KYLEIGH O'DONNELL

[The Rolling Stones, Altamont, and the End of the Sixties](#) Grand Central Life & Style
 The acclaimed, bestselling rock-and-roll biographer delivers the first complete, unexpurgated history of the world's greatest band. The saga of the Rolling Stones is the central epic in rock mythology. From their debut as the intermission band at London's Marquee Club in 1962 through their latest record—setting Bridges to Babylon world tour, the Rolling Stones have defined a musical genre and experienced godlike adulation, quarrels, addiction, legal traumas, and descents into madness and death while steadfastly refusing to fade away. Now Stephen Davis, the New York Times bestselling author of *Hammer of the Gods* and *Walk This Way*, who has followed the Stones for three decades, presents their whole story, replete with vivid details of the Stones' musical successes and personal excesses. Born into the wartime England of air-raid sirens, bombing raids, and strict rationing, the Rolling Stones came of age in the 1950s, as American blues and pop arrived in Europe. Among London's most ardent blues fans in the early 1960s was a short blond teenage guitar player named Brian Jones, who hooked up with a lorry driver's only son, Charlie Watts, a jazz drummer. At the same time, popular and studious Michael Philip Jagger—who, as a boy, bawled out a phonetic version of “La Bamba” with an eye-popping intensity that scared his parents—began sharing blues records with a primary school classmate, Keith “Ricky” Richards, a shy underachiever, whose idol was Chuck Berry. In 1962 the four young men, joined by Bill Perks (later Wyman) on bass, formed a band rhythm and blues band, which Brian Jones named the “the Rollin’ Stones” in honor of the Muddy Waters blues classic. Using the biography of the Rolling Stones as a narrative spine, *Old God Almost Dead* builds a new, multilayered version of the Stones’ story, locating the band beyond the musical world they dominated and showing how they influenced, and were influenced by, the other artistic movements of their era: the blues revival, Swinging London, the Beats, Bob Dylan's Stones-inspired shift from protest to pop, Pop Art and Andy Warhol's New York, the “Underground” politics of the 1960s, Moroccan energy and European orientalism, Jamaican reggae, the Glam and Punk subcultures, and the technologic advances of the video and digital revolution. At the same time, *Old Gods Almost Dead* documents the intense backstage lives of the Stones: the feuds, the drugs, the marriages, and the affairs that inspired and informed their songs; and the business of making records and putting on shows. The first new biography of the Rolling Stones since the early 1980s, *Old Gods Almost Dead* is the most comprehensive book to date, and one of the few to cover all the

band's members. Illustrated throughout with photos of pivotal moments, it is a celebration of the Rolling Stones as an often courageous, often foolish gang of artists who not only showed us new worlds, but new ways of living in them. It is a saga as raunchily, vibrantly entertaining as the Stones themselves.

This Day in Music Aurum

Examines the mysterious death of Rolling Stones band member Brian Jones, the harsh reality of the myths surrounding the band's success, and how Jones' death marked the end of the idealism of the 1960s

[The Cambridge Companion to the Rolling Stones](#) St. Martin's Press
 Explores the making of the Rolling Stones' album "Exile on Main Street" and also examines the technical and creative aspects of each individual recording.

Sympathy for the Drummer Random House

In September of 1965, nineteen-year-old photographer Gered Mankowitz received a phone call asking if he wanted to accompany the Rolling Stones on their American tour the next month. The assignment: Photograph everything the up-and-coming Stones did in America to feed to the British press. Overwhelmed, Mankowitz naturally said yes. From the start, which began with a flight out of Heathrow to New York's John F. Kennedy Airport in the Royal Ambassador Class section of a trendy TWA jet, Mankowitz was made to feel like one of the boys and invited to participate in the band's true rock 'n' roll lifestyle. Once they reached New York, the Stones began traveling with opening acts Patti LaBelle and the Bluebells, the Rocking Ramrods, and the Vibrations, making their way across Canada and the U.S. to their final stop in Los Angeles on December 5, 1965. Mankowitz continued photographing the Stones throughout '66 and '67 in the U.K. and abroad, documenting their ongoing success and shooting a few album covers for the band, including the seminal December's *Children* and *Between the Buttons*. This is an astounding, candid collection of photographs of the Rolling Stones and their rise to international fame.

50 Tracks That Tell the Story of the Rolling Stones Yale University Press

The definitive story of the most controversial and longest surviving band in music history In order to accurately chronicle the human drama at the center of the Rolling Stones story, the author of this book has carried out interviews with band members, close family members (including Mick's parents), and the group's fans and contemporaries. He has even examined their previously unreleased FBI files. In 1962 Mick Jagger was a bright, well-scrubbed boy planning a career in the civil service, while Keith Richards was learning how to smoke and swivel a six-shooter. Add the mercurial Brian Jones (who'd been effectively run out of Cheltenham for theft, multiple impregnations, and playing blues guitar) and the wryly opinionated Bill Wyman and Charlie

Watts, and the potential was obvious. During the 1960s and 70s the Stones were polarizing figures, alternately admired and reviled for their flamboyance, creativity, and salacious lifestyles. Confidently expected never to reach 30, they are now approaching their seventies, and have been together for 50 years. Like no other book before, this history makes sense of the rich brew of clever invention and opportunism, of talent, good fortune, insecurity, self-destructiveness, and of drugs, sex, and other excess, that made the Stones who they are.

