Chase Family Series: The Regency, Book 2 Princeton University Press

♥ A swoon-worthy Irishman ♥ A rebellious marquess's daughter ♥ A surprise inheritance ♥ An elaborate hoax ♥ Two sweet romances, twice the fun!
 A double Regency romance from New York Times bestselling author Lauren Royal and her daughter, featuring their "outrageously funny, loyal, and endearing" Chase family! Lady Corinna Chase is a talented painter-who also happens to be female. Unfortunately, in London's art world, that means fewer opportunities and more obstacles. But rebellious Corinna isn't about to let anything divert her from achieving her dreams. Not even the suspicious behavior of the gorgeous Irishman who's just moved in next door... Sean Delaney isn't who he says he is. Well, he is Sean Delaney, but many people have the impression that he's John Hamilton, a renowned landscape artist (probably because that's how he introduced himself). The real John may have blackmailed Sean into the deception, but Sean's going to have to get himself out of it-or risk spoiling not only his sister's future, his family's good name, and the enterprise he built from scratch, but any chance he may have with his lovely new neighbor... Meanwhile, Corinna's older brother Griffin is helping their cousin Rachael find her father. Rachael is a beauty, but Griffin is wedded to his bachelorhood. Besides, they're cousins-and though it's not unusual for cousins to wed, Rachael can't stomach the thought of marrying even a very distant (and handsome) one like Griffin. Until their search leads them to discover they're not actually related, after all... PLEASE NOTE: This book is a SWEET & CLEAN ROMANCE. If you'd

prefer to read a steamy romance with a similar plot, look for "The Art of Temptation" by Lauren Royal. Book Details A complete, standalone story-no cliffhangers! Series: Regency Chase Brides, Book 3 Style: Sweet historical romance Length: 100,125 words (about 405 standard pages) Bonus Material: Author's Note, preview of next book, link to giveaway Clean Read: No offensive language or explicit content* * If you'd prefer to read a steamy version of this series, look for "The Art of Temptation" by Lauren Royal. From Craig Silverman, proprietor of www.RegretTheError.com, comes a lively journey through the history of media mistakes via a chronicle of funny, shocking, and often disturbing journalistic slip-ups. The errors—running the gamut from hilarious to tragic—include “Fuzzy Numbers” (when numbers and math undermine reporting) “Obiticide” (printing the obituary of a living person), and “Unintended Consequences” (typos and misidentifications that create a new, incorrect reality). While some of the errors are laugh-

out-loud funny, the book also offers a serious investigation of contemporary journalism's lack of accountability to the public, and a rousing call to arms for all news organizations to mend their ways and reclaim the role of the press as honest voice of the people.

A Top 10 Google Play Bestseller from a New York Times Bestselling Author! A double romance: Sean & Corinna + Griffin & Rachael! London, 1817: Sean Delaney has no shortage of female admirers, but all he wants is a divorce—for his sister, that is. Too bad her rotter of a husband, reclusive oil painter John Hamilton, won't consent unless Sean agrees to help him pull off a major deception. With his sister's happiness on the line, Sean has no choice. But he won't be able to do it alone... Though Lady Corinna Chase is more interested in pursuing her art than finding a husband, she can't help but take notice of the handsome Irishman who's moved in next door. When it soon becomes evident that her new neighbor isn't who he says he is, rather than expose him, she finds herself drawn into the hoax. As collaboration grows into admiration, and temptation breeds desire, Corinna faces a difficult choice: Will she abandon her artistic ambitions, or give up the man she's come to love? Meanwhile, Corinna's brother Griffin is helping their alluring cousin Rachael find her father. Thank goodness they're cousins, because Rachael has made it clear she won't ever marry one. Except...they discover she isn't actually his cousin. Good God, he's really in trouble now... BOOK DETAILS A complete, standalone story—no cliffhangers! The Palace of Culture and Science is a massive Stalinist skyscraper that was "gifted" to Warsaw by the Soviet Union in 1955. Framing the Palace's visual, symbolic, and functional prominence in the everyday life of the Polish capital as a sort of obsession, locals joke that their city suffers from a "Palace of Culture complex." Despite attempts to privatize it, the Palace remains municipally owned, and continues to play host to a variety of public institutions and services. The Parade Square, which surrounds the building, has resisted attempts to convert it into a money-making commercial center. Author Michał Murawski traces the skyscraper's powerful impact on 21st century Warsaw; on its architectural and urban landscape; on its political, ideological, and cultural lives; and on the bodies and minds of its inhabitants. The Palace Complex explores the many factors that allow Warsaw's Palace to endure as a still-socialist building in a post-socialist city.

