*What the Rich Invest In,*

*that the Poor and Middle  
Class Do Not!* Simon and  
Schuster

When the generation  
known as 'Baby Boomers'  
begin to retire and cash in  
on their plans, there's a  
chance that this drain on  
reserves could cause a

major devaluation in  
people's savings. This  
book offers a plan to help  
you prepare for the worst,  
offering alternative  
investments.

The Rich Dad's Guide to  
Investing John Wiley &  
Sons

"All investors, from beginners to old hands, should gain from the use of this guide, as I have." From the Introduction by Michael F. Price, president, Franklin Mutual Advisors, Inc. Benjamin Graham has been called the most important investment thinker of the twentieth century. As a master investor, pioneering stock analyst, and mentor to investment superstars, he has no peer. The volume you hold in your hands is Graham's timeless guide to interpreting and

understanding financial statements. It has long been out of print, but now joins Graham's other masterpieces, *The Intelligent Investor* and *Security Analysis*, as the three priceless keys to understanding Graham and value investing. The advice he offers in this book is as useful and prescient today as it was sixty years ago. As he writes in the preface, "if you have precise information as to a company's present financial position and its past earnings record, you

are better equipped to gauge its future possibilities. And this is the essential function and value of security analysis." Written just three years after his landmark *Security Analysis*, *The Interpretation of Financial Statements* gets to the heart of the master's ideas on value investing in astonishingly few pages. Readers will learn to analyze a company's balance sheets and income statements and arrive at a true understanding of its

financial position and earnings record. Graham provides simple tests any reader can apply to determine the financial health and well-being of any company. This volume is an exact text replica of the first edition of *The Interpretation of Financial Statements*, published by Harper & Brothers in 1937. Graham's original language has been restored, and readers can be assured that every idea and technique presented here appears exactly as Graham

intended. Highly practical and accessible, it is an essential guide for all business people--and makes the perfect companion volume to Graham's investment masterpiece *The Intelligent Investor*.  
**Ready, Fire, Aim** RDA Press, LLC  
Collects the first three installments of the best-selling series in a boxed set that includes *Rich Dad Poor Dad*, *Rich Dad's Cashflow Quadrant*, and *Rich Dad's Guide to Investing*, in a compendium that covers

such topics as the financial management secrets of the wealthy class and effective ways to raise money. Original. 10,000 first printing.  
[What the Rich Teach Their Kids About Money--That the Poor and the Middle Class Do Not!](#)  
ReadHowYouWant.com  
Whether you're thinking about starting a new business or growing an existing one, *Ready, Fire, Aim* has what you need to succeed in your entrepreneurial endeavors. In it, self-made multimillionaire and

bestselling author Masterson shares the knowledge he has gained from creating and expanding numerous businesses and outlines a focused strategy for guiding a small business through the four stages of entrepreneurial growth. Along the way, Masterson teaches you the different skills needed in order to excel in this dynamic environment.

John Wiley & Sons

"Throughout the ages, many things have been used as currency: livestock, grains, spices,

shells, beads, and now paper. But only two things have ever been money: gold and silver. When paper money becomes too abundant, and thus loses its value, man always turns back to precious metals. During these times there is always an enormous wealth transfer, and it is within your power to transfer that wealth away from you or toward you." -

-Michael Maloney, precious metals investment expert and historian; founder and principal, Gold & Silver,

Inc. The Advanced Guide to Investing Gold and Silver tells readers: The essential history of economic cycles that make gold and silver the ultimate monetary standard. How the U.S. government is driving inflation by diluting our money supply and weakening our purchasing power Why precious metals are one of the most profitable, easiest, and safest investments you can make Where, when, and how to invest your money and realize maximum returns, no

matter what the economy's state Essential advice on avoiding the middleman and taking control of your financial destiny by making your investments directly.