Little Book of the Rolling Stones Simon & Schuster

The first official, in-depth history of the Rolling Stones told through the band's television and radio broadcasts—appearance by appearance—published to tie in with the global release of a DVD containing recently discovered, never-before-released footage of the Stones on TV, in front of and behind the cameras. *The Rolling Stones on Air in the Sixties* is a unique chronicle of the band's rise to fame during the 1960s. It begins with a letter the BBC received from Brian Jones in January 1963, politely requesting an audition for “The Rollin’ Stones Rhythm and Blues Band,” and ends with the story of the group's performance of “Let It Bleed” for BBC's end-of-the-decade celebration television program *Ten Years of What*. From their first television appearance on *Thank Your Lucky Stars!*, sporting matching houndstooth suits at the insistence of manager Andrew Loog Oldham, to the louche rockers who performed at a televised free concert in London's Hyde Park in 1969, *The Rolling Stones on Air in the Sixties* reveals, year-by-year, how the group rose from obscurity to dominate rock-and-roll. Throughout, the Stones look back at their career-defining broadcasts, sharing their individual recollections about the music, the clothes, the fans, the rivals and friends, and the impact they had on the generational divide and the world around them. This remarkable collection features previously unseen facsimile documents from the BBC and commercial archives, exclusive interviews with directors and producers who worked with the band during their rise, and showcases many stunning images never before seen. This is history as it happened, both in front of and behind the camera, and on and off the studio mic. Viewing the band from a fresh and unusual viewpoint that makes their story both immediate and vivid, *The Rolling Stones on Air in the Sixties* offers invaluable insights into one of the greatest great rock 'n' roll bands the world has ever seen. [Let It Bleed](#) Voyageur Press

Two of the world's preeminent music journalists tackle the liveliest debate in rock history: which band is the greatest ever—the Beatles or the Rolling Stones? More than two dozen topics of debate are addressed, with cases being made both for the lads from Liverpool and rock's proto bad boys. From the Cavern and Crawdaddy clubs through head-to-head comparisons of specific albums (e.g., *Exile* or “the White Album?”), members’

roles within the bands, the Svengali-like managers, influential producers, musical influences, and more, this is the book that dares confront the topics over which fans have agonized for years. Illustrated throughout with photography and memorabilia. [A Journey Through America with the Rolling Stones](#) HarperCollins The Washington Post hails Greil Marcus as our greatest cultural critic. Writing in the London Review of Books, D. D. Guttenplan calls him probably the most astute critic of American popular culture since Edmund Wilson. For nearly thirty years, he has written a remarkable column that has migrated from the Village Voice to Artforum, Salon, City Pages, Interview, and The Believer and currently appears in the Barnes & Noble Review. It has been a laboratory where Marcus has fearlessly explored and wittily dissected an enormous variety of cultural artifacts, from songs to books to movies to advertisements, teasing out from the welter of everyday objects what amounts to a de facto theory of cultural transmission. Published to complement the paperback edition of *The History of Rock & Roll in Ten Songs*, *Real Life Rock* reveals the critic in full: direct, erudite, funny, fierce, vivid, astute, uninhibited, and possessing an unerring instinct for art and fraud. The result is an indispensable volume packed with startling arguments and casual brilliance.

[Old Gods Almost Dead](#) Unanimous, Limited

"There's the sun, there's the moon, there's the air we breathe, and then there's the Rolling Stones." --Keith Richards. Fans who endorse the legendary guitarist's sentiments will pore through every engaging quote in this collection, which shows exactly why the Stones remain in the spotlight after 50 years of performing. In addition to the band members, quotes come from such figures as producer Andrew Oldham and Paul McCartney.

[Bruce Springsteen - Wrecking Ball](#) Book Sales

(Piano/Vocal/Guitar Artist Songbook). This fantastic collection features over 25 hits from the British rock band in piano/vocal/guitar notation, including: Angie * Beast of Burden * Emotional Rescue * Fool to Cry * Happy * It's Only Rock 'N' Roll (But I like It) * Miss You * Not Fade Away * Rocks Off * Shattered * Start Me Up * Time Is on My Side * Tumbling Dice * Waiting on a Friend * and more.

[Rolling Stones All the Songs](#) Chronicle Books

The first collection of academic essays focused entirely on the musical, historical, cultural and media impact of the Rolling Stones.

[The Rolling Stones - Sheet Music Anthology](#) Alfred Music Illustrated with over 125 color and black and white photographs, *The Rolling Stones: a Pictorial History* follows the Rolling Stones from their early days at the Crawdaddy Club, through the late 1960s and early 1970s when they made musical history with their grand slam of albums - *Beggars' Banquet*, *Let it Bleed*, *Sticky Fingers* and *Exile on Main Street* - and finally up to their triumphant 1989 *Wheels* tour.

