The dramatic (poetical) works of William Shakspeare;

illustr., embracing a life of the poet and notes BRILL

I had fallen head over heels in love with a foreign language that others in my community were indifferent to, had grudgingly learnt or positively hated. I embraced the English language fully, wanting to learn everything about it, to celebrate it and serve it,

like the completely enamoured and enslaved lover. This delightful collection of essays by Catherine Lim explores her love affair with the English language through her stories and anecdotes about her encounters with the language. As the author explains, "This book is primarily to satirise (and also to celebrate) my special relationship with the English Language ... I actually want the reader to smile a little and think, 'That's vintage Catherine Lim, a mix of wit and bluster and showing off!'"

An honest look at where the church in America is headed and what we can do to change course. American Christianity is dying a slow death at its own hands. Instead of positively affecting the secular culture, we are being infected by it under the guise of being "seeker-friendly" and "loving." Soon, the church may be an exact mirror of the culture that seeks to destroy us. With a lack of strong, principled leaders, and with followers who want their ears tickled instead of being challenged to pursue righteousness, American Christianity is writing its own epitaph as it slowly dies. Unless we reverse course by embracing the complete, absolute truth of God's Word and stop trying to redefine God in our selfish human image, only a remnant will remain of a once-powerful church. Do we have the courage to challenge ourselves and our leaders to reject secular culture and its influences? Or will we continue to die a slow death at our own hands as we continue to inhale the cancer of secular humanism? Time is running out.

This winner of the 2019 Man Booker International Prize and national bestseller is "an innovative reimagining of the family saga . . . *Celestial Bodies* is itself a treasure house: an intricately calibrated chaos of familial orbits and conjunctions, of the gravitational pull of secrets" (The New York Times Book Review).

In the village of al-Awafi in Oman, we encounter three sisters: Mayya, who marries after a heartbreak; Asma, who marries from a sense of duty; and Khawla, who chooses to refuse all offers and await a reunion with the man she loves, who has emigrated to Canada. These three women and their families, their losses and loves, unspool beautifully against a backdrop of a rapidly changing Oman, a country evolving from a traditional, slave-owning society into its complex present. Through the sisters, we glimpse a society in all its degrees, from the very poorest of the local slave families to those making money through the advent of new wealth. The first novel originally written in Arabic to ever win the Man Booker International Prize, and the first book by a female Omani author to be translated into English, *Celestial Bodies* marks the arrival in the United States of a major international writer.

Not Peace But a Sword provides a case study in religious radicalism, as exemplified by the Puritanism of the English Revolution. Based on sermons preached to the Long Parliament and other political bodies, Stephen Baskerville demonstrates how Puritan religious and political ideas transformed the English Civil War into the world's first great modern revolution. To understand

why, Baskerville analyzes the underlying social changes that gave rise to Puritan radicalism. The Puritan intellectuals developed the sermon into a medium that conveyed not only popular political understanding but also a sophisticated political sociology that articulated a new social and political consciousness. In the process, they challenged the traditional political order and created a new order by appealing to the needs and concerns of a people caught up in the problems of rapid social and economic change. The book explores the social psychology behind the rise of Puritanism, as the Puritan ministers themselves presented it, through textual criticism of their own words, placing them in the mental context of their time, and offers a new understanding of the link between religious ideas and revolutionary politics.

This book presents new and overarching perspectives on the relationship between theatre and public from the Henrician Reformation through the interregnum to the Restoration, combining vivid case studies with discussion of theatre's continued importance in shaping the early modern public. Considered from the vantage point of theatre, the early modern public becomes visible as an unruly agent of political change, a force that authorities both feared and appealed to, and one that proved ultimately beyond control. It was through theatrical strategies that rulers and their opposition addressed the early modern public, and in turn it was theatre's public potential that shaped the development of the stage during the revolutionary years of the seventeenth century. In this volume, Katrin Beushausen examines sources including irreverent satirical

pamphlets, regal spectacles, anti-theatrical polemic and visions of state theatres, casting new light on the development of the early modern public and theatre.

Structure of the finished "mega-novel" echoes the work's thematic rationale." "To help readers who are interested in a particular Rabbit novel. Great Speeches by Great Lawyers Harvard University Press

"This series of reports is in a sense a continuation, but with a decided expansion, of the plan of the English ruling cases, as it takes the cases from the British empire, instead of from England only, but it continues the English ruling cases in the sense that it will include the most important cases from the English courts decided since that series terminated."--Pref.

