**Japan's Total Empire** Courier Corporation

This book adopts an integrative research framework that primarily combines industrial and discourse analysis to investigate the company Milkyway Image, drawing upon literature that studies film studios and the practices of film production, distribution, and reception. The history of the Hong Kong-based film production company Milkyway Image from its founding in 1996 to the present exemplifies the metamorphosis of the post-return Hong Kong film industry to an era characterised by Hong Kong's integration into a Chinese national context and the transnationalisation of world cinema. It shows that contemporary Hong Kong cinema's transition resists a monolithic chronicle and instead represents a narrative combining the perspectives of different interest groups and a complex process of compliance and resistance, negotiation and contestation. The meaning of Milkyway's films shifts as they are circulated across cultures and viewed within diverse frameworks, and our understanding of Hong Kong cinema is subject to varying contexts and historical configurations. For researchers in film and media studies and those who have a general interest in Hong Kong cinema, Asian cinema, or contemporary film culture, this book reveals how a variety of industry and cultural bodies have become co-creators of meaning for a film production house, and how the company operates as a co-creator of the discourse that surrounds it.

*A Brief History of Korea* University of Oklahoma Press

In May of 1592, Japanese dictator Toyotomi Hideyoshi sent a 158,800-man army of invasion from Kyushu to Pusan on Korea's southern tip. His objective: to conquer Korea, then China, then the whole of Asia. The resulting seven years of fighting, known in Korea as "imjin waeran," the "Imjin invasion," after the year of the water dragon in which it began, dwarfed contemporary conflicts in Europe and was one of the most devastating wars to grip East Asia in the past thousand years. THE IMJIN WAR is the most comprehensive account ever published in English of this cataclysmic event, so little known in the West. It begins with the political and cultural background of Korea, Japan and China, explores the diplomatic impasse that led to the war, describes every major incident and battle from 1592 to 1598 and introduces a fascinating cast of characters along the way. There is Hideyoshi, hosting garden parties as his armies march toward Beijing; Korean admiral Yi Sun-sin, emerging from a prison cell to take on the Japanese navy with just thirteen ships; Chinese commander Zhao Chengxun, suffering defeat after promising to "scatter the Japanese to the four winds"; the courtesan Chu Non-gae, luring a samurai warrior into her arms and jumping into the Nam River with him locked in her embrace. One nation fighting to expand, another to survive. Shockwaves extending across China and beyond. THE IMJIN WAR is an epic tale of grand perspective and intimate detail of an upheaval that would shape East Asia for centuries to come.

*The Routledge Companion to Korean Literature* LIT Verlag Münster

As East Asia regains its historical position as a world centre, information on the history of regional relations becomes ever more critical. Astonishingly, Northeast Asia enjoyed five centuries of international peace from 1400 to 1894, broken only by one major international war - the invasion of Korea in the 1590s by Japan's ruler Hideyoshi. This war involved Koreans, Japanese, Chinese, Southeast Asians, and Europeans; it saw the largest overseas

landing in world history up to that time and devastated Korea. It also highlighted the nature of the strategic balance in the region, presenting China's Ming dynasty with a serious threat that perhaps foreshadowed the dynasty's subsequent overthrow by the Manchus, played a major part in the establishment of the Tokugawa regime with its policy of peace and controlled access to seventeenth- and eighteenth-century Japan, and demonstrated the importance for regional stability of the subtle relationship of Korea to both China and Japan. This book presents a comprehensive analysis of the war and its aftermath in all its aspects – military, political, social, economic, and cultural. As such it deepens understanding of East Asian international relations and provides important insights into the strategic concerns that continue to operate in the region at present.

*A New History of Korea* Macmillan + ORM

Compiled by specialists from the University of Durham Department of East Asian Studies, this new reference work contains approximately 1500 entries covering Korean civilisation from early times to the present day. Subjects include history, politics, art, archaeology, literature, etc. The Dictionary is intended for students, teachers and researchers, and will also be of interest to the general reader. Entries provide factual information and contain suggestions for further reading. A name index and comprehensive cross-reference system make this an easy to use, multi-purpose guide for the student of Korea in the broadest sense.

