Now a New York Times bestseller! From the author of *Truths I Never Told You*, *Before I Let You Go*, and the *The Warsaw Orphan*, Kelly Rimmer's powerful WWII novel follows a woman's urgent search for answers to a family mystery that uncovers truths about herself that she never expected. "Kelly Rimmer has outdone herself. I thought that *Before I Let You Go* was one of the best novels I had ever read...If you only have time to read one book this year *The Things We Cannot Say* should be that book. Keep tissues handy."—Fresh Fiction "Fans of *The Nightingale* and *Lilac Girls* will adore *The Things We Cannot Say*." —Pam Jenoff, New York Times bestselling author In 1942, Europe remains in the relentless grip of war. Just beyond the tents of the Russian refugee camp she calls home, a young woman speaks her wedding vows. It's a decision that will alter her destiny...and it's a lie that will remain

buried until the next century. Since she was nine years old, Alina Dziak knew she would marry her best friend, Tomasz. Now fifteen and engaged, Alina is unconcerned by reports of Nazi soldiers at the Polish border, believing her neighbors that they pose no real threat, and dreams instead of the day Tomasz returns from college in Warsaw so they can be married. But little by little, injustice by brutal injustice, the Nazi occupation takes hold, and Alina's tiny rural village, its families, are divided by fear and hate. Then, as the fabric of their lives is slowly picked apart, Tomasz disappears. Where Alina used to measure time between visits from her beloved, now she measures the spaces between hope and despair, waiting for word from Tomasz and avoiding the attentions of the soldiers who patrol her parents' farm. But for now, even deafening silence is preferable to grief. Slipping between Nazi-occupied Poland and the frenetic pace of modern life, Kelly Rimmer creates an emotional and finely wrought narrative. *The Things We Cannot Say* is an unshakable reminder of the devastation when truth is

silenced...and how it can take a lifetime to find our voice before we learn to trust it. Don't miss Kelly Rimmer's latest gripping novel, *The German Wife*. For more by Kelly Rimmer, look for *Before I Let You Go* *Truths I Never Told You* *The Warsaw Orphan* *Orley Farm* Harper Collins There is nothing like Keith Vaughan's *Journals*. They represent one of the greatest pieces of confessional writing of the twentieth-century. Keith Vaughan was a painter and belonged to the Neo-Romantic group, other members including Graham Sutherland, John Minton, Michael Ayrton, Ceri Richards, John Piper and John Craxton. He was also gay and much troubled by his sexuality. 'Faced at the age of 27 with what then seemed the likelihood of imminent extinction before I had properly got started', he began the *Journals* in 1939 and only finished them at the very moment of his suicide in 1977. The *Journals* are edited by Alan Ross, and in his words they are 'a self-portrait of astonishing honesty: devoid of disguise in any shape or form, or hypocrisy. It is difficult to think of anything in literature they

resemble.' The earlier Journals, covering his war and his period of greatest creativity in the late 1940s and 1950s, 'are revealing for the light they shed on a painter's character and, to a lesser extent, working methods.' The last Journals chronicle 'a descent into hell . . . redeemed by their frankness, spleen and dry humour.' First published in 1966 and then reissued in amplified form in 1989, it is the latter version Faber Finds is reissuing. The fuller edition itself has been out of print for a long time, so its renewed availability will be welcome.

From the international bestselling and Booker Prize nominated author of *The Slap* comes a blazingly brilliant new novel. Winner of the 2006 Age Fiction Prize Winner of the 2006 Melbourne Best Writing Award Part long-forgotten myth, part meditation on the violence and tragedy of contemporary Europe, *Dead Europe* is an unsettling story about blood lust and blood revenge; a novel of blazing brilliance from the

acclaimed author of *The Slap*. Isaac, a young Australian photographer, is travelling through Europe. His whole life he has longed for the sophistication and wealth of the Europe of his father's stories, the Europe at the centre of civilization and culture. But behind the facade of a unified and globalized contemporary society, he finds a history-blasted wasteland, a place forever condemned by the ghosts of its unspeakable past. In the mountain village in the Balkans where his mother was born, he unearths ancient terrors that have not been laid to rest, and perhaps never can be.

