Founding Mothers Turtleback

Many women helped shape a free and independent United States of America. They are known as the Founding Mothers. These smart, brave women were ambassadors, fostering peace between Native Americans and Europeans. They

risked their lives by writing, printing, and distributing information about the fight for independence. They supported their husbands during battle and even donned disguises to join the army. They were all key in shaping the America of today. This book tells their story. Women are sometimes called the silent protagonists of history. But since before the founding of our nation until now, women have organized, marched and inspired. They forced change and created opportunity.

With engaging text, fun facts, photography, infographics, and art, this new set of books examines how individual women of differing races and socioeconomic status took a stand, and how groups of women lived and fought throughout the history of this country. It looks at how they celebrated victories that included the right to vote, the right to serve their country, and the right to equal employment. The aim of this much-needed set of 5 books is to bring herstory to young

readers!

The Politics of Women's Studies Anchor
Describes the daily lives, social roles, and contributions of women living during the revolutionary period.

Founding Mothers & Fathers Houghton
Mifflin Harcourt

When Martha Dandridge Custis marries her second husband, George, she never suspects that the soft-spoken Virginia planter is destined to command the founding of a nation—or that she is to be “Lady Washington,” the woman at the first President’s side. Only a select inner circle of women will know the cost of sharing a beloved man with history . . . and each will draw strength from the unique treasure given to them by a doomed queen. Seeing farm and family through each harsh New England season, Abigail Adams is sustained only by the fervent reunions stolen between John’s journeys abroad. She will face the terror of an ocean crossing to join her husband in France—and write her own page in history. And there she will cross paths with kings, commoners—and young Sally Hemings. Just as Sally had grown from a clever child to a beautiful woman, so had her

relationship with Thomas Jefferson grown from a friendship between slave and master to one entangled in the complexities of black and white, decorum and desire. It is a relationship that will leave Sally to face an agonizingly wrenching choice. Dolley Madison, too, must live with the repercussions of a forbidden love affair—although she will confront even greater trials as a President’s wife. But Dolley will become one of the best-loved ladies of the White House—and leave an extraordinary legacy of her own. A lushly written novel that traces the marriages tested by the demands of love and loyalty, *Patriot Hearts* offers readers a dazzling glimpse behind the scenes of a revolution, from adversity and treachery to teatime strategies, as four magnificent women shape a nation’s future.

The Founding Mothers of the United States (A True Book) Abrams

A groundbreaking history of the American Revolution that “vividly recounts Colonial women’s struggles for independence—for their nation and, sometimes, for themselves.... [Her] lively book reclaims a vital part of our political legacy” (Los

Angeles Times Book Review). The American Revolution was a home-front war that brought scarcity, bloodshed, and danger into the life of every American. In this book, Carol Berkin shows us how women played a vital role throughout the conflict. The women of the Revolution were most active at home, organizing boycotts of British goods, raising funds for the fledgling nation, and managing the family business while struggling to maintain a modicum of normalcy as husbands, brothers and fathers died. Yet Berkin also reveals that it was not just the men who fought on the front lines, as in the story of Margaret Corbin, who was crippled for life when she took her husband’s place beside a cannon at Fort Monmouth. This incisive and comprehensive history illuminates a fascinating and unknown side of the struggle for American independence.

The Eye Expanded Turtleback Books

In this eye-opening companion volume to her acclaimed history *Founding Mothers*, number-one New York Times bestselling author and renowned political commentator Cokie Roberts brings to life the extraordinary accomplishments of

women who laid the groundwork for a better society. Recounted with insight and humor, and drawing on personal correspondence, private journals, and other primary sources, many of them previously unpublished, here are the fascinating and inspiring true stories of first ladies and freethinkers, educators and explorers. Featuring an exceptional group of women—including Abigail Adams, Dolley Madison, Rebecca Gratz, Louise Livingston, Sacagawea, and others—*Ladies of Liberty* sheds new light on the generation of heroines, reformers, and visionaries who helped shape our nation, finally giving these extraordinary ladies the recognition they so greatly deserve.

The Founding Fathers! Simon and Schuster Drawing on a wide array of historical sources, Theresa L. Weller provides a comprehensive history of the lineage of the seventy-four members of the Agatha Biddle band in 1870. A highly unusual Native and Métis community, the band included just eight men but sixty-six women. Agatha Biddle was a member of the band from its first enumeration in 1837 and became its chief in the early

1860s. Also, unlike most other bands, which were typically made up of family members, this one began as a small handful of unrelated Indian women joined by the fact that the US government owed them payments in the form of annuities in exchange for land given up in the 1836 Treaty of Washington, DC. In this volume, the author unveils the genealogies for all the families who belonged to the band under Agatha Biddle's leadership, and in doing so, offers the reader fascinating insights into Mackinac Island life in the nineteenth century.

