Always a Soldier But Never G.I. CreateSpace

First published in 1946, "this day-by-day narrative of events on a scout expedition will interest every ex-scout by reviving memories of his own experiences and his fondest daydreams. The contemporary scout will find it fascinating as proof that his own hopes are not beyond realization.

That the members of this party chose an archaeological objective is not vital, for had they been interested in a survey of insect life, small rodents, reptiles, birds, or even wild plants, their story would have been equally interesting. In fact, many other objectives could be chosen, all equally promising, such as making a topographical map, a geological survey, or a study of stream and wind erosion. Finally, a historical program could be devised, such as following the trail of De Soto, part of the trail of Lewis and Clark, or the path of prairie schooners along the Old Platte Trail."—Samuel D. Bogan