An in-depth history of the Stalinist skyscraper In the early years of the Cold War, the skyline of Moscow was forever transformed by a citywide skyscraper building project. As the steel girders of the monumental towers went up, the centuries-old metropolis was reinvented to embody the greatness of Stalinist society. Moscow Monumental explores how the quintessential architectural works of the late Stalin era fundamentally reshaped daily life in the Soviet capital. Drawing on a wealth of original archival research, Katherine Zubovich examines the decisions and actions of Soviet elites—from top leaders to master architects—and describes the experiences of ordinary Muscovites who found their lives uprooted by the ambitious skyscraper project. She shows how the Stalin-era quest for monumentalism was rooted in the Soviet Union's engagement with Western trends in architecture and planning, and how the skyscrapers required the creation of a vast and complex infrastructure. As laborers flooded into the city,

authorities evicted and rehoused tens of thousands of city residents living on the plots selected for development. When completed in the mid-1950s, these seven ornate neoclassical buildings served as elite apartment complexes, luxury hotels, and ministry and university headquarters. Moscow Monumental tells a story that is both local and broadly transnational, taking readers from the streets of interwar Moscow and New York to the marble-clad halls of the bombastic postwar structures that continue to define the Russian capital today.

Inghilterra e Scozia, 1667 Jason Chase, Marchese di Cainewood, è deciso a consegnare alla giustizia un criminale quando incontra uno sfortunato ragazzo scozzese. Quando il ragazzo si rivela essere una bella ragazza scozzese, si rende conto che deve trattarsi della famigerata cacciatrice di taglie, Emerald MacCallum. Convinto che stiano entrambi dando la caccia allo stesso uomo e che la vita della donna potrebbe essere in pericolo, Jason decide di tenere Emerald accanto a sé... Secondo Caithren Leslie, è meglio stare il più possibile alla larga dall'attraente ma dispotico inglese. Caithren sta cercando il suo capriccioso fratello, ma Jason non permetterà che una cosuccia come la verità interferisca con la sua assurda convinzione che lei abbia assunto una falsa identità. Consapevole dei rischi del viaggio, Cait, sia pure riluttante, accetta la sua protezione. Finché, cioè, non comincia a sospettare che la sfiducia potrebbe non essere l'unico sentimento tra di loro... e che la loro ricerca di giustizia potrebbe rivelarsi una ricerca dell'amore...

The future of politics after the pandemic COVID-19 exposed the pre-existing conditions of the current global crisis. Many Western states failed to protect their populations, while others were able to suppress the virus only with sweeping social restrictions. In contrast, many Asian countries were able to make much more precise interventions. Everywhere, lockdown transformed everyday life, introducing an epidemiological view of society based on sensing, modeling, and filtering. What lessons are to be learned? The Revenge of the Real envisions a new positive biopolitics that recognizes that governance is literally a matter of life and death. We are grappling with multiple interconnected dilemmas—climate change, pandemics, the tensions between the individual and society—all of which have to be addressed on a planetary scale. Even when separated, we are still enmeshed. Can the world govern itself differently? What models and philosophies are needed? Bratton argues that instead of thinking of biotechnologies as something imposed on society, we must see them as essential to a politics of infrastructure, knowledge, and direct intervention. In this way, we can build a society based on a new rationality of inclusion, care, and prevention.