*Protest Dialectics* Dynamite Entertainment

Tarzan has long been the protector of his jungle stronghold, but this time the fight has to be taken to his enemy's territory, deep in the heart of London. Half a world away and nearly a century later, Sheena is battling foes of her own when she is mysteriously swept through time and space to 1930's Africa, leaving her own land unprotected. Will these two Lords of the Jungle find enough common ground to join forces? Or will the resulting culture clash lead to mutual destruction?

*Naval History 1500-1680* Grosvenor House Publishing

Kang Hang was a Korean scholar-official taken prisoner in 1597 by an invading Japanese army during the Imjin War of 1592-1598. While in captivity in Japan, Kang recorded his thoughts on human civilization, war, and the enemy's culture and society, acting in effect as a spy for his king. Arranged and printed in the seventeenth century as Kanyangnok, or The Record of a Shepherd, Kang's writings were extremely valuable to his government, offering new perspective on a society few Koreans had encountered in 150 years and new information on Japanese politics, culture, and military organization. In this complete, annotated translation of Kanyangnok, Kang ruminates on human behavior and the nature of loyalty during a time of war. A neo-Confucianist with a deep knowledge of Chinese philosophy and history, Kang drew a distinct line between the Confucian values of his world, which distinguished self, family, king, and country, and a foreign culture that practiced invasion and capture, and, in his view, was largely incapable of civilization. Relating the experiences of a former official who played an exceptional role in wartime and the rare voice of a Korean speaking plainly and insightfully on war and captivity, this volume enables a deeper appreciation of the phenomenon of war at home and abroad.

**Orientalism and War** Routledge

An in-depth investigation of the complex relationships among food, culture, and society, *Communicating Food in Korea* features contributors from a variety of disciplines, including economics, political science, communication studies, nutrition research, tourism research, and more. Each chapter presents a unique interpretation of food's economic, political, and sociocultural relevance. Situated in Korea's shifting historical contexts, contributors explore themes, such as colonialism, food symbolism, gastronationalism, multiculturalism, food tourism, food security, and food sovereignty to research the ways food intersects with social issues in Korean society.

*Memoirs of a Millennium* Cambridge University Press

The Korean Nation was formed over a long period as ethnic groups migrated and interacted with each other in and around Manchuria and the Korean Peninsula. This is why Koreans constitute one of the oldest people in Asia and pride themselves of a long tradition and rich cultural heritage. As a peninsular state, Korea has both continental and oceanic characteristics. Its culture is a unique amalgamation of foreign influences, as its geographical location constantly exposed it to contacts with not only China, but with countries to the north, south and west of China as well. In ancient times, Korea was a power in East Asia and once ruled much of Manchuria. The kingdom of Goguryeo was successful in repelling the aggression of China's Sui Dynasty and Tang Dynasty, while the kingdom of Balhae ruled over a vast territory extending to the north as far as Siberia (Russian Maritime Territory). Throughout history, Korea not only developed a culture that is unique and distinguished from that of China, but also transmitted many elements of its culture to Japan.

**Japanese Castles in Korea 1592-98** Stanford University Press

*Korean Sinitic Poetry from Ancient Times to 1945: Si in the East* offers a ground-breaking introduction to the oral performative aspect of Korean Sinitic poetry (hansi 詩). The anthology introduces 51 representative works of Korean Sinitic poetry from the 9th to early 20th century including 9 by women poets. Each poem is discussed with ample notes on allusions and expressions, sounds and verbal glossing (hyōnt'o), and commentaries that look beyond the geographical boundary of Korea. Overview essays offer cultural and literary history in a broader East Asian context, and detailed linguistic guides emphasize the musicality and orality of this treasured literary tradition.