*What's Your Green Goldfish* is based on the simple premise that employees are the key drivers of customer experience and that "Happy Employees Create Happy Customers." The book focuses on 15 different ways to drive employee engagement and reinforce a strong corporate culture. It's the second book in the goldfish trilogy. The first book was an Amazon Best Seller entitled, *What's Your Purple Goldfish*.

*Purple* focused on customers, whereby *Green* focuses on employees. Both books are based on a revolutionary new approach called marketing g.l.u.e. (marketing by giving little unexpected extras). The book is based on the findings of the Green Goldfish Project, an effort which crowd sourced 1,001 examples of signature added value for employees. Key themes emerged from the Project. The book is filled with over 200 examples. PRAISE FOR WHAT'S YOUR GREEN GOLDFISH "Stan is the sherpa that guides executives along the journey between the heart and mind of business stakeholders. Stakeholders aren't always customers though. At a time when company vision and culture matters more than ever, it takes inspired and engaged employees to bring them to life." - Brian Solis, author of *What's the Future of Business #WTF, The End of Business as Usual and Engage* "So often overlooked, and so very vital to building company value... empowering employees to support each other and the brand. Stan Phelps 'gets' it and Green

Goldfish will walk you step-by-step through achieving this critical goal." - Ted Rubin, author of *Return on Relationship* "Great customer centric organizations only exist because of engaged and empowered employees. The Green Goldfish is packed with awesome examples of what world class companies are doing today to inspire and reward their employees. If you see value in truly building an "A Team," Green Goldfish will be, without question, your single best reference." - Chris Zane, Founder and President of Zane's Cycles, author of *Reinventing the Wheel, the Science of Creating Lifetime Customers* "Stan Phelps takes customer service to a whole new level by focusing on EMPLOYEE service, and how to do well by your employees - so they take care of your customers. Packed with stories, insights and R.U.L.E.S. any company can follow, this book is a must-read for managers of companies of all shapes and sizes who know that employees don't leave jobs - they leave managers, especially when they don't feel your love and appreciation. Pick this up, and start

engaging your team and making more GREEN - Phil Gerbyshak, author of *The Naked Truth of Social Media* "Our large-scale research shows unequivocally that engaged employees are more likely to work longer, try harder, make more suggestions for improvement, recruit others to join their company, and go out of their way to help customers. They even take less sick time. Companies can tap into the enormous value of engaged employees by following the 15 ideas that Stan lays out in this book." - Bruce Temkin, author of *The Six Laws of Customer Experience* "Too often, the actual employment experience delivered on the job does not measure up to the version sold to job candidates during the interview process. In *What's Your Green Goldfish*, Stan Phelps offers 15 ways to close the gap." - Steve Curtin, author of *Delight Your Customers: 7 Simple Ways to Raise Your Customer Service from Ordinary to Extraordinary* (AMACOM, June 2013) "In *What's Your Green Goldfish*, Stan Phelps brilliantly applies the idea of 'doing a little

something extra' for employees. You know, those people that actually get the work done and keep customers happy. Read it, put some of the ideas to work, and soon you'll be reaping more 'green' from your customers." - Bob Thompson, Founder and CEO, CustomerThink Corp. *We Keep the Dead Close* The Floating Press *The Strange Death of Europe* is the internationally bestselling account of a continent and a culture caught in the act of suicide, now updated with new material taking in developments since it was first published to huge acclaim. These include rapid changes in the dynamics of global politics, world leadership and terror attacks across Europe. Douglas Murray travels across Europe to examine first-hand how mass immigration, cultivated self-distrust and delusion have contributed to a continent in the grips of its own demise. From the shores of Lampedusa to migrant camps in Greece, from Cologne to London, he looks critically at the factors that have come together to make Europeans unable to argue for themselves and

incapable of resisting their alteration as a society. Murray's "tremendous and shattering" book (The Times) addresses the disappointing failures of multiculturalism, Angela Merkel's U-turn on migration, the lack of repatriation and the Western fixation on guilt, uncovering the malaise at the very heart of the European culture. His conclusion is bleak, but the predictions not irrevocable. As Murray argues, this may be our last chance to change the outcome, before it's too late.

