Getting (More Of) What You Want
 Thomas Nelson Inc
 A newly revised and updated edition of the influential guide that explores one of the most powerful ways to attract

attention and influence behavior—fascination—and how businesses, products, and ideas can become irresistible to consumers. In an oversaturated culture defined by limited time and focus, how do we draw attention to our messages, our ideas, and our products when we only have seconds to compete? Award-winning consultant and speaker Sally Hogshead turned to a wide realm of disciplines, including neurobiology, psychology, and evolutionary anthropology. She began to see specific and interesting patterns that all centered on one element: fascination.

Fascination is the most powerful way to capture an audience and influence behavior. This essential book examines the principles behind fascination and explores how those insights can be put to use to sway:

- Which brand of frozen peas you pick in the case
- Which city, neighborhood, and house you choose
- Which profession and company you join
- Where you go on vacation
- Which book you buy off the shelf

Structured around the seven languages of fascination Hogshead has studied and developed—power, passion, innovation, alarm, mystique, prestige, and alert—Fascinate explores how anyone can use these triggers to make products, messages, and services more fascinating—and more successful.

"Like A Wrinkle in Time (Miranda's favorite book), When You Reach Me far surpasses the usual whodunit or sci-fi adventure to become an incandescent exploration of 'life, death, and the beauty of it all.'" —The Washington Post

This Newbery Medal winner that has been called "smart and mesmerizing," (The New York Times) and "superb" (The Wall Street Journal) will appeal to readers of all types, especially those who are looking for a thought-provoking mystery with a mind-blowing twist. Shortly after a fall-out with her best friend, sixth grader Miranda starts receiving mysterious notes, and she doesn't know what to do. The notes tell her that she must write a letter—a true story, and that she can't share her mission with anyone. It would be easy to ignore the strange messages, except that whoever is leaving them has an uncanny ability to predict the future. If that is the case, then Miranda has a big problem—because the notes tell her that someone is going to die, and she might

be too late to stop it. Winner of the Boston Globe-Horn Book Award for Fiction A New York Times Bestseller and Notable Book Five Starred Reviews A Junior Library Guild Selection

"Absorbing." —People "Readers ... are likely to find themselves chewing over the details of this superb and intricate tale long afterward." —The Wall Street Journal "Lovely and almost impossibly clever." —The Philadelphia Inquirer "It's easy to imagine readers studying Miranda's story as many times as she's read L'Engle's, and spending hours pondering the provocative questions it raises." —Publishers Weekly, Starred review

I couldn't stay away. I didn't want to. He was my addiction . . . my every desire . . . mine. My past was as violent as his, and I was just as broken. We'd never work. It was too hard, too painful . . . except when it was perfect. Those moments when the driving hunger and desperate love were the most exquisite insanity. We were bound by our need. And our passion would take us beyond our limits to the sweetest, sharpest edge of obsession . . . Intensely romantic, darkly sensual and completely addictive, Sylvia Day's *Reflected in You* will take you to the very limits of obsession . . .

Do you feel awkward at networking events? Do you wonder what your date really thinks of you? Do you wish you could decode people? You need to learn the science of people. As a human behavior hacker, Vanessa Van Edwards created a research lab to study the hidden forces that drive us. And she's cracked the code. In *Captivate*, she shares shortcuts, systems, and secrets for taking charge of your interactions at work, at home, and in any social situation. These aren't the people skills you learned in school. This is the first comprehensive, science backed, real life manual on how to captivate

anyone—and a completely new approach to building connections. Just like knowing the formulas to use in a chemistry lab, or the right programming language to build an app, *Captivate* provides simple ways to solve people problems. You'll learn, for example... · How to work a room: Every party, networking event, and social situation has a predictable map. Discover the sweet spot for making the most connections. · How to read faces: It's easier than you think to speed-read facial expressions and use them to predict people's emotions. · How to talk to anyone: Every conversation can be memorable—once you learn how certain words generate the pleasure hormone dopamine in listeners. When you understand the laws of human behavior, your influence, impact, and income will increase significantly. What's more, you will improve your interpersonal intelligence, make a killer first impression, and build rapport quickly and authentically in any situation—negotiations, interviews, parties, and pitches. You'll never interact the same way again.

