Bibliografia kombëtare e librit që botohet në Republikën e Shqipërisë University of Wisconsin Pres

When it was first published in the author's native country, THE PALACE OF DREAMS was immediately banned. The novel revolves around a secret ministry whose task is not just to spy on its citizens, but to collect and interpret their dreams. An entire nation's unconscious is thus tapped and meticulously laid bare in the form of images and symbols of the dreaming mind.

After class placements were decided, the school's two infamous 'problem youth' not only shared the same class, but the same desk. They're clearly good at studies, but pretend to be slackers. Fakers from head to toe who just keep walking farther down the path of their performance. Hear on the grapevine about the two big brothers who always fight over the last place in class. Basically, this is a serious comedy. About the little matters of growing up.

*Historical Dictionary of Albania* Random House

In Kadare's words, and this lyrical WWII coming of age story, Albania has found its national literature.

This volume introduces English speakers to genetic criticism, arguably the most important critical movement in France today.

In recent years, French literary scholars have been exploring the interpretive possibilities of textual history, turning manuscript study into a recognized form of literary criticism. They have clearly demonstrated that manuscripts can be used for purposes other than establishing an accurate text of a work. Although its raw material is a writer's manuscripts, genetic criticism owes more to structuralist and poststructuralist notions of textuality than to philology and textual criticism. As Genetic Criticism demonstrates, the chief concern is not the "final" text but the reconstruction and analysis of the writing process. Geneticists find endless richness in what they call the "avant-texte": a critical gathering of a writer's notes, sketches, drafts, manuscripts, typescripts, proofs, and correspondence. Together, the essays in this volume reveal how genetic criticism cooperates with such forms of literary study as narratology, linguistics, psychoanalysis, sociocriticism, deconstruction, and gender theory. Genetic Criticism contains translations of eleven essays, general theoretical analyses as well as studies of individual authors such as Flaubert, Proust, Joyce, Zola, Stendhal, Chateaubriand, and Montaigne. Some of the essays are foundational statements, while others deal with such recent topics as noncanonical texts and the potential impact of hypertext on genetic study. A general introduction to the book traces genetic criticism's intellectual history, and separate introductions give precise contexts for each essay.

Researches in Greece Hill and Wang

A New York Times Book Review Editors' Choice "Erotic, paranoiac and lightly fantastical." —The Wall Street Journal "Ismail Kadare's readers are astonished every year when the Nobel committee overlooks him. . . . A Girl in Exile, published in Albanian in 2009, may rekindle the worldwide hopes." —The New York Times Book Review During the bureaucratic machinery of Albania's 1945–1991 dictatorship, playwright Rudian Stefa is called in for questioning by the Party Committee. A girl—Linda B.—has been found dead, with a signed copy of his latest book in her possession. He soon learns that Linda's family, considered suspect, was exiled to a small town far from the capital. Under the influence of a paranoid regime, Rudian finds himself swept along

on a surreal quest to discover what really happened to Linda B. "At a time when parts of the world are indulging nostalgia for communism, Kadare's novel confronts the infuriating impossibility of art in an autocratic, anti-individualist system." —The Washington Post "A Girl in Exile confirms Kadare to be the best writer at work today who remembers—almost aggressively so, refusing to forget—European totalitarianism." —The New Republic **botim jubilar** Routledge

Professor Skendi, a native of Albania, traces the progress and setbacks of Albania's long struggle for national unity during this least-known period of its intricate history. He discusses the heritage of its people and examines in detail the developments that led to Albanian independence: national resistance to the decisions of the Congress of Berlin, later opposition to Turkey, and the struggle between the Albanians and the Young Turks. Consideration is given to such internal problems as geographic configuration, religious and political division, and to such external problems as Italo-Austrian rivalry, political interference from neighboring states, and the involvement of great powers. Originally published in 1967. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

**Bibliografija Jugoslavije** Scarecrow Press

An Amazon Charts bestseller. For a Florida police diver, danger rises to the surface in an adventurous thriller by the Wall Street Journal bestselling author of The Naturalist. Coming from scandalous Florida treasure hunters and drug smugglers, Sloan McPherson is forging her own path, for herself and for her daughter, out from under her family's shadow. An auxiliary officer for Lauderdale Shores PD, she's the go-to diver for evidence recovery. Then Sloan finds a fresh kill floating in a canal—a woman whose murky history collides with Sloan's. Their troubling

ties are making Sloan less a potential witness than a suspect. And her colleagues aren't the only ones following every move she makes. So is the killer. Stalked by an assassin, pitted against a ruthless cartel searching for a lost fortune, and under watch within her ranks, Sloan has only one ally: the legendary DEA agent who put Sloan's uncle behind bars. He knows just how deep corruption runs--and the kind of danger Sloan is in. To stay alive, Sloan must stay one step ahead of her enemies--both known and unknown--and a growing conspiracy designed to pull her under.

