What's it like to start a  
revolution? How do you  
build the biggest tech  
company in the world?  
And why do you walk  
away from it all? Paul  
Allen co-founded  
Microsoft. Together he  
and Bill Gates turned an

idea - writing software -  
into a company and then  
an entire industry. This is  
the story of how it came  
about: two young  
mavericks who turned  
technology on its head,  
the bitter battles as each  
tried to stamp his vision  
on the future and the  
ruthless brilliance and  
fierce commitment.

Since the 1990s, critics

and curators have broadly accepted the notion that participatory art is the ultimate political art: that by encouraging an audience to take part an artist can promote new emancipatory social relations. Around the world, the champions of this form of expression are numerous, ranging from art historians such as Grant Kester, curators such as Nicolas Bourriaud and Nato Thompson, to performance theorists such as Shannon Jackson. *Artificial Hells* is the first historical and theoretical

overview of socially engaged participatory art, known in the US as "social practice." Claire Bishop follows the trajectory of twentieth-century art and examines key moments in the development of a participatory aesthetic. This itinerary takes in Futurism and Dada; the Situationist International; Happenings in Eastern Europe, Argentina and Paris; the 1970s Community Arts Movement; and the Artists Placement Group. It concludes with a discussion of long-term

educational projects by contemporary artists such as Thomas Hirschhorn, Tania Bruguera, Paweł Althamer and Paul Chan. Since her controversial essay in *Artforum* in 2006, Claire Bishop has been one of the few to challenge the political and aesthetic ambitions of participatory art. In *Artificial Hells*, she not only scrutinizes the emancipatory claims made for these projects, but also provides an alternative to the ethical (rather than artistic) criteria invited by such

artworks. Artificial Hells calls for a less prescriptive approach to art and politics, and for more compelling, troubling and bolder forms of participatory art and criticism.

**The Sunshine Boys**

Samuel French, Inc. This elegiac memory play delightfully recalls the last time the Hines family gathered at their retreat in the Poconos. The summer of 1953 brings romantic entanglements that coalesce one idyllic afternoon; Burt Hines, mid-50's and convalescing from a second heart attack, eagerly anticipates the arrival of the ex-wife he still loves. Daughter Josie has just broken her engagement to a Harvard law student and pines for his buddy Ray, an aspiring writer

with whom she once had a brief fling. Clemma, the black housekeeper at the center of the action casts a astute eye on the complications while facing with her own unresolved past.

A coming of age tale that focuses on brothers Arty and Jay, left in the care of their Grandma Kurnitz and Aunt Bella in Yonkers, New York. Their desperate father, Eddie, works as a traveling salesman to pay off debts incurred following the death of his wife. Grandma is a

severe, frightfully intimidating immigrant who terrified her children as they were growing up, damaging each of them to varying degrees. Bella is a sweet but mentally slow and highly excitable woman who longs to marry an usher at the local movie house so she can escape the oppressive household and create a life and family of her own. Her brother Louie is a small-time, tough-talking hoodlum who is on the run, while her sister Gert suffers from a breathing problem

with causes more psychological than physical problems. Missing much of the sentimentality of the plays comprising Simon's earlier Eugene trilogy, *Lost in Yonkers* climaxes with a dramatic confrontation between embittered mother and lonely daughter that creates a permanent fissure in this highly dysfunctional family. *Spaces Speak, Are You Listening?* Routledge "Four couples arrive, in turn, from New York, Philadelphia, London and

Chicago and separately inhabit a suite at The Beverly Hills Hotel, bringing along their problems, anxieties, and comical marital dilemmas. The view from Beverly Hills will never look the same!"--Cover.

Leon Tolchinsky is ecstatic. He's landed a terrific teaching job in an idyllic Russian hamlet. When he arrives, he finds people sweeping dust from the stoops back into their houses and people

milking upside down to get more cream. The town has been cursed with Chronic Stupidity for two hundred years, and Leon's job is to break the curse. No one tells him that if he stays over twenty-four hours and fails to break the curse, he too becomes stupid. But he has fallen in love with a girl so stupid, she has only recently learned how to sit down.

Here is part one of Neil

Simon's autobiographical trilogy: a portrait of the writer as a young teen in 1937 living with his family in a crowded, lower middle-class Brooklyn walk-up. Eugene Jerome, standing in for the author, is the narrator and central character. Dreaming of baseball and girls, Eugene must cope with the mundane existence of his family life in Brooklyn: formidable mother, overworked father, and his worldly older brother Stanley. Throw into the mix his widowed Aunt Blanche, her two young

(but rapidly aging) daughters and Grandpa the Socialist and you have a recipe for hilarity, served up Simon-style. This bittersweet memoir evocatively captures the life of a struggling Jewish household where, as his father states "if you didn't have a problem, you wouldn't be living here." "Brings a fresh glow to Broadway...In many respects his funniest, richest and consequently the most affecting of his plays."-New York Daily News "Simultaneously poignant and funny. The

characters are fully dimensional, believable... An outstanding show...the best seen on Broadway in too long a time."-Variety "Hilarious comedy...His finest play...A delightful and enriching experience."-CBS-TV *The Prisoner of Second Avenue* Little, Brown "Now, for the first time ever, Simon's complete life story is collected in one volume with a new introduction and afterword"--Dust jacket.

The authoritative account of the rise of Amazon and its intensely driven

founder, Jeff Bezos, praised by the Seattle Times as "the definitive account of how a tech icon came to life." Amazon.com started off delivering books through the mail. But its visionary founder, Jeff Bezos, wasn't content with being a bookseller. He wanted Amazon to become the everything store, offering limitless selection and seductive convenience at disruptively low prices. To do so, he developed a corporate culture of

relentless ambition and secrecy that's never been cracked. Until now. Brad Stone enjoyed unprecedented access to current and former Amazon employees and Bezos family members, giving readers the first in-depth, fly-on-the-wall account of life at Amazon. Compared to tech's other elite innovators -- Jobs, Gates, Zuckerberg -- Bezos is a private man. But he stands out for his restless pursuit of new markets, leading Amazon

into risky new ventures like the Kindle and cloud computing, and transforming retail in the same way Henry Ford revolutionized manufacturing. The Everything Store is the revealing, definitive biography of the company that placed one of the first and largest bets on the Internet and forever changed the way we shop and read.