*Han'guk Yōnghwa Chujosa* Routledge

The Routledge Companion to Korean Literature consists of 35 chapters written by leaders in the field, who explore significant topics and who have pioneered innovative approaches. The collection highlights the most dynamic current scholarship on Korean literature, presenting rigorous literary analysis, interdisciplinary methodologies, and transregional thinking so as to provide a valuable and inspiring resource for researchers and students alike. This Companion has particular significance as the most extensive collection to date of English-language articles on Korean literature; it both offers a thorough intellectual engagement with current scholarship and addresses a broad range of topics and time periods, from premodern to contemporary. It will contribute to an understanding of literature as part of a broad sociocultural process that aims to put the field into conversation with other fields of study in the humanities and social sciences. While presenting rigorous and innovative academic research that will be useful to graduate students and researchers, the chapters in the collection are written to be accessible to the average upper-level undergraduate student and include only minimal use of academic jargon. In an effort to provide substantially helpful material for researching, teaching, and learning Korean

literature, this Companion includes as an appendix an extensive list of English translations of Korean literature.

*Korean Sinitic Poetry from Ancient Times to 1945: Si in the East* Springer Nature

In this witty historical fiction middle grade novel set at the turn of the century, an 11-year-old girl explores the natural world, learns about science and animals, and grows up. A Newbery Honor Book. "The most delightful historical novel for tweens in many, many years. . . . Callie's struggles to find a place in the world where she'll be encouraged in the gawky joys of intellectual curiosity are fresh, funny, and poignant today." —The New Yorker Calpurnia Virginia Tate is eleven years old in 1899 when she wonders why the yellow grasshoppers in her Texas backyard are so much bigger than the green ones. With a little help from her notoriously cantankerous grandfather, an avid naturalist, she figures out that the green grasshoppers are easier to see against the yellow grass, so they are eaten before they can get any larger. As Callie explores the natural world around her, she develops a close relationship with her grandfather, navigates the dangers of living with six brothers, and comes up against just what it means to be a girl at the turn of the century. Author Jacqueline Kelly deftly brings Callie and her family to life, capturing a year of growing up with unique sensitivity and a wry wit. The Evolution of Calpurnia Tate by Jacqueline Kelly was a 2010 Newbery Honor Book and the winner of the 2010 Bank Street - Josette Frank Award. This title has Common Core connections. This is perfect for young readers who like historical fiction, STEM topics, animal stories, and feminist middle grade novels. Don't miss the sequel! The Curious World of Calpurnia Tate To follow Calpurnia Tate on more adventures, read the Calpurnia Tate, Girl Vet chapter book series: Skunked! Counting Sheep Who Gives a Hoot? A Prickly Problem

**The East Asian War, 1592-1598** Edinburgh University Press

The Japanese invasion and occupation of Korea, which lasted from 1592 to 1598, was the only occasion in Japanese history when samurai aggression was turned against a foreign country. During the occupation of Korea the Japanese built 25 wajo or castles. Unlike the castles built in Japan, these fortifications were never developed or modernized after the Japanese departure. The details of late 16th-century castle construction are therefore better preserved than at many other sites. Written by Stephen Turnbull, an expert in the subject, this book examines the castles built by the Japanese in Korea, as well as the use made of existing Korean fortifications, particularly city walls. This resulted in curious hybrid fortifications that dominated the landscape until the Japanese were pushed out of the peninsula by a furious onslaught from huge Chinese armies.

*Korea's Place in the Sun: A Modern History (Updated Edition)* Columbia University Press

Contemporary North and South Korea are nations of radical contrasts: one a bellicose totalitarian state with a failing economy; the other a peaceful democracy with a strong economy. Yet their people share a common history that extends back more than 3,000 years. In this comprehensive new history of Korea from the prehistoric era to the present day, Jinwung Kim recounts the rich and fascinating story of the political, social, cultural, economic, and diplomatic developments in Korea's long march to the present. He provides a detailed account of the origins of the Korean people and language and the founding of the first walled-town states, along with the advanced civilization that existed in the ancient land of "Unified Silla." Clarifying the often complex history of the Three Kingdoms Period, Kim chronicles the five-century long history of the Choson dynasty, which left a deep impression on Korean culture. From the beginning, China has loomed large in the history of Korea, from the earliest times when the tribes that would eventually make up the Korean nation roamed the vast plains of Manchuria and against whom Korea would soon define itself. Japan, too, has played an important role in Korean history, particularly in the 20th century; Kim tells this story as well, including the conflicts that led to the current divided state. The first detailed overview of Korean history in nearly a quarter century, this volume will enlighten a new generation of students eager to understand this contested region of Asia.