Founding Mothers Teacher Created Materials

Interest in progressive education and feminist pedagogy has gained a significant following in current educational reform circles. *Founding Mothers and Others* examines the female founders of progressive schools and other female educational leaders in the early twentieth century and their schools or educational movements. All of the women led remarkable lives and their legacies are embedded in education today. The book examines the lessons to be learned from their work and their lives. The book also

analyzes whether their leadership styles support contemporary feminist theories of leadership that argue women administrators tend to be more inclusive, democratic, and caring than male administrators. Through an examination of these women, this book looks critically at the ways in which the leaders' administrative styles and behaviors lend support to feminist claims.

Ladies of Liberty Children's Press

Describes the daily lives, social roles, and contributions of women living during the Revolutionary period.

Founding Mothers of the Indian Republic Harper Collins

The United States of America is a great country. It was founded by ordinary people who came together from everywhere around the world. They wanted a better life for themselves and their families and devised laws to recognize each individual and protect their rights. Before that happened, the great Revolutionary War was fought between the ruling British and American militia. What you most often see are names of men who helped win the war to help create America. But, in fact, that's half the truth. There were many women

who worked behind the scenes to make it a reality. Founding Mothers is the story of 8 influential women who helped with the revolution. America stood at the cusp of becoming a nation. Existential fear loomed in the air. Even if the militia won the war, a myriad of systems would need to be developed, patriotic narratives conjured, and a diverse people united under the same flag, among other things. Many lives were lost. But after the dust settled, the valiant ones remained standing ready to chart a new and enduring destiny for themselves and those who shed their blood with them. Come and learn of the 8 women who helped found a great nation. Here's a preview of the lives of 8 women which this book celebrates: Martha Washington - The First Lady Abigail Adams - Feminist and education rights activist Esther de Berdt Reed - Rights advocate for American soldiers Deborah Sampson - First female soldier Phillis Wheatley - Slave turned poet Mercy Otis Warren - First female playwright and historian Elizabeth Schuyler Hamilton - First Lady and philanthropist Dolley Madison - The First Lady everyone wants to emulate And much more! Even though these women

are not among us today, they have left behind a legacy which is difficult to surpass. They have left an indelible mark on the psyche of the nation that continues to be the envy of every other nation on the planet. Today, The United States enjoys the highest standard of living and one that is the most diverse. That is because of the unshakeable foundation which the founding parents laid down. This book highlights the lives of 8 courageous and selfless women who thought, strived, struggled, and died alongside men to give birth to the country we call home. So, scroll up and click the "Buy now with 1-click" button and find out more!

[Founding Mothers Women of America in the Revolutionary Era](#) Harper Collins

In this eye-opening look at our Founding Fathers that is full of fun facts and lively artwork, it seems that Ben Franklin, Thomas Jefferson, and their cohorts sometimes agreed on NOTHING...except the thing that mattered most: creating the finest constitution in world history, for the brand-new United States of America. Tall! Short! A scientist! A dancer! A farmer! A soldier! The founding fathers had no idea they would ever be called the "founding

Fathers," and furthermore they could not even agree exactly on what they were founding! Should America declare independence from Britain? "Yes!" shouted some. "No!" shouted others. "Could you repeat the question?" shouted the ones who either hadn't been listening or else were off in France having fun, dancin' the night away. Slave owners, abolitionists, soldiers, doctors, philosophers, bankers, angry letter-writers—the men we now call America's Founding Fathers were a motley bunch of characters who fought a lot and made mistakes and just happened to invent a whole new kind of nation. And now here they are, together again, in an exclusive engagement!

The Founding Mothers W. W. Norton & Company

#1 New York Times bestselling author and celebrated journalist Cokie Roberts brings young readers a stunning nonfiction picture book that highlights the female patriots of the American Revolution. This nonfiction picture book is an excellent choice to share during homeschooling, in particular for children ages 4 to 6. It's a fun way to learn to read and as a supplement for activity books for children.

Beautifully illustrated by Caldecott Honor-winning artist Diane Goode, *Founding Mothers: Remembering the Ladies* reveals the incredible accomplishments of the women who orchestrated the American Revolution behind the scenes. Roberts traces the stories of heroic, patriotic women such as Abigail Adams, Martha Washington, Phillis Wheatley, Mercy Otis Warren, Sarah Livingston Jay, and others. Details are gleaned from their letters, private journals, lists, and ledgers. The bravery of these women's courageous acts contributed to the founding of America and spurred the founding fathers to make this a country that "remembered the ladies." This compelling book, based on the author's acclaimed work for adults, *Founding Mothers*, includes a rich time line, biographies, an author's note, and additional web resources in the back matter. Parents and educators looking for a more in-depth book beyond the *Rosie Revere* and *Rad Women* series will welcome *Founding Mothers*.

