RODGERS LANE

Criminal Justice Procedure Routledge

With a strong focus on problem solving and community-police partnerships, Miller, Hess, and Orthmann's comprehensive text provides a practical, up-to-date guide to effective community policing. After introducing the history and philosophy of the movement that has profoundly shaped modern police operations, the authors emphasize practical strategies and essential skills to help readers apply effective, real-world problem solving within their communities. In light of high-profile deadly force incidents that have strained the relationships between the community and the police, this edition taps into the recommendations in the Final Report of the President's Task Force on 21st Century Policing and its call for a renewed emphasis on community policing to strengthen public trust and build police legitimacy. And the MindTap that accompanies the text helps students master techniques and key concepts while engaging them with career-based decision-making scenarios, visual summaries, and more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

An Introduction to Policing Cengage Learning

With an emphasis on real-world applications, CRIMINAL EVIDENCE, Eighth Edition, provides readers with comprehensive, up-to-date coverage of common evidentiary topics in a brief, affordable format. This book thoroughly explores constitutional issues essential to the collection and seizure of admissible evidence and legal interrogation, carefully outlining concepts and processes applicable to every state and pointing out where great interstate variation exists or specific state codes may have a strong impact. Current trends and topics discussed include terrorism and homeland security, scientific evidence, Federal Rules of Evidence, hearsay, and the appellate system. Available with InfoTrac Student Collections <http://goengage.com/infotrac>. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Police Manager Routledge

Packed with real-world examples, ETHICAL DILEMMAS AND DECISIONS IN CRIMINAL JUSTICE, 8e delivers comprehensive, balanced, and practical coverage of ethics across all three arms of the criminal justice system: police, court, and corrections systems. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Criminal Justice in Action Cengage Learning

For courses in criminal justice administration Justice Administration: Police, Courts, and Corrections Management is a comprehensive and contemporary text that examines relevant facets of, and current topics relating to, criminal justice administration. It is written with a unique, real-world flavor and allows readers to apply their knowledge through "Deliberate and Decide" challenges included in every chapter. The logical organization of the text provides readers with a comfortable flow of information, beginning with a basic examination of the study and scope of justice administration and rights of criminal justice employees, followed by a focus on police, courts, and corrections agencies. It concludes with considerations of ethics, special challenges, financial administration, and technologies. Two appendices contain 28 case studies that challenge readers' knowledge and their application of related materials. The Eighth Edition has been substantially reorganized and includes updated topics in every chapter as well as new case studies.

Research Methods for Criminal Justice and Criminology Cengage Learning

Justice, Crime, and Ethics, a leading textbook in criminal justice programs, examines ethical dilemmas pertaining to the administration of criminal justice and professional activities in the field. This eighth edition continues to deliver a broad scope of topics through focus on law enforcement,

legal practice, sentencing, corrections, research, crime control policy, and philosophical issues. The book's robust coverage encompasses contentious issues such as capital punishment, prison corruption, the use of deception in police interrogation, and many more. New content includes new material on juvenile justice, corporate crime, and prosecutorial misconduct. Students of criminal justice, as well as instructors and professionals in the field, will continue to rely on this thorough, dependable resource on ethical decision-making in the criminal justice system. Essays are enhanced with case studies and exercises designed to stimulate critical and creative thinking regarding ethical issues in crime and justice Discussion questions and lists of key concepts focus students and help them to understand ethics in the context of the criminal justice system New chapters cover ethical issues related to juvenile justice and corporate misconduct, and chapters on police and prosecutor ethics have been extensively updated A full suite of online ancillaries for instructors and students adds value to lectures and enriches the learning experience

Ethical Dilemmas and Decisions in Criminal Justice Cengage Learning

Criminal Justice Procedure gives clear guidance on the most common questions faced by today's law enforcement, offering fresh look at 21st century pre-trial protocol. Unlike other case books, this newly revised edition eschews legal theory in favor of the practical know-how needed to not to parse, but apply criminal law. Emphasis has been placed on just exactly how practitioners should conduct hot-button procedures such as airport and border searches. Moreover, the book also addresses the often dire implications of deviating from proper practice - how a false step can translate into a violation of individual rights, or the inability to successfully prosecute the guilty. This edition has been specifically designed for CJ undergraduate programs (rather than higher-level law schools) and completely reorganized for a more logical flow of topics. Moreover, it is newly focused on the most crucial practical applications of the law in the CJ context. There is also added emphasis on the Fourth, Fifth, and Sixth Amendments.