**Admiral Yi Sun-sin** London, J. Murray

In recent decades historians have studied several new aspects of early modern naval history and placed it in a wider context than traditional studies of naval warfare. This volume brings together 23 studies on naval technology, policy-making and administration, tactics, strategy, operations and warfare on trade. They provide new insights and new ideas for further studies.

*The Book of Corrections* Ewha Womans University Press

Detailed, scholarly study, enhanced with over 400 illustrations, surveys defensive armor of Persia, Turkey, India, China, Ceylon, the Philippines, Korea, Tibet, and other regions. Splendid overview brings together much previously inaccessible material.

[Nanjung Ilgi Critical War Studies](#)

To this day, Japan's modern ascendancy challenges many assumptions about world history, particularly theories regarding the rise of the west and why the modern world looks the way it does. In this engaging new history, Brett L. Walker tackles key themes regarding Japan's relationships with its minorities, state and economic development, and the uses of science and medicine. The book begins by tracing the country's early history through archaeological remains, before proceeding to explore life in the imperial court, the rise of the samurai, civil conflict, encounters with Europe, and the advent of modernity and empire. Integrating the pageantry of a unique nation's history with today's environmental concerns, Walker's vibrant and accessible new narrative then follows Japan's ascension from the ashes of World War II into the thriving nation of today. It is a history for our times, posing important questions regarding how we should situate a nation's history in an age of environmental and climatological uncertainties.

**The Samurai Invasion of Korea 1592-98** Houghton Mifflin Harcourt

The biographical film or biopic is a staple of film production in all major film industries and yet, within film studies, its generic, aesthetic, and cultural significance has remained underexplored. The *Biopic in Contemporary Film Culture* fills this gap, conceptualizing the biopic with a particular eye toward the "life" of the genre internationally. New theoretical approaches combine with specially commissioned chapters on contemporary biographical film production in India, Italy, South Korea, France, Russia, Great Britain, and the US, in order to present a selective but well-rounded portrait of the biopic's place in film culture. From Marie Antoinette to *The Social Network*, the pieces in this volume critically examine the place of the

biopic within ongoing debates about how cinema can and should represent history and "real lives." Contributors discuss the biopic's grounding in the conventions of the historical film, and explore the genre's defining traits as well as its potential for innovation. *The Biopic in Contemporary Film Culture* expands the critical boundaries of this evolving, versatile genre.

*The Biopic in Contemporary Film Culture* Routledge

As the first detailed English-language book on the subject, *Korean Horror Cinema* introduces the cultural specificity of the genre to an international audience, from the iconic monsters of gothic horror, such as the wonhon (vengeful female ghost) and the gumiho (shapeshifting fox), to the avenging killers of *Oldboy* and *Death Bell*. Beginning in the 1960s with *The Housemaid*, it traces a path through the history of Korean horror, offering new interpretations of classic films, demarcating the shifting patterns of production and consumption across the decades, and introducing readers to films rarely seen and discussed outside of Korea. It explores the importance of folklore and myth on horror film narratives, the impact of political and social change upon the genre, and accounts for the transnational triumph of some of Korea's contemporary horror films. While covering some of the most successful recent films such as *Thirst*, *A Tale of Two Sisters*, and *Phone*, the collection also explores the obscure, the arcane and the little-known outside Korea, including detailed analyses of *The Devil's Stairway*, *Woman's Wail* and *The Fox With Nine Tails*. Its exploration and definition of the canon makes it an engaging and essential read for students and scholars in horror film studies and Korean Studies alike.

[I Walk in Dread](#) Univ of California Press

Biography of Admiral Yi Sun-sin of Korea who defeated the Japanese armada against all the odds and In-depth study on his leadership quality. Especially, warfare historians rank Yi's triumph at Myeong-ryang sea battle, which was featured in the mega-hit Korean movie "Myeong-ryang" (Roaring Current), second only after the Salamis sea battle in which the underdog Greek fleet annihilated the overwhelming Persian armada.