Founding Mothers: Women Who Shaped America Harper Collins
In this engrossing and informative

companion to her New York Times bestsellers *Founding Mothers* and *Ladies of Liberty*, Cokie Roberts marks the sesquicentennial of the Civil War by offering a riveting look at Washington, D.C. and the experiences, influence, and contributions of its women during this momentous period of American history. With the outbreak of the Civil War, the small, social Southern town of Washington, D.C. found itself caught between warring sides in a four-year battle that would determine the future of the United States. After the declaration of secession, many fascinating Southern women left the city, leaving their friends—such as Adele Cutts Douglas and Elizabeth Blair Lee—to grapple with questions of safety and sanitation as the capital was transformed into an immense Union army camp and later a hospital. With their husbands, brothers, and fathers marching off to war, either on the battlefield or in the halls of Congress, the women of Washington joined the cause as well. And more women went to the Capital City to enlist as nurses, supply organizers, relief workers, and journalists. Many risked their lives making munitions in a highly flammable arsenal,

toiled at the Treasury Department printing greenbacks to finance the war, and plied their needlework skills at The Navy Yard—once the sole province of men—to sew canvas gunpowder bags for the troops. Cokie Roberts chronicles these women's increasing independence, their political empowerment, their indispensable role in keeping the Union unified through the war, and in helping heal it once the fighting was done. She concludes that the war not only changed Washington, it also forever changed the place of women. Sifting through newspaper articles, government records, and private letters and diaries—many never before published—Roberts brings the war-torn capital into focus through the lives of its formidable women.

Founding Mothers 6-Pack Harper Collins

A group biography of four beloved women who fought sexism, covered decades of American news, and whose voices defined NPR. In the years after the Civil Rights Act of 1964, women in the workplace still found themselves relegated to secretarial positions or locked out of jobs entirely. This was especially true in the news

business, a backwater of male chauvinism where a woman might be lucky to get a foothold on the “women’s pages.” But when a pioneering nonprofit called National Public Radio came along in the 1970s, and the door to serious journalism opened a crack, four remarkable women came along and blew it off the hinges. Susan, Linda, Nina, and Cokie is journalist Lisa Napoli’s captivating account of these four women, their deep and enduring friendships, and the trail they blazed to becoming icons. They had radically different stories. Cokie Roberts was born into a political dynasty, roamed the halls of Congress as a child, and felt a tug toward public service. Susan Stamberg, who had lived in India with her husband who worked for the State Department, was the first woman to anchor a nightly news program and pressed for accommodations to balance work and home life. Linda Wertheimer, the daughter of shopkeepers in New Mexico, fought her way to a scholarship and a spot on-air. And Nina Totenberg, the network’s legal affairs correspondent, invented a new way to cover the Supreme Court. Based on extensive interviews and calling on the

author’s deep connections in news and public radio, Susan, Linda, Nina, and Cokie will be as beguiling and sharp as its formidable subjects.

Who Was Abigail Adams? Vintage

Essays discuss goddess worship, spiritual consciousness, the relationship between politics and religion, and applications of spirituality as a political force

Capital Dames Vintage

Much like *A Midwife’s Tale* and *The Unredeemed Captive*, this novel is about power relationships in early American society, religion, and politics—with insights into the initial development and operation of government, the maintenance of social order, and the experiences of individual men and women.

Founding Mothers Simon and Schuster
In this tenth-anniversary edition of *We Are Our Mothers’ Daughters*, renowned political commentator Cokie Roberts once again examines the nature of women’s roles through the revealing lens of her personal experience. From mother to mechanic, sister to soldier, Roberts reveals how much progress has now been made—and how much further we have to go. Updated and expanded to include a

diverse new cast of women, this collection of essays offers tremendous insight into the opportunities and challenges that women encounter today. In a series of new profiles and revealing updates, Roberts reflects upon the number of female achievers who have graced the public stage in the past decade. In addition to the illuminating and sometimes surprising history of women in a variety of fields, several chapters also introduce us to some of the fascinating women she has encountered during the course of her reporting career—including Hillary Clinton, Nancy Pelosi, Laura Bush, Billie Jean King, Michelle Rhee, and Dorothy Height. Looking into the future, Roberts focuses on the question of “What next?”, exploring how several women—including herself—have begun to define themselves in the next stages of their lives. She also relates moving anecdotes about the women in her personal life, including her mother, former congresswoman Lindy Boggs. Sensitive, straightforward, and perceptive, *We Are Our Mothers’ Daughters* celebrates the new diversity of choices and perspectives available to women today and affirms the bonds of

sisterhood over the centuries—a vital, powerful interconnection among all women, regardless of background.
The Founding Mothers of the United States