### **Your Next Five Moves**

Business Plus

The book begins by addressing many of the challenges stock market investors face today and the various ways many investors use the stock market to achieve their goals. A valuable discussion of where paper assets fit (and do not fit) in the context of Rich Dad

principles and its place among the other assets classes such as real estate business and commodities. The bulk of the book educates investors on "Andy's 4 pillars of stock market income" and effectively simplifies the four concepts to help investors begin to harness their power. The book concludes with ideas for an individual action plan suited to the goals of the reader

### **The Interpretation of Financial Statements**

Harper Collins

A New York Times bestseller! For the first time in his own words, President-elect Donald J. Trump explains his plan to make America great again! He wants to "put America's interests first—and that means doing what's right for our economy, our national security, and our public safety." Throughout the 2016 campaign, Trump conjured images of American strength and culture when small towns boomed with industry, mom and pop shops bustled, and people said,

“Merry Christmas!” The media scoffed at Trump’s vision and the people who supported him; they were blinded by the Clinton machine. But their eyes were opened after Trump won 62 million votes and the Oval Office. Even Republican House Speaker Paul Ryan said, “Donald Trump heard a voice in this country that no one else heard.” As Trump says in *Time to Get Tough*, “I’ve built businesses across the globe. I’ve dealt with foreign leaders. I’ve created tens of thousands

of American jobs. My whole life has been about executing deals and making real money—massive money. That’s what I do for a living: make big things happen...” Trump is about to make the biggest deals of his life, and he’s going to make them for America! From reversing lax immigration policies to eliminating regulations that restrict small businesses, Donald Trump understands that America “doesn’t need cowardice, it needs courage.” President Elect Trump is

about to “Make America Great Again” and *Time to Get Tough* is his blueprint! *The Secrets of Finding Hidden Profits Most Investors Miss* Rich Dad’s Guide to Investing What the Rich Invest in, That the Poor and Middle Class Do Not! An extraordinary collection of business success stories--all applying the principles from the #1 "New York Times" bestseller "Rich Dad Poor Dad." **Loopholes of Real Estate** Business Plus The tenth book in the

series provides firsthand accounts of the author's startup companies, what he learned from his successes and failures, and other topics a reader needs to know in order to start a company and quickly develop it.

**Rich Dad's Rich Kid, Smart Kid** Simon and Schuster

 Rich Dad's Guide to  
 Investing is a roadmap for  
 those who want to  
 become successful  
 investors and invest in the  
 types of assets that the  
 rich do. Whether your  
 goal is to become  
 financially secure,  
 comfortable, or rich this  
 book is your guide to  
 understanding the asset  
 classes and investment  
 strategy. Robert explains  
 his basic rules of  
 investing, how to reduce  
 your risk and Rich Dad's  
 10 Investor Controls as  
 well as ways to convert

your earned income into  
 passive portfolio income.  
Suze Orman's Action Plan  
 RDA Press, LLC  
 Times have changed and  
 the rules have changed,  
 but financial security is  
 still the goal. Do you know  
 how to get there? There is  
 a new reality out there—a  
 new normal. What was  
 once certain—that you  
 would be able to retire  
 comfortably, that you  
 would pay for your kids'  
 education, that your home  
 would appreciate in  
 value—is no longer a sure  
 thing. So much has  
 changed on the financial

landscape that it's hard to  
 know which moves are  
 the right ones to make.  
 Suze Orman's million-  
 copy bestselling financial  
 action plan—fully revised  
 and updated—will show  
 you the way. NEW TIMES  
 CALL FOR NEW  
 RULES—AND THIS IS  
 WHAT SUZE ORMAN'S  
 ACTION PLAN DELIVERS: •  
 up-to-date information on  
 new legislation that could  
 affect how you will  
 achieve your financial  
 goals • an explanation of  
 new FICO practices, and a  
 new strategy for dealing  
 with credit cards when

you're trying to get out of debt • sound advice about rebuilding your retirement plan, and what to do if you're already retired • guidance on how to live within your means, and strategies to keep you on the path to achieving your goals in this new age of financial honesty PLUS AN ALL-NEW CHAPTER ON KIDS AND MONEY—how to give your kids a solid financial education, no matter their age!