*Workbook* Skyhorse Publishing Inc.

From Ismail Kadare, winner of the inaugural Man Booker International Prize – a novelist in the class of Coetzee, Pamuk, Márquez, and Rushdie – the stunning new translation of one of his major works. In the early fifteenth century, as winter falls away, the people of Albania know that their fate is sealed. They have refused to negotiate with the Ottoman Empire, and war is now inevitable. Soon enough, dust kicked up by Turkish horses is spotted from a citadel. Brightly coloured banners, hastily constructed minarets, and tens of thousands of men fill the plain below. From this moment on, the world is waiting to hear that the fortress has fallen. The Siege tells the enthralling story of the weeks and months that follow – of the exhilaration and despair of the battlefield, the constantly shifting strategies of war, and those whose lives are held in the balance, from the Pasha himself to the artillerymen, astrologer, blind poet, and harem of women who accompany him. "Believe me," the general said. "I've taken part in many sieges but this," he waved towards the castle walls, "is where the most fearful carnage of our times will take place. And you surely know as well as I do that great massacres always give birth to great books. You really do have an opportunity to write a thundering chronicle redolent with pitch and blood, and it will be utterly different from the graceful whines composed at the fireside by squealers who never went to war." Brilliantly vivid, as insightful as it is compelling, *The Siege* is an unforgettable account of the clash of two great civilisations, and a portrait of war that will resonate across the centuries.

*The Italo-Albanian Villages of Southern Italy* Mip Company

In this, his last significant work, an admired French philosopher provides extraordinary meditations on the relations between the imagining consciousness and the world, positing the notion of reverie as its most dynamic point of reference. In his earlier book,

*The Poetics of Space*, Bachelard considered several kinds of "praiseworthy space" conducive to the flow of poetic imagery. In *Poetics of Reverie* he considers the absolute origins of that imagery: language, sexuality, childhood, the Cartesian ego, and the universe. Approaching the psychology of wonder from the phenomenological viewpoint, Bachelard demonstrates the auriferous potential of all that awareness. Thus he distinguishes what is merely a phenomenon of relaxation from the kind of reverie which "poetry puts on the right track, the track of expanding consciousness"

*A Novel* National Academies

First published in 1999. Routledge is an imprint of Taylor & Francis, an informa company.

*Criticism and Truth* Catapult

Over the course of the past forty years, Gérard Genette's work has profoundly influenced scholars of narratology, poetics, aesthetics, and literary and cultural criticism, and he continues to be one of France's most influential theorists. The eighteen pieces in *Essays in Aesthetics* are of international interest because they are concerned either with universal aesthetic problems (the receiver's relationship to an aesthetic object, abstract art, the role of repetition in aesthetics, genre theory, and the rapport between literature and music) or with specific moments in the work of a well-known writer or artist (such as Stendhal, Proust, Manet, Pissarro, and Canaletto). *Essays in Aesthetics* contains a wealth of material related to the appreciation of beauty by one of the subtlest and most original minds working in aesthetics today. Genette knows the fine arts as well as he knows literature and as a result has innovative things to say to readers in that field as well as to philosophers and literary scholars.

*Three Essays in Archetypal Psychology* Chaleuria

Albania is not well known by outsiders; it was deliberately closed to the outside world during the communist era. Now it has thankfully become free again, its borders are open and it can be visited, and it is increasingly integrating with the rest of Europe and beyond. Unfortunately, Albania has had its share of problems in the post-communist era; it's a land of destitution and despair, thanks in part to the Albanian mafia, which has turned the country into one of blood-feuds, kalashnikovs, and eternal crises. Yet, Albania is, in essence, a European nation like any other and will soon, it is to be hoped, advance and take its proper place in

Europe and the world. The second edition of the *Historical Dictionary of Albania* relates the history of this little-known country through a detailed chronology, an introduction, a bibliography, appendixes, and over 700 cross-referenced dictionary entries on significant persons, places, and events; institutions and organizations; and political, economic, social, cultural, and religious facets.

**Essays in Aesthetics** A&C Black

Roland Barthes (1915-1980) was a major French writer, literary theorist and critic of French culture and society. His classic works include *Mythologies* and *Camera Lucida*. *Criticism and Truth* is a brilliant discussion of the language of literary criticism and a key work in the Barthes canon. It is a cultural, linguistic and intellectual challenge to those who believe in the clarity, flexibility and neutrality of language, couched in Barthes' own inimitable and provocative style.