When Anne Marie Fahey, beautiful, ambitious secretary to the Governor of Delaware, disappeared in June of 1996, all eyes immediately turned to Thomas Capano, the high-powered attorney with whom Anne Marie had been having a clandestine love affair. Well-respected, politically connected, married, and a father of four, Thomas Capano denied knowing anything about Anne Marie's disappearance. But when his brother turned him in to investigators, Capano's image was shattered. During the murder trial, he emerged as a sordid womanizer, a volatile man with a short fuse, and ultimately, as a brutal murderer who shot Anne Marie and recruited her brother to help dispose of her body. Now acclaimed writer Peter Meyer and award-winning journalist Cris Barrish explore the astounding true story behind this sensational case in *Fatal Embrace*...how a simple flirtation in the corridors of power turned into a very fatal attraction...how Capano stuffed Fahey's body in a plastic cooler, dumped it in the sea-- and what lurid final act would keep it from ever being found...how, in an explosive murder trial that galvanized the nation and pitted brother against brother, Capano became his own worst enemy-- and was convicted of cold-blooded murder... This edited collection provides a forum for rigorous analysis of the necessity for both legal and social change with regard to regulation of same-sex relationships and rainbow families, the status of civil partnership as a concept and the lived reality of equality for LGBTQ+ persons. Twenty-eight jurisdictions worldwide have now legalised same-sex marriage and many others some level of civil partnership. In contrast other jurisdictions refuse to recognise or even criminalise same-sex relationships. At a Council of Europe level, there is no requirement for contracting states to legalise same-sex marriage. Whilst the Court of Justice of the European Union now requires contracting states to recognise same-sex marriages for the purpose of free movement and residency rights, unlike the US Supreme Court, it does not require EU Member States to legalise same-sex marriage. Law and Sociology scholars from five key jurisdictions (England and Wales, Italy, Australia, Canada, and the Republic of Ireland) examine the role of the Council of Europe, European Union and further international regimes. A balanced approach between the competing views of critically analytical rights based theorists and queer and feminist theorists interrogates the current international consensus in this fast moving area. The incrementalist theory whilst offering a methodology for future advances continues to be critiqued. All contributions from differing perspectives expose that even for those jurisdictions who have legalised same-sex marriage, still further and continuous work needs to be done. The book will be of interest to students and scholars in the field of human rights,

family and marriage law and gender studies.

Despite declining prohibitions on sexual relationships, Americans are nearly unanimous in condemning marital infidelity. Deborah Rhode explores why. She exposes the harms that criminalizing adultery inflicts—including civil lawsuits, job termination, and loss of child custody—and makes a case for repealing laws against adultery and polygamy.

Madame Bovary University of Missouri Press

Have you been traumatized by infidelity? The phrase "broken heart" belies the real trauma behind the all-too-common occurrence of infidelity. Psychologist Dennis Ortman likens the psychological aftermath of sexual betrayal to post-traumatic stress disorder (PTSD) in its origin and symptoms, including anxiety, irritability, rage, emotional numbing, and flashbacks. Using PTSD treatment as a model, Dr. Ortman will show you, step by step, how to:

- work through conflicting emotions
- Understand yourself and your partner
- Make important life decisions

Dr. Ortman sees recovery as a spiritual journey and draws on the wisdom of diverse faiths, from Christianity to Buddhism. He also offers exercises to deepen recovery, such as guided meditations and journaling, and explores heart-wrenchingly familiar case studies of couples struggling with monogamy. By the end of this book, you will have completed the six stages of healing and emerged with a whole heart, a full spirit, and the freedom to love again.

In the wake of addressing multiculturalism, transculturalism,

racism, and ethnicity, the issue of xenophobia and xenophilia has been somewhat marginalized. The present collection seeks, from a variety of angles, to investigate the relations between Self and Other in the New Literatures in English. How do we register differences and what does an embrace signify for both Self and Other? The contributors deal with a variety of topics, ranging from theoretical reflections on xenophobia, its exploration in terms of intertextuality and New Zealand/Maori historiography, to analyses of migrant and border narratives, and issues of transitionality, authenticity, and racism in Canada and South Africa. Others negotiate identity and alterity in Nigerian, Malaysian, Australian, Indian, Canadian, and Caribbean texts, or reflect on diaspora and orientalism in Australian-Asian and West Indian contexts.

Embracing Sisterhood describes the contemporary state of the black woman collective and explores the legacy of black sisterhood in these times. Through an examination of how these ideas are articulated and experienced in the population, McDonald determines the relative degree of black sisterhood and "black step-sisterhood" that exists among African-American women today.
