GCSE, focusing on the crossover topics for both higher and foundation tiers. JustMaths Online The place for GCSE Maths: Tutorials ...www.justmaths.co.uk Compound Measures (H) - Version 2 January 2016 Compound Measures (H) A collection of 9-1 Maths GCSE Sample and Specimen questions from AQA, OCR, Pearson-Edexcel and WJEC Eduqas. 1. Gary drove from London to Sheffield. It took him 3 hours at an average speed of 80km/h. Lyn drove from London to Sheffield. She took 5 hours. Compound Measures (H) A ratio can be scaled up: Here the ratio is also 3 blue squares to 1 yellow square, even though there are more squares. Using Ratios. The trick with ratios is to always multiply or divide the numbers by the same value. Ratios -

mathsisfun.com When we compare the relationship between two numbers dealing with a kind, then we use the ratio formula. It is denoted as a separation between the number with a colon (:). Sometimes a division sign is also used to express ratios. For example, we are making a cake, then the recipe sometimes says to mix flour to water in the ratio 2 part 1. Ratio Formula in Maths Explained With Solved Example Questions For example, older televisions have a 4:3 aspect ratio, which means that the width is $\frac{4}{3}$ of the height (this can also be expressed as 1.33:1 or just 1.33 rounded to two decimal places). More recent widescreen TVs have a 16:9 aspect ratio, or 1.78 rounded to two decimal places. Ratio - Wikipedia Interactive maths learning for

your whole school. Providing complete curriculum coverage from Key Stage 1 to A Level, MyMaths offers a wealth of resources that will help you deliver your teaching in the classroom and develop your students' confidence and fluency in maths. MyMaths - Bringing maths alive - Home

However, we should keep the original quantities in mind, even when using this reduced ratio. There are not 3 total students in the class, but 15. The reduced ratio just compares the relationship between the number of boys and girls. There are 2 boys for every girl, not exactly 2 boys and 1 girl. Some ratios cannot be reduced.
