Prima Lifestyles

Skyrim is the homeland of the Nords, a fierce and proud warrior people who are used to the bitter cold and mountainous terrain that mark the lands of Skyrim. Wracked by civil war, and threatened by the return of the legendary dragons, Skyrim faces its darkest hour. You must make sense of this maelstrom, explore the frozen tundra and bring hope to the people. The future of Skyrim, even the Empire itself, hangs in the balance as they wait for the prophesized Dragonborn to come; a hero born with the power of The Voice, and the only one who can stand amongst the dragons. You are that Dragonborn. Inside the Main Guide: - Introduction to the Races. - How to complete every storyline quest. - Where to find and conquer every side-mission. - Location of every powerful Dragonwall. - Search out and defeat every Dragon. - How to find hidden, powerful weapons. - Over 200 captioned screenshots provide even more help. - Dragonborn DLC covered in full. - Dawnguard DLC covered in full. Version 1.1: - Screenshots for the major side-missions. - Achievements/Trophy descriptions (includes all 3 DLC packs). - Formatted text for easier reading on iPhone/iPod screens via our App. Version 1.2 November 2016 - Added a full Character Creation guide complete with tips on how to get the most out of your skills and which races excel at what. - More text fixes and general edits. - Lots more to come soon!

Prima Official Game Guide Penguin

"This book supports my own 30-year crusade to demonstrate that games are an art form that undeniably rivals traditional arts. It gives detailed explanations of game art techniques and their importance, while also highlighting their dependence on artistic aspects of game design and programming." — John Romero, co-founder of id Software and CEO of Loot Drop, Inc. "Solarski's methodology here is to show us the artistic techniques that every artist should know, and then he transposes them to the realm of video games to show how they should be used to create a far more artful gaming experience ... if I were an artist planning to do video game work, I'd have a copy of this on my shelf." — Marc Mason, Comics Waiting Room Video games are not a revolution in art history, but an evolution. Whether the medium is paper or canvas—or a computer screen—the artist's challenge is to make something without depth seem like a window into a living, breathing world. **Video game art is no different. Drawing Basics and Video Game Art** is first to examine the connections between classical art and video games, enabling developers to create more expressive and varied emotional experiences in games. Artist game designer Chris Solarski gives readers a comprehensive introduction to basic and advanced drawing and design skills—light, value, color, anatomy, concept development—as well as detailed instruction for using these methods to design complex characters, worlds, and gameplay experiences. Artwork by the likes of Michelangelo, Titian, and Rubens are studied alongside AAA games like BioShock, Journey, the Mario series, and Portal 2, to demonstrate perpetual theories of depth, composition, movement, artistic anatomy, and expression. Although **Drawing Basics and Video Game Art** is primarily a practical reference for artists and designers working in the video games industry, it's equally accessible for those

interested to learn about gaming's future, and potential as an artistic medium. Also available as an eBook