Criminal Law Cengage Learning

Introduction to Criminal Justice is the perfect text for students who are interested in pursuing a career in criminal justice and for those who simply want to learn more about the criminal justice system. The authors' combined experience of more than 50 years in teaching introduction to criminal justice as well as working in the field -- Bohm as a correctional officer and Haley as a police officer -- come through in their accessible yet comprehensive presentation. They make it easy for readers to understand that much of what the public "knows" about criminal justice in the United States is myth, and help students learn the truth about the U.S. criminal justice system. With the CourseSmart eTextbook version of this title, students can save up to 50% off the cost of a print book, reduce their impact on the environment, and access powerful web tools for learning. Faculty can also review and compare the full text online without having to wait for a print desk copy. CourseSmart is an online eTextbook, which means users need to be connected to the internet in order to access. Students can also print sections of the book for maximum portability.

Rich Get Richer and the Poor Get Prison, The (Subscription) Cengage Learning

The Police Manager gives practical, field-tested guidance to students and professionals who aspire to leadership roles in law enforcement, providing a comprehensive explanation of issues and challenges that they will face as police supervisors. The book is divided into four parts, covering historical and philosophical underpinnings, behavioral aspects of police management, functional aspects of police management, and major issues in modern police work.

Criminal Evidence Routledge

An engaging text/CD-ROM package with many features designed to spark student interest. Coverage progresses from measuring and explaining crime through policing, prisons, and the juvenile justice system. Boxed readings deal with criminal justice in action, criminal justice and technology, and popular culture, and offer first-person accounts of crimi

Criminal Justice in America Routledge

Security Manual provides practical guidance on all aspects of security work and is a ready made source of information for all members of the security profession, including managers, supervisors and trainers. This eighth edition has been fully restructured to better reflect recent changes in the criminal law, fire protection and security practices. New chapters on powers of arrest, industrial disputes, conflict resolution, dealing with emergencies, cultural awareness and door supervising have been added, including the latest information and procedures that should be adopted in relation to an act of terrorism. The manual continues to pay attention to the law of theft, other criminal offences affecting security and the basics of security practice, and can rightly be regarded as the standard overall work on the subject and a practical reference for existing security practitioners and those who are aspiring to enter the security profession. Security Manual is also ideal for those seeking professional qualifications such as: NVQ Levels 1, 2 and 3 in Security Guarding and for Supervisors; NVQ Level 3 in Investigations; C&G, BIIAB and NCFE qualifications in Door Supervision. Security Manual is the essential guide to this subject, and has been described as 'standard issue for every security officer, along with the uniform'.

Community Policing Routledge

Introduce students to the challenges, excitement, and rewards of law enforcement today with Dempsey and Forst's AN INTRODUCTION TO POLICING, 8th Edition. Written by law enforcement veterans with extensive first-hand experience in all areas of policing, this engaging, comprehensive book blends practical information with pertinent theory. The authors examine today's most current issues and topics, including homeland security, recent terrorism incidents, the controversial Secure Communities Program by DHS. Specialized Policing Responses to individuals with mental illness, advances in policing technology, and more. Readers find the latest in academic and practitioner research as well as the most current applications, statistics, court cases, and information on law enforcement careers, all introduced through memorable learning features. The book also discusses small and rural departments while maintaining critical foundational coverage students need to fully understand who police are, what they do, and how they do it. Extensive examples from police departments throughout the nation and world as well as essays from respected law enforcement veterans offer insights into crucial law enforcement issues and challenges. AN INTRODUCTION TO POLICING is an essential read for anyone considering a career in law enforcement today. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Criminal Justice in Canada Routledge

This work focuses on the many critical areas of America's drug problem, providing a foundation for rational decision making within this complex and multidisciplinary field. Broken up into three sections, Understanding the Problem, Gangs and Drugs, and Fighting Back, topics covered include the business of drugs and the role of organized crime in the drug trade, drug legalization and decriminalization, legal and law enforcement strategies, an analysis of the socialization process of drug use and abuse, and a historical discussion of drug abuse that puts the contemporary drug problem into perspective.