The fourth novel in the #1 New York Times and #1 USA Today bestselling Crossfire series. Gideon calls me his angel, but he's the miracle in my life. My gorgeous, wounded warrior, so

determined to slay my demons while refusing to face his own. The vows we'd exchanged should have bound us tighter than blood and flesh. Instead they opened old wounds, exposed pain and insecurities, and lured bitter enemies out of the shadows. I felt him slipping from my grasp, my greatest fears becoming my reality, my love tested in ways I wasn't sure I was strong enough to bear. At the brightest time in our lives, the darkness of his past encroached and threatened everything we'd worked so hard for. We faced a terrible choice: the familiar safety of the lives we'd had before each other or the fight for a future that suddenly seemed an impossible and hopeless dream...

Most of us worry that we're not very good negotiators - too quick to concede or too abrupt in our approach. But negotiation is present in almost every social interaction - we cannot avoid it. Neale and Lys present a practical new approach that will help you master this crucial everyday skill in every situation. Instead of focusing on reaching agreement at any cost, Neale and Lys reveal how to overcome our psychological biases and assess the hidden value in any negotiation. They explain how to know what a good deal is; when to negotiate and when to walk away; why keeping a straight face can prevent you from getting the best deal; when to make the first offer and when to wait; and why meeting in the middle can result in both sides being worse off. Drawing on three decades of groundbreaking research into behavioural

economics, psychology and strategic thinking, *Getting (More of) What You Want* will revolutionise the way you approach negotiation. Whether you're looking for a better deal on your new car, asking for a pay rise, selling your company or just deciding who does the washing up, this book will help you become a more successful, more efficient negotiator - and get more of exactly what you want.

Missouri Conservationist John Wiley & Sons

Buku laris yang fenomenal ini berlanjut saat Eva dan Gideon menghadapi hantu-hantu masa lalu, dan menerima konsekuensi dari gairah mereka... Gideon menyebutku malaikatnya, tapi sebenarnya dialah mukjizat dalam hidupku Pejuangku yang tampan dan terluka, yang bertekad menghabisi iblis-iblis sementara dia menolak menghadapi iblisnya sendiri. Ikrar yang sudah kami teguhkan seharusnya bisa mengikat kami lebih erat daripada darah dan daging. Namun, janji itu malah membuka luka-luka lama, membuka rasa sakit dan gelisah, serta mengeluarkan musuh-musuh yang tadinya bersembunyi. Aku merasakannya terlepas dari genggamanku, ketakutan terbesarku menjadi nyata. Cintaku diuji hingga aku nyaris tak kuat menanggungnya. Pada saat paling cerah dalam hidup kami, kegelapan menyusup dan mengancam segala yang sudah kami bangun dengan susah payah. Kami menghadapi pilihan yang buruk: kembali lagi ke kehidupan lama kami yang nyaman sebelum kami saling mengenal atau memperjuangkan masa depan yang mendadak terasa jauh dan tanpa harapan

successful companies use storytelling as a leadership tool. At Nike, all senior executives are designated "corporate storytellers." 3M banned bullet points years ago and replaced them with a process of writing "strategic narratives." Procter Gamble hired Hollywood directors to teach its executives storytelling techniques. Some forward-thinking business schools have even added storytelling courses to their management curriculum. The reason for this is simple: Stories have the ability to engage an audience the way logic and bullet points alone never could. Whether you are trying to communicate a vision, sell an idea, or inspire commitment, storytelling is a powerful business tool that can mean the difference between mediocre results and phenomenal success. Lead with a Story contains both ready-to-use stories and how-to guidance for readers looking to craft their own. Designed for a wide variety of business challenges, the book shows how narrative can help: * Define culture and values * Engender creativity and innovation * Foster collaboration and build relationships * Provide coaching and feedback * Lead change * And more Whether in a speech or a memo, communicated to one person or a thousand, storytelling is an essential skill for success. Complete with examples from companies like Kellogg's, Merrill-Lynch, Procter Gamble, National Car Rental, Wal-Mart, Pizza Hut, and more, this practical resource gives readers the guidance they need to deliver stories to stunning effect. Captivated Kalmbach Publishing, Co. Contains more than 80 projects, 1,000 color photos, and a thorough, illustrated reader's glossary and basics section.
