routledge
THE HISTORY OF CANADIAN ROCK 'N'
ROLL

The History of Rock & Roll, Volume 1
Flatiron Books

Rock and roll music evolved in the United States during the late 1940s and 1950s, as a combination of African American blues, country, pop, and gospel music produced a new musical genre. Even as it captured the ears of the nation, rock and roll was the subject of controversy and contention. The music intertwined with the social, political, and economic changes reshaping America and contributed to the rise of the youth culture that remains a potent cultural force today. A

comprehensive understanding of post-World War II U.S. history would be incomplete without a basic knowledge of this cultural phenomenon and its widespread impact. In this short book, bolstered by primary source documents, Mitchell K. Hall explores the change in musical style represented by rock and roll, changes in technology and business practices, regional and racial implications of this new music, and the global influences of the music. The Emergence of Rock and Roll explains the huge influence that one cultural moment can have in the history of a nation.

A Chronicle of an Era, 1954-1963 The
History of Rock & Roll, Volume
1 1920-1963

A Shadow History of Rock & Roll

Universe Pub

The History of Rock: For Big Fans and Little Punks is a magical mystery tour through popular music history, featuring trailblazing acts from the 1950s to the present. Colorful, stylish illustrations bring to life artists like Jimi Hendrix, David Bowie, Joan Jett, and Madonna, plus bands such as The Beatles, The

Clash, Beastie Boys, and Pearl Jam, all of whom have inspired countless boys and girls to become musicians over the past seventy years. Included throughout the book are hand-picked recommendations from every time period, forming an extended playlist of over 1,000 songs that pay tribute to the genre and its many sounds. Divided into thirty-five different chapters, including "Pioneers Of Rock," "Women At The Helm," "Smash It," and "Hard As Rock," this vivid collection also covers the artistic movements that influenced rock or were influenced by it, such as blues, jazz, soul, and hip hop. What began as a successful Kickstarter campaign is now a must-have for rockers of all ages!
