The Kite Runner N[ew] Y[ork] : Ryerson Music Publishers

“With their intellectual brilliance, humor and wonderful eye for detail, Leonard Bernstein’s letters blow all biographies out of the water.”—The Economist (2013 Book of the Year) Leonard Bernstein was a charismatic and versatile musician—a brilliant conductor who attained international superstar status, and a gifted composer of Broadway musicals (West Side Story), symphonies (Age of Anxiety), choral works (Chichester Psalms), film scores (On the Waterfront), and much more. Bernstein was also an enthusiastic letter writer, and this book is the first to present a wide-ranging selection of his correspondence. The

letters have been selected for the insights they offer into the passions of his life—musical and personal—and the extravagant scope of his musical and extra-musical activities. Bernstein’s letters tell much about this complex man, his collaborators, his mentors, and others close to him. His galaxy of correspondents encompassed, among others, Aaron Copland, Stephen Sondheim, Jerome Robbins, Thornton Wilder, Boris Pasternak, Bette Davis, Adolph Green, Jacqueline Kennedy Onassis, and family members including his wife Felicia and his sister Shirley. The majority of these letters have never been published before. They have been carefully chosen to demonstrate the breadth of Bernstein’s musical interests, his constant struggle to find the time to compose, his turbulent and complex sexuality, his political activities, and his endless capacity for hard work. Beyond all this, these writings provide a glimpse of the man behind the legends: his humanity, warmth, volatility, intellectual brilliance, wonderful eye for descriptive detail, and humor. “The correspondence from and to the remarkable conductor is full of pleasure and insights.”—The New York Times Book Review (Editors’ Choice) “Exhaustive, thrilling [and] indispensable.”—USA Today (starred review)

Essential Songs for Clarinet Hal

Much has been written about Leonard Bernstein, a musician of extraordinary talent who was legendary for his passionate love of life and many relationships. In this work, Mari Yoshihara reveals the deeply emotional connections Bernstein formed with two little-known Japanese individuals, which she narrates through their personal letters that have never been seen before. *Dearest Lenny* interweaves an intimate story of love and art with a history of Bernstein's transformation from an American icon to a world maestro during the second half of the twentieth century. The articulate, moving letters of Kazuko Amano--a woman who began writing fan letters to Bernstein in 1947 and became a close family friend--and Kunihiko Hashimoto--a young man who fell in love with the maestro in 1979 and later became his business representative--convey the meaning Bernstein and his music had at various stages of their lives. The letters also shed light on how Bernstein's compositions, recordings, and performances touched his audiences around the world. The book further traces the making of a global Bernstein amidst the shifting landscape of classical music that made this American celebrity turn increasingly to Europe and Japan. The dramatic change in Japan's place in the world and its relationship to the United States during the postwar decades shaped Bernstein's connection to the country. Ultimately, *Dearest Lenny* is a story of relationships--between the two individuals and Bernstein, the United States and the

world, art and commerce, artists and the state, private and public, conventions and transgressions, dreams and realities--that were at the core of Bernstein's greatest achievements and challenges and that made him truly a maestro of the world. Dearest Lenny paints a poignant portrait of individuals connected across cultures, languages, age, and status through correspondence and music--and the world that shaped their relationships.

In Arranging Gershwin, author Ryan Bañagale approaches George Gershwin's iconic piece Rhapsody in Blue not as a composition but as an arrangement -- a status it has in many ways held since its inception in 1924, yet one unconsidered until now. Shifting emphasis away from the notion of the Rhapsody as a static work by a single composer, Bañagale posits a broad vision of the piece that acknowledges the efforts of a variety of collaborators who shaped the Rhapsody as we know it today. Arranging Gershwin sheds new light on familiar musicians such as Leonard Bernstein and Duke Ellington, introduces lesser-known figures such as Ferde Grofé and Larry Adler, and remaps the terrain of this emblematic piece of American music. At the same time, it expands on existing approaches to the study of arrangements -- an emerging and insightful realm of American music studies -- as well as challenges existing and entrenched definitions of composer and composition. Based on a host of newly discovered manuscripts, the book significantly alters existing historical and cultural conceptions of the Rhapsody. With additional forays into visual media, including the commercial advertising of United Airlines and Woody Allen's Manhattan, it moreover exemplifies how arrangements have contributed not only to the iconicity of Gershwin and Rhapsody in Blue, but also to music-making in America -- its people, their pursuits, and their processes.