Drugs in Society Cengage Learning

The Police Manager, 8th Edition, is a major update, with a completely fresh chapter on school resource officers, based on a new case study, and a new chapter on managing high-profile events. Every police agency today faces the possibility of controversy, and the need to train managers to deal appropriately with the media and the public continues to increase. Green, building on the foundation laid by Ronald Lynch in prior editions, gives practical, field-tested guidance to students and professionals who aspire to leadership roles in law enforcement, providing a comprehensive explanation of issues and challenges that they will face as police supervisors. The book is divided into four parts, covering historical and philosophical underpinnings, behavioral aspects of police management, functional aspects of police management, and major issues in modern police work. This eighth edition is ideal for police management courses in U.S. undergraduate criminal justice programs, as well as for law enforcement practitioners preparing for promotional examinations. The text is also appropriate for broader criminal justice management courses.

Research Methods for Criminal Justice and Criminology Cengage Learning

CRIMINAL LAW AND PROCEDURE is an effective resource for learning all substantive and procedural aspects of criminal law. This practical, up-to-date text features important updates to criminal laws and statutes in the post-9/11 world, including white-collar crime, cybercrime, terrorism, standards of proof, the PATRIOT Act, and much more. Available with InfoTrac Student Collections <http://goengage.com/infotrac>. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Security Manual SAGE Publications

Community policing is a philosophy and organizational strategy that expands the traditional police mandate of fighting crime to include forming partnerships with citizenry that endorse mutual support and participation. The first textbook of its kind, Community Policing: A Contemporary Perspective delineates this progressive approach, combining the accrued wisdom and experience of its established authors with the latest research based insights to help students apply what is on the page to the world beyond. 'Spotlight on Community Policing Practice' sections feature real-life community policing programs in various cities, and problem-solving case studies cover special topics. The text has been revised throughout to include the most current developments in the field such as how the current climate of suspicion associated with terrorism threats affects the trust so necessary for community policing, and how the newest technologies can be harnessed to facilitate police interactions with citizens. Additionally, the book now explores the fragmentation of authority and emphasizes the importance of partnerships among the numerous law enforcement agencies, government agencies, and private social service agencies. * Each chapter contains learning objectives, key terms, and discussion questions that encourage comprehension * Video and Internet links provide additional coverage of topics discussed throughout the text. * Includes a 'Ten Principles of Community Policing' addendum

The Police Manager Cengage Learning

Criminal Law, Seventh Edition, offers both theoretical and practical treatment of criminal law to help students understand the underlying principles and to relate them to real-life situations. Criminal Law introduces students to the criminal justice system, raises the question of why and how we punish, and provides a framework for classroom discussion of the relationship between the state and the individual. It covers a broad range of topics including many cutting-edge issues. Like the prior edition of Criminal Law published in 2009, this new Seventh Edition is a casebook of reasonable length which can be completely covered in a one semester course. Problems have been developed to demonstrate the difficulties discussed above and many modern issues have been emphasized to stimulate student interest in the course. Some highlights of the new edition are the following new

and updated materials: Courts often instruct the jury that willful blindness or conscious disregard of an incriminating fact can satisfy the requirement of knowing conduct. Referred to colloquially as the "ostrich instruction" because the defendant has hidden his head in the sand as an ostrich does, the standard for triggering the instruction varies. Giovenetti, a Seventh Circuit case written by Judge Posner, explains when the instruction is appropriate. As a matter of statutory interpretation, the issue of to which elements in a statute the mens rea applies plagues courts and students. The book treats this issue through a 2009 Supreme Court decision (Flores-Figueroa) that is consistent with the Model Penal Code approach. Courts continue to have difficulty with factual and legal questions as to "lesser" players being held responsible for the crimes of others. Two key questions are when does quite limited assistance amount to aiding and abetting responsibility, and when can an accomplice withdraw from the endeavor? A recent New Hampshire Supreme Court decision (State v. Formella) sheds some light here. The material in Chapter 5 on theft develops the problem of applying traditional larceny laws to misappropriation of intangible forms of property. Given the increasing value of such assets as copyrighted material, the cases illustrate the limits of treating all forms of misappropriation as criminal. Students are engaged and enthusiastic about how--and whether--the law should respond. The section on sex crimes opens with statistics from a national study by the Center for Disease Control. After summarizing fundamental changes in the law of rape that conceptualize the crime as assault, the cases continue to probe developing issues like the degree of force, kind of threat, and type of coercion that demonstrate an assault. Expanded, current materials on the so-called "stand-your-ground" laws and the Trayvon Martin/George Zimmerman murder case, for a vigorous discussion and analysis of these laws in relation to self-defense and the recent announcement of Zimmerman's defense lawyers that they will rely only on traditional self-defense. The line between protected advocacy of suicide and criminal assistance to suicide continues to be a source of controversy. Recent prosecutions against right-to-die advocates are incorporated into the discussion in Chapter 5 of accomplice liability and preparatory offenses, with current analysis of first amendment theory. Fishing, sting operations, chat room catches.... Different ways to describe the problems for the law created by enforcement personal who affirmatively step forward to try to limit or eliminate all sorts of criminal activities ranging from fraud to terrorist acts to securities violations. Chapter 6 explores the reach of the 11th Circuit's decision in United States v. Lee and similar cases. The insanity defense remains highly controversial even though most criminal justice professionals know full well that the defense is not often raised and is even less often successful. The insanity section of Chapter 7 looks at those difficulties, using both traditional legal materials and writings from professionals in the mental health profession. This book also is available in a three-hole punched, alternative loose-leaf version printed on 8.5 x 11 inch paper with wider margins and with the same pagination as the hardbound book.