**What the Rich Invest In, that the Poor and Middle Class Do Not!**  
Business Plus

This work will reveal why some people work less, earn more, pay less in taxes, and feel more financially secure than others.

*The ABCs of Real Estate Investing Business Plus*  
It's estimated that there are over 50 million pensioners--in the United States alone. Like the United States, the United Kingdom, Japan, Italy, Germany and many other countries around the world are all in big trouble when it comes to the solvency of their pension funds. Who Stole My

Pension? was written to give them guidance, resources, and tools so they can take action... and stop the looting. We are in the early stages of the greatest retirement crisis in the history of our nation and, indeed, the entire world. According to the World Health Organization, nearly two billion people around the world are expected to be over age 60 by 2050, a figure that's more than triple what it was in 2000. For better or for worse, never before have there been more elderly people

living on planet Earth. One thing is certain: Doing nothing--sitting back, confident your pension check is "in the mail"--is not an option. That's a risk you can't afford to take. According to Edward Siedle, a former attorney with the United States Securities and Exchange Commission and America's leading expert in pension looting, "In the decades to come, we will witness hundreds of millions of elders worldwide, including America's Baby Boomers,

slipping into poverty. Too frail to work, too poor to retire will become the "new normal" for many of the aged." Kiyosaki, who like Siedle saw this crisis looming years ago, complements the facts and stats Siedle puts forth with strategies on how retirees can take control--not only their pensions, but their financial futures. Kiyosaki writes about the fact that his father, a highly educated man he calls his poor dad, wasn't poor until he lost his job, his paycheck--and his pension. "His PHD couldn't

save him," says Kiyosaki, who has dedicated his life to teaching and financial literacy advocacy. In *Who Stole My Pension?* the authors focus on the most misunderstood and ignored cause of the pension crisis: mismanagement of pensions and investments. The culprits that are looting the pensions of public school teachers, firefighters, police, as well as private sector workers, are on Wall Street. The Wall Street casinos charging high fees for gambling in

risky hedge funds and other speculative investments, outrageous investment-industry conflicts of interest, and outright violations of the law. *Who Stole My Pension?* is an in-depth assessment of the pension crisis that the world is facing today and what millions around the world--employees who expected to have pension income at retirement--can do about it. The authors recount a history of pension failures, inexperienced boards, gambling, looting and

other horror stories--with a focus on action steps workers and retirees can take to quickly determine if a pension is being mismanaged as well as the concrete steps they can take to end decades of pension mismanagement. They detail critical questions retirees can ask--and guidance regarding how to act on what they learn. **What the Rich Invest in that the Poor Don't!** Business Plus Reveals how to actually speed up and maximize the return on investments

to achieve total financial independence. [Rich Dad's Cashflow Quadrant](#) RDA Press, LLC THE ULTIMATE BEGINNER'S GUIDE TO REAL ESTATE INVESTING IN THE POST-PANDEMIC ECONOMY INCLUDES 8 HOURS OF FREE ONLINE REAL ESTATE COURSES FROM THE AUTHOR + MULTIPLE FREE REAL ESTATE INVESTING TOOLS Do you want to know how to create passive income, build real long-term wealth, and achieve financial freedom all through real estate

*Recognizing Market Patterns and Using Automated Software, an Essential Primer in Modern Day Trading Business Plus*

In late January, 2009, Robert Kiyosaki launched CONSPIRACY OF THE RICH - a free online book which was written in serial basis to help people understand how the current recession came about, and what

they need to learn on how to survive through the coming rough years. An unprecedented publishing event for Kiyosaki and The Rich Dad Company, CONSPIRACY OF THE RICH is an interactive, "Wiki-style" project in which Kiyosaki has invited feedback, commentary, and questions from readers across the globe. The response so far has

been totally fantastic. Millions and millions of readers have flocked to the website ([www.conspiracyoftherich.com](http://www.conspiracyoftherich.com)) to read what Robert has to say about the recession, and the readers have posted thousands of comments. Some of those reader comments will even be included in the final tradepaper version.
