Two girls who grow up to become women.
Two friends who become something worse than enemies.
This brilliantly imagined novel brings us the story of Nel Wright and Sula Peace, who meet as children in the small town of Medallion, Ohio. Nel and Sula's devotion is fierce enough to withstand bullies and the burden of a dreadful secret. It endures even after Nel has grown up to be a pillar of the black community and Sula has become a pariah. But their friendship ends in an unforgivable betrayal—or does it end? Terrifying, comic, ribald and tragic, *Sula* is a work that overflows with life.

[Updated for the New Official Outline] John Wiley & Sons
 NEW 2021 EDITION of the best-selling notary prep guide to the difficult Louisiana exam. (NOTE: This one is keyed to the blue 2021 state textbook.) The Louisiana Notary Exam has a 20% pass rate. The Notary Exam has an official Study Guide you use during the exam. But the Study Guide has no index, no big picture, no study strategies, no exam-day tips, not enough cross-references . . . and few of the forms notaries use that they test. It doesn't explain most-tested subjects, past exams, or recent changes to the Guide. It's got the law and notary rules, but it's missing essentials for any such textbook.

This book has all that—and much more that anyone contemplating the exam should read. It even includes crucial information about notary practice for the newbie notary, and is useful to experienced notaries for its expanded cross-references, complete index, and summary lists. Basically it's the rest of the official Study Guide they somehow omitted. Why would they leave out the index, of all things? Reminder: a 20% pass rate. As a senior law teacher and member of two state bars, Professor Childress still needed to pass the Louisiana Notary Exam to practice as one. It's a challenging exam for everyone, yet he found in the 'Study Guide' lots of trees but little forest—and even less

real guidance. Determined that current test-takers can do better with more real help, he wrote this book and geared the page numbers-including an index, cross-references, lists, and illustrated explanation of successions, community property, wills, and authentic acts-to the latest edition of the state's official text, *Fundamentals of Louisiana Notarial Law and Practice*. An affordable addition to the Self-Study Sherpa Series from Quid Pro Books, that actually pays for itself twice over with its 'one weird trick' saying how to save \$65 in fees in the notary qualification process. This is the trade paperback edition available at

online and other bookstores.