[Stones Touring Party](#) Alfred Music

Wrecking Ball, Bruce Springsteen's 17th studio album, is a statement on modern American life set to The Boss's perfect fusion of rock and folk/Americana. These authentic guitar TAB arrangements include melody, lyrics, and TAB. Titles: * We Take Care of Our Own * Easy Money * Shackled and Drawn * Jack of All Trades * Death to My Hometown * This Depression * Wrecking Ball * You've Got It * Rocky Ground * Land of Hope and Dreams * We Are Alive * Swallowed Up * American Land

[The Rolling Stones: Fifty Years](#) Crown Archetype

A gritty, one-of-a-kind backstage account of the world's greatest touring band, from the opinionated music journalist who was along for the ride as a young reporter for Rolling Stone in the 1990s **ONE OF THE TOP FIVE ROCK BIOGRAPHIES OF THE YEAR—SAN FRANCISCO CHRONICLE ONE OF THE BEST BOOKS OF THE YEAR—KIRKUS REVIEWS** A book inspired by a lifelong appreciation of the music that borders on obsession, Rich Cohen's fresh and galvanizing narrative history of the Rolling Stones begins with the fateful meeting of Mick Jagger and Keith Richards on a train platform in 1961—and goes on to span decades, with a focus on the golden run—from the albums *Beggars Banquet* (1968) to *Exile on Main Street* (1972)—when the Stones were at the height of their powers. Cohen is equally as good on the low points as the highs, and he puts his finger on the moments that not only defined the Stones as gifted musicians schooled in the blues, but as the avatars of so much in our modern culture. In the end, though, after the drugs and the girlfriends and the bitter disputes, there is the music—which will define, once and forever, why the Stones will always matter. Praise for *The Sun & The Moon & The Rolling Stones* “Fabulous . . . The research is meticulous. . . . Cohen's own interviews even yield some new Stones lore.”—*The Wall Street Journal* “[Cohen] can catch the way a record can seem to remake the world [and] how songs make a world you can't escape.”—*Pitchfork* “No one can tell this story, wringing new life even from the leathery faces of mummies like the Rolling Stones, like Rich Cohen. . . . The book beautifully details the very meaning of rock 'n' roll.”—*New York Observer* “Masterful . . . Hundreds of books have been written about this particular band and [Cohen's] will rank among the very best of the bunch.”—*Chicago Tribune* “Cohen, who has shown time and time again he can take any history lesson and make it personal and interesting . . . somehow tells the [Stones'] story in a whole different way. This might be the best music book of 2016.”—*Men's Journal* “[Cohen's] account of the band's rise from 'footloose' kids to 'old, clean, prosperous' stars is, like the Stones, irresistible.”—*People* “You will, as with the best music bios, want to follow along on vinyl.”—*The Washington Post* “A fresh take on dusty topics like *Altamont* and the Stones' relationship with the Beatles . . . Cohen takes pilgrimages to places like *Nellcôte*, the French mansion where the Stones made *Exile on Main Street*, and recounts fascinating moments from his time on tour.”—*Rolling Stone* “On the short list

of worthwhile books about the Stones . . . The book is stuffed with insights.”—*San Francisco Chronicle*

[Jethro Tull Guitar Anthology \(Songbook\)](#) Alfred Music

With a central spotlight on the creation of what many consider the Stones' masterpiece, 'Let it Bleed', Sean Egan draws a picture of where the band were at in the bleak aftermath of Brian Jones' death, and how the making of the album catapulted them to the next stage of their extraordinary career.

[Their 100 Finest Songs](#) Plume

The Rolling Stones are one of the greatest bands the world has ever seen. After 50 years of material they are still a huge draw and their tours sell out all over the world. The Rolling Stones have topped charts all over the world and Jagger, Richards and co now in their 70's show no sign of slowing down. In this quiz book your knowledge of the super group will be tested. From their early beginnings all the way to their tour this year these questions cover many subjects. Their songs, albums, band members past and present, controversies that have followed them around and much more.

[Authentic Guitar TAB Sheet Music Transcription](#) Rowman & Littlefield

Stanley Booth, a member of the Rolling Stones' inner circle, met the band just a few months before Brian Jones drowned in a swimming pool in 1968. He lived with them throughout their 1969 tour across the United States, staying up all night together listening to blues, talking about music, ingesting drugs, and consorting with groupies. His thrilling account culminates with their final concert at *Altamont Speedway*—a nightmare of beating, stabbing, and killing that would signal the end of a generation's dreams of peace and freedom. But while this book renders in fine detail the entire history of the Stones, paying special attention to the tragedy of Brian Jones, it is about much more than a writer and a rock band. It has been called—by Harold Brodkey and Robert Stone, among others—the best book ever written about the 1960s. In Booth's afterword, he finally explains why it took him 15 years to write the book, relating an astonishing story of drugs, jails, and disasters. Updated to include a foreword by Greil Marcus, this 30th anniversary edition is for Rolling Stones fans everywhere.

[The Rolling Stones - Best of ABKCO Years](#) Hal Leonard Corporation

Members of the band offer an inside chronicle of their careers as musicians, songwriters, performers, and colleagues, discussing the evolution of their music and their lives.