You have to remember, he reminded me, that Harvard is older than the U.S. government. You have to remember because Harvard doesn't

let you forget. 1969: the height of counterculture and the year universities would seek to curb the unruly spectacle of student protest; the winter that Harvard University would begin the tumultuous process of merging with Radcliffe, its all-female sister school; and the year that Jane Britton, an ambitious twenty-three-year-old graduate student in Harvard's Anthropology Department and daughter of Radcliffe Vice President J. Boyd Britton, would be found bludgeoned to death in her Cambridge, Massachusetts apartment. Forty years later, Becky Cooper a curious undergrad, will hear the first whispers of the story. In the first telling the body was nameless. The story was this: a Harvard student had had an affair with her professor, and the professor had murdered her in the Peabody Museum of Archaeology and Ethnology because she'd threatened to talk about the affair. Though the rumor proves false, the story that unfolds, one that Cooper will follow for ten years, is even more complex: a tale of gender inequality in academia, a 'cowboy culture' among empowered male elites,

the silencing effect of institutions, and our compulsion to rewrite the stories of female victims. *We Keep the Dead Close* is a memoir of mirrors, misogyny, and murder. It is at once a rumination on the violence and oppression that rules our revered institutions, a ghost story reflecting one young woman's past onto another's present, and a love story for a girl who was lost to history.

"THE BOOK CHINA DOESN'T WANT YOU TO READ."—CNN A riveting insider's story of how the Party and big money work in China today, by a man who, with his wife, Whitney Duan, rose to the zenith of power and wealth—and then fell out of favor. She was disappeared four years ago. News of this book led to a phone call from Whitney, proof that she's alive. As Desmond Shum was growing up impoverished in China, he vowed his life would be different. Through hard work and sheer tenacity

he earned an American college degree and returned to his native country to establish himself in business. There, he met his future wife, the highly intelligent and equally ambitious Whitney Duan who was determined to make her mark within China's male-dominated society. Whitney and Desmond formed an effective team and, aided by relationships they formed with top members of China's Communist Party, the so-called red aristocracy, he vaulted into China's billionaire class. Soon they were developing the massive air cargo facility at Beijing International Airport, and they followed that feat with the creation of one of Beijing's premier hotels. They were dazzlingly successful, traveling in private jets, funding multi-million-dollar buildings and endowments, and purchasing expensive homes, vehicles, and art. But in 2017, their fates diverged irrevocably when Desmond, while residing overseas with his son, learned that his now ex-wife Whitney had vanished along with three coworkers. This is both Desmond's story and Whitney's, because she has not been able to tell it

herself.

This unforgettable novel puts human faces on the Syrian war with the immigrant story of a beekeeper, his wife, and the triumph of spirit when the world becomes unrecognizable. "A beautifully crafted novel of international significance that has the capacity to have us open our eyes and see."—Heather Morris, author of *The Tattooist of Auschwitz* WINNER OF THE ASPEN WORDS LITERARY PRIZE • FINALIST FOR THE DAYTON LITERARY PEACE PRIZE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY REAL SIMPLE Nuri is a beekeeper and Afra, his wife, is an artist. Mornings, Nuri rises early to hear the call to prayer before driving to his hives in the countryside. On weekends, Afra sells her colorful landscape paintings at the open-air market. They live a simple life, rich in family and friends, in the hills of the beautiful Syrian city of Aleppo—until the unthinkable happens. When all they love is destroyed by war, Nuri knows they have no choice except to leave their home. But escaping

