Stranger In Paradise

Penguin

When two cases collide, police chief Jesse Stone is caught in the middle in this New York Times bestseller. Autumn in Paradise, Massachusetts, is usually idyllic. Not this time. A Hollywood movie company has come to town and brought troubled star Marisol Hinton—beautiful, talented, demanding, and scared out of her wits that her estranged husband's jealousy might take a violent turn. When she receives a death threat, Jesse and the Paradise police department go on high alert. But more lives are in danger than Jesse imagines—including his own.

Broken Identity Liberty Island

A year after losing her husband, her high school sweetheart and the love of her life to cancer, Janie Anderson embarks on a once-in-a-lifetime trip to New York City. Trying to escape the oppressive loss and hopelessness of a life without him, Janie sets off on the adventure she has dreamed about since she was a little girl.

Exploring the Big Apple, New York City, she secretly hopes that this landmark event will free her from her grief and unlock a future as wonderful as the life she had lost with Robert's passing. After a series of embarrassing encounters with a man in a dark grey suit during the flight, Janie wonders if this trip might be more than she bargained for. At 42, she is much too young to spend the rest of her days as a lonely widow, but is resolved to the fact that, like lightning, a love like that of her first marriage rarely strikes twice. When she accepts his invitation to dinner that evening, Janie is terrified at the realization that she's actually attracted to him. The handsome and wealthy Matt Lathem is sexy as hell, but, as Janie comes to realize, has baggage of his own. Can they help to heal each other in time to realize that a second chance at love is within their grasp? 'First Class to New York' is a contemporary, adult romance novel, written by AJ Harmon. It is the first book in the 'First Class' series, with Janie's story concluding in 'First Class to Portland.'

 This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist

incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations. *Rogue Souls* Penguin