*Bibliographie nationale de la R. P. A.. artikujt e periodikut shqip. articles de la presse albanaise* Northwestern University Press

"This manual closes a circle which began almost thirty-five years ago (November, 1954) with the beginning of work on a doctoral dissertation defended at the Pontifical Biblical Institute in April, 1957 (published in Spanish in 1962). During three decades of teaching and writing the author has kept an active interest in poetics and stylistics and the resulting accumulated knowledge has been concentrated in the present manual. The primary purpose of the book is not to serve as a source of information about facts and authors but rather to initiate the reader into the stylistic analysis of poetry. To obtain information and to classify it the reader can turn to recent works (Watson), earlier works (Knig, Hempel), or reprinted works (Bullinger). Among the poetic techniques discussed are sound and sonority, rhythm, imagery, figures of speech, dialogue and monologue, development and composition"--Page 4 of cover.

**A Reference Grammar for Students** Princeton University Press

It's the late 1940s in Skopje, Yugoslavia, in the critical year leading to Tito's break with Stalin. Pushed to leave mountain villages to become the new proletariat in urban factories, a flood of peasants crowds into Skopje—and with them, all of their goats. Suffering from hunger, Skopje's citizens welcome the newcomers. But municipal leaders are faced with a dilemma when the central government issues an order calling for the slaughter of the

country's goat population. With food so scarce, will they hide the outlawed animals? Or will they comply with the edict and endure the bite of hunger? *The Time of the Goats* is the second novel in Luan Starova's acclaimed multivolume Balkan saga. It follows the main characters from *My Father's Books* and the tragicomic events of their lives in Skopje as the narrator's intellectual father and the head goatherd become friends. As local officials clumsily carry out absurd policies, Starova conveys the bonds of understanding and mutual support that form in Skopje's poorest neighborhoods. At once historical and allegorical, folkloric and fantastic, *The Time of the Goats* draws lyrically on Starova's own childhood.

**Childhood, Language, and the Cosmos** Penguin UK

The great Austrian writer Stefan Zweig was a master anatomist of the deceitful heart, and *Impatience of the Heart*, the only novel he published during his lifetime, uncovers the seed of selfishness within even the finest of feelings. Hofmiller, an Austro-Hungarian cavalry officer stationed at the edge of the empire, is invited to a party at the home of a rich local landowner, a world away from the dreary routine of the barracks. The surroundings are glamorous, wine flows freely, and the exhilarated young Hofmiller asks his host's lovely daughter for a dance, only to discover that sickness has left her painfully crippled. It is a minor blunder that

will destroy his life, as pity and guilt gradually implicate him in a well-meaning but tragically wrongheaded plot to restore the unhappy invalid to health.

Requiem for Linda B. Arcade Publishing

In this work, acclaimed Jungian James Hillman examines the concepts of myth, insights, eros, body, and the mytheme of female inferiority, as well as the need for the freedom to imagine and to feel psychic reality. By examining these ideas, and the role they have played both in and outside of the therapeutic setting, Hillman mounts a compelling argument that, rather than locking them away in some inner asylum or subjecting them to daily self-treatment, man's "peculiarities" can become an integral part of a rich and fulfilling daily life. Originally published by Northwestern University Press in 1972, this work had a profound impact on a nation emerging self-aware from the 1960s, as well as on the era's burgeoning feminist movement. It remains a profound critique of therapy and the psychological viewpoint, and it is one of Hillman's most important and enduring works.

Texts and Avant-textes Thomas & Mercer

Since ancient times, various peoples have settled in southern Italy: ancient Greeks, Byzantine Greeks, Arabs, Waldenses, and Albanians. Of these, only the Albanians have survived as an ethnic group. Aside from minor troubles and suspicions, they have lived rather peacefully in southern Italy for nearly 500 years. Some

ItaloAlbanian villages have lost their Albanian characteristics; others, while considerably Italianized, still retain recognizable Albanian traits. The villages retaining Albanian characteristics are situated in Calabria, Lucania and northwestern Sicily, in remote, mountainous regions which are just beginning to be reached through modern means of transportation and communication. To a large extent the Italo-Albanian of southern Italy follows the Italian way of life. There has been some intermingling and even intermarriage. His towns, dwellings, agricultural practices, food, clothing, and economy resemble those of the Italians. Within his village, however, he has been able to speak Albanian, maintain the Greek religious rite, glorify his own heroes, hold his own festivals, retain some customs, and perpetuate the folklore of his ancestors. (Author).