Syria will be no easy task: Afra has lost her sight, leaving Nuri to navigate her grief as well as a perilous journey through Turkey and Greece toward an uncertain future in Britain. Nuri is sustained only by the knowledge that waiting for them is his cousin Mustafa, who has started an apiary in Yorkshire and is teaching fellow refugees beekeeping. As Nuri and Afra travel through a broken world, they must confront not only the pain of their own unspeakable loss but dangers that would overwhelm even the bravest souls. Above all, they must make the difficult journey back to each other, a path once so familiar yet rendered foreign by the heartache of displacement. Moving, intimate, and beautifully written, *The Beekeeper of Aleppo* is a book for our times: a novel that at once reminds us that the most peaceful and ordinary lives can be utterly upended in unimaginable ways and brings a journey in faraway lands close to home, never to be forgotten. Praise for *The Beekeeper of Aleppo* "This book dips below the deafening headlines, and tells a true story with subtlety and

power."—Esther Freud, author of *Mr. Mac and Me* "This compelling tale had me gripped with its compassion, its sensual style, and its onward and lively urge for resolution."—Daljit Nagra, author of *British Museum* "This novel speaks to so much that is happening in the world today. It's intelligent, thoughtful, and relevant, but very importantly it is accessible. I'm recommending this book to everyone I care about."—Benjamin Zephaniah, author of *Refugee Boy* *The Things We Cannot Say* *Harlequin Imperfect Tense* is a meditation on language, and the poems in this collection are grounded in teaching, learning, and living between languages and cultures. Much like the imported "dragon fruit," these poems grasp displacement as opportunity; they relish in perpetual outsider-ness as a way inside a fundamentally shared human condition. The first section of three, "Imperfect Tense" is a specific meditation on Americans' pursuits of Spanish as a second language. "Past Tense" revolves around experiences as an English

language and poetry teacher working with immigrant communities. Finally, "Ever Present Tense" is a meditation on the language of family. [Rotten Heart of Europe](#) Tor Books "Europe's divergence from America, on issues like war with Iraq and trade competition, is becoming increasingly ill-tempered. With the Euro flourishing and a European defence force a real prospect, Europe is now a recognizable political entity on the world scene. A population of over 300 million and the world's largest economy have already turned the EU into a super-power, but it is now on the verge of being a super-state. Haseler examines why the new European super-state has emerged, how it will inevitably rival the USA and how the Americans are reacting to this new world player. Super-State explores what this new EU super-state means for the citizens of Europe and their attitudes to America, looking specifically at how Eurosceptic Britain will fit into this new structure."-- Bloomsbury Publishing. Winner of the 2018 Goldsboro Books Glass Bell Award From the beloved New York Times bestselling author of *The Boy In the Striped Pajamas*, a sweeping, heartfelt saga about the course of one man's life, beginning and ending in post-war Ireland Cyril Avery is not a real Avery - or at least, that's what his adoptive parents tell him. And he never will be. But if he isn't a real Avery, then who is he? Born out of wedlock to a teenage

girl cast out from her rural Irish community and adopted by a well-to-do if eccentric Dublin couple via the intervention of a hunchbacked Redemptorist nun, Cyril is adrift in the world, anchored only tenuously by his heartfelt friendship with the infinitely more glamorous and dangerous Julian Woodbead. At the mercy of fortune and coincidence, he will spend a lifetime coming to know himself and where he came from - and over his many years, will struggle to discover an identity, a home, a country, and much more. In this, Boyne's most transcendent work to date, we are shown the story of Ireland from the 1940s to today through the eyes of one ordinary man. *The Heart's Invisible Furies* is a novel to make you laugh and cry while reminding us all of the redemptive power of the

human spirit.

Marta Andreasen is an accountant who says the EU doesn't account for the money it disburses to the projects it approves and she has first hand evidence. She ought to have taken advice on the way her story is written but I cannot argue with the facts she presents. If we want to be ruled by a junta of spendthrift rogues everyone should know how they manage matters, if we don't, we may care to consider what we get out of this monstrous confidence trick. Neither of these alternatives will make you sleep better at nights and so I suppose her story will fall on deaf ears as bad news is never welcome. But you have to read this book if you are a European citizen, if only to discover why no-one knows where your money is going and who is lying about it.