Understanding Criminal Procedure: Investigation Routledge

One of the few bestselling introductory criminal justice texts written by professors who actively teach the course to large numbers of undergraduates each year, ESSENTIALS OF CRIMINAL JUSTICE, Eighth Edition, is uniquely attuned to the needs of today's students and instructors. This brief introduction to the criminal justice system provides students with thorough, objective coverage of all the latest research in the field, cutting-edge topical and case discussions, and the richest examination of career options to be found in a criminal justice text all in less than 500 pages! The text is ideal for those who want the proven reliability of Siegel/Worrall's authorship in a shorter, paperback presentation. Impeccable scholarship is made accessible through the use of integrated learning objectives, plentiful visuals, and a unique RealityCheck theme designed to disabuse students of the incorrect notions, perceptions, and biases they bring to the class as a result of what they see on television or the Internet. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Criminal Law LexisNexis

This book is an examination of police, courts, and corrections management as well as personnel and financial administration and criminal justice employees' rights.

Routledge

Criminal Justice in America

Victimology Routledge

The fifth edition of Understanding Criminal Procedure is new in many respects. Most significantly, it has been enlarged to two volumes. The first volume is intended for use in criminal procedure courses focusing primarily or exclusively on police investigatory process. Such courses are variously titled: Criminal Procedure I; Criminal Procedure: Investigation; Criminal Procedure: Police Practices; Constitutional Criminal Procedure; etc. Because some such courses also cover the defendant's right to counsel at trial and appeal, the first volume includes a chapter on this non-police-practice issue. (The latter chapter is also included in Volume Two.) The second volume of Understanding Criminal Procedure covers the criminal process after the police investigation ends, and the adjudicative process commences. This book is useful in criminal procedure courses (variously entitled Criminal Procedure II; Criminal Procedure: Adjudication; etc.) that follow the criminal process through the various stages of adjudication, commencing with pretrial issues — such as charging, pretrial release and discovery — and continuing with the trial itself and then post-conviction proceedings: sentencing and appeals. Understanding Criminal Procedure is primarily designed for law students. The authors have written the Text so that students can use it with confidence that it will assist them in course preparation, and professors can recommend or assign the volumes to students with confidence that they will improve classroom dialogue. Based on comments that the authors received in the past from students and professors alike, they predict that this new, expanded edition of Understanding Criminal Procedure will serve the needs of students and professors even better. Also, based on the experience of prior editions, including citations to this Text in scholarly literature and judicial opinions, we are confident that the two volumes will prove useful to scholars, practicing lawyers, and courts. Understanding Criminal Procedure covers the most important United States Supreme Court cases in the field. Where pertinent, the Federal Rules of Criminal Procedure, federal statutes, and lower federal and state court cases are considered. The broad overarching policy issues of criminal procedure are laid out; and some of the hottest debates in the field are considered in depth and, we think, objectively. Readers should find the Text user-friendly. Students who want a thorough grasp of a topic can and should read the relevant chapter in its entirety. However, each chapter is divided into subsections, so that readers with more refined research needs can find answers to their questions efficiently. The authors also include citations to important scholarship, both classic and recent, into which readers may delve more deeply regarding specific topics. And, because so many of the topics interrelate, cross-referencing footnotes are included, so that readers can easily move from one part of the Text to another, if necessary.
